## A. H. S. Students to Attend Math Contest

Nine Adams students leave today for Bloomington. They are to participate in the finals of the State Mathematics Contest. The contest examinations will be held on the campus of Indiana University in Bloomington tomorrow, April 25, 1953. These students will compete with more than four hundred other students from high schools over the state. They qualified for this honor by having rated well in the Regional Contest held at Central High School on March 28.

Kent Keller, David Jones, and Bill Reinecke will represent Adams in the comprehensive contest. Bob Nelson, Steve Brannan, and Naomi Ross will compete in the geometry contest and Terry Rothermel, Beverly Bourdon, and Pat Wallace will represent us in the algebra contest.

## Howerton to Direct City Music Festival

On Thursday evening, April 30, in the John Adams Auditorium at 8:00 o'clock the Howerton Music Festival will be presented. Mr. George Howerton, Dean of Music at Northwestern University will direct.

The students chosen to sing will be composed of the junior and senior glee clubs from Riley, Central, Washington, and Adams. There will be about 1,000 students singing. Those participating from Adams will be chosen from both the senior and prep glee clubs.

Some of the numbers from a varied program are: "Charlottown," "Beautiful Dreamer," "Skip to My Lou," "The Lord Now Victorious," and the "Battle Hymn of the Republic."

## Engineering Department To Hold Open House

The University of Notre Dame will hold an Engineering Open House on Friday, April 24 from 2:00 to 5:00 p. m. and on Saturday, April 25 from 10:00 a. m. to 1:15 p. m. for boys interested in engineering. Upon arrival at the Circle each student will be given an Open House Program, a map of the campus, and a booklet published by the Public Relations facilities.

Guides will be available for tours through the Engineering departments of Electrical, Mechanical, Civil, Industrial, and Metallurgy, and through the Architecture and Chemical Engineering Buildings, the Aeronautical Engineering Building and the Heat-Power Laboratory.

## STUDENTS TO RECEIVE WORK EXPERIENCE THROUGH COOPERATIVE TRAINING PROGRAM

A work-study training course, similar to the co-operative Office Practice and Retail Selling program, is being proposed in South Bend schools. The employer accepts the responsibility of providing training experience for a trade or occupation through actual employment. The schools holds the responsibility for providing the instruction related to the work experience and additional instruction needed for a well-rounded general education.

Anyone who is sixteen years of age and is interested in entering a trade or occupation which requires special training is eligible to apply for the program.

Some of the trades or occupations included in the proposed program are auto mechanics, cabinet making, core making, drafting, electrical motor repairing, machinist, machine operator, printing (compositor—type-setter), radio repairing, TV repairing, etc.

A student interested in the cooperative program will have his program planned for half day work sessions, one period of the remaining half day scheduled for related training, study, conferences, and discussion designed to help in the chosen occupation. The other two periods would be devoted to the subjects required for graduation.

Any student who will be a senior next September and who is interested in this program should discuss the possibilities with his parents and then secure an application blank from Miss Burns in the guidance office.

## FUTURE NURSES CLUB OFFICERS ELECTED

At a recent meeting of the Future Nurses Club, now officially known as the "South Bend Intercounciling Future Nurses Club," held at the Crippled Children's Hospital, the newly elected Adams officers presided. They are: Kay Cantwell, president; Evelyn Fuller, vice-president; Patricia Connolly, secretary-treasurer; and Kathy Sears, corresponding secretary.

During the meeting, the club approved the proposed constitution and by-laws and decided upon the requirements to be entitled to wear a club pin. Each member must attend 75 per cent of the meetings to warrant this privilege.

The highlight of the meeting was a talk by Mr. J. A. James on "The Hospital Equipment Plan."

## MODEL HEART TO BE USED IN CLASSROOMS

On behalf of the Indiana Heart Foundation, Rev. William E. Clark, D.D., president of the United Fund of St. Joseph County, presented a model of a human heart to Mr. Rothermel. The model was developed by the Heart Foundation research laboratory for use in classroom study. Otherwise an exact replica, it is twice normal size and consists of three hinged sections. It will be used at Adams in both the biology and health departments.

## Adams Walton League Plants 1,500 Trees

Saturday, April 11, the Adams Walton League took part in an annual conservation program at the Isaac Walton League grounds. They planted a total of 1,500 trees of three varieties: scotch pine, jack pine, and white pine. These trees were secured from Medaryville, Indiana State Nursery.

Mr. Ernest Litweiler, club sponsor, directed the planting. At noon the members were treated to a luncheon by the Senior Walton League. The afternoon was spent at various types of recreation on the grounds.

## Sock Hop Set For May 2

The date for the Monogram Club Sock Hop has been set for May 2. Music for the dance, which will be from 9:00 p. m. to 11:30 p. m., will be furnished by the Adams dance band. Dancing will be done in stocking feet on the gym floor, and prizes will be awarded to the persons whose socks are most outstanding. Tickets, which are 50 cents, may be obtained from any Monogram Club member.

## Library Week Announced

This past week was proclaimed by Governor George N. Craig as Indiana Library Week. In the Adams library posters and displays called attention to this fact.

The purpose of Library Week was to inform the communities of the services and resources of the library and to encourage and increase their use.

## Speed Typist to Give Demonstration

Miss Grace Phelan, prominent speed-typist and former World's Amateur Typing Champion, who has been clocked at 165 words per minute, will appear at John Adams today during second hour for an exhibition of her skill and for a demonstration of proper typing techniques. All typewriting, shorthand, and office practice students will witness the demonstration.

