

How do I submit military photos?

1) Click on the military icon on home page.

2) Click on the Create Your Own Photo Gallery Here link

3) Click on the **Add Photos** link

Edit Photos For Military

[Using the Image Editor](#)

Add Photos

Add photos to this Community Gallery as yourself. All photos uploaded will be attributed to you.

4) Select a photo(s) from your computer. Click on the **Open** button on bottom of screen.

5) Photo will upload. You may enter a caption if desired.

The screenshot shows a user interface for adding photos to a community gallery. At the top, there is a blue button labeled "Add Photos" with a camera icon. To its right, a text box contains the instruction: "Add photos to this Community Gallery as yourself. All photos uploaded will be attributed to you." Below this, a horizontal dotted line separates the header from the main content area. On the left side of this area, there is a small thumbnail of a photo showing a man in a military uniform standing next to a red sign that reads "C STAY" and "CoDN 6 ARTY". To the right of the photo is a text input field with the placeholder text "Enter Caption Here...".

6) When finished with adding photos and captions, click on the HOME menu. Then, click on Military icon as in instruction 1.

Your photo gallery should now display in the gallery.