GRACE PHELAN

A top electric typewriter operator, as well as winner of many championships on the manual typewriter, Miss Phelan specializes in the illustration of the major differences of technique on manual and electric machines. In her demonstrations, she goes into detail giving phases of correct procedure and emphasizes particularly proper carriage return and the use of the new "magic" tabulator—a combination of palm and finger tabulation.

Miss Phelan's phenomenal typing ability first was noted when, as a high school freshman, she became typing champion of her native state, Pennsylvania. It was her penchant for speed typing that helped her to earn her way through Duquesne University, from which she graduated cum laude.

The New York World's Fair was the scene of her greatest triumph—the establishment of a world's amateur record for speed and accuracy.

An experienced typing instructor, she has exhibited her skill in each of the 48 states, in Canada and Mexico. A specialty of Miss Phelan's is a very entertaining illustration of typing "do's and don'ts."

Her appearances are made possible by the Royal Typewriter Company, Inc.

## AH! TO BE AN ATTENDANCE GIRL!

If you have ever envied the attendance girls you can stop right now. Let me tell you why. I have the thankless job of picking up the attendance sheets first thing in the morning. You should remember that I have only fifteen minutes during sponsor period to hurry from one end of the building to the other, from the new addition to the old, and from the upstairs to the downstairs. This trip must be completed in ten minutes because I have to spend five minutes in my own home room waiting for our attendance to be taken. Granted this isn't too difficult, but it isn't the half of it. Every one has a gripe.

As I was flying past Miss Kaczmarek's room this morning, later than usual, I heard someone say "Good morning." I didn't see anyone in sight so I didn't answer. Then I felt a hand on my shoulder. I got told shortly and sweetly that I was being very impolite by not speaking to the teachers and I must never let it happen again—ever.

Then there is Mr. Krider. He waits until I've gotten every slip from the main hall and just as I start for the new wing, he hangs out his blank. I have to go back to get it. One day I decided to fool him, so I went into his room to ask for the attendance sheet and let me tell you, I've regretted it to this day. He invited me in, sat me down at his desk, and didn't even ask what I had come for. He went on, calmly, lecturing to his juniors about being responsible and prompt.

Just the other day I was told that I must be more careful about the way I remove the papers from the hook on the wall because if there is anything a teacher doesn't like it is a messy attendance sheet and one that is so torn she can't find a place to hang it the next day.

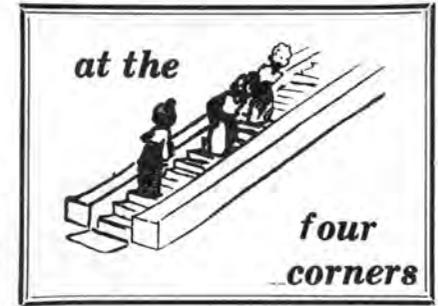

Let me tell you about the straw that broke the camel's back. I was told this morning to hurry because the girls who take attendance first hour have only forty-five minutes to work and after all they can't be expected to do everything, can they?

—Mari Anne Reish.

What will you miss most upon leaving Adams?

Sylvia Moran—"The Oriole."  
Shirley Macuiski—"Cheerleading."  
Joan Garwood—"Basketball."  
Colleen Callsen—"Getting up with the birds to warble."  
Lorena Rose—"Fred!"  
Nancy Habart—"Eating in the cafeteria."  
Bob Bock—"Beautiful babes and track."  
Mari Anne Reish—"Being called 'Rash' by Mr. Crowe."  
Eleanor Earl—"Hearing all the latest gossip."  
Jean Woolverton—"The radio during Album."

Interesting developments as a result of the first Soci trip (the results of the second one haven't been released yet): **Joyce Barrell, Phil Long; Shirley Bull, Jerry Jennings; Thelma Demler, Chuck Apelgreen; and Eleanor Earl, Roger Stouffer.**

In the steady category are **Mary Orzech** and **Tom McHenry, Hubert Goodin** and **Barbara Longstreet** (St Joe Academy), and **Sally Buchanan** and **Jack Sostack.**

Best wishes and a speedy recovery to **Pat Dempsey** and **Paul Rice** who are spending a little time in the hospital.

Did you know that the onion is a member of the lily family?

Is they is or is they ain't?—**Joanne Koher** and **Bob Klowner.**

**Senator McCarthy** should bring his investigating committee to Adams. We have a very suspicious character in the halls—**Comrade John Pence.**

Seen dancing recently—**Sue Armstrong** and **Paul Elliott, Mary Alice Wilhelm** and **Bob Beutter** (Mishawaka), **Carolee Smith** and **Chuck Hatfield** (Riley), **Janet Burke** and **Jack Brandt.**

Did you know that potatoes, egg plants, tobacco, and tomatoes are members of the same family?

Wanted: a car to take **Sue Armstrong, Jo Ann Rapp, Audrey Dempsey,** and **Jewel Reitz** to track meets.

Did you know that American peas originated in southern Europe and southwestern Asia?

**Jean Haefner** seems to be getting along well with her Mishawaka friend, **Bill Ivres.**

An incident in French—when asked if his hands were black or white, one of the fellows remarked, "I think they're just in between."

Did you know that cabbage once grew wild on the shores of Britain?

The shorthand II class elected **Jerry Flanagan** "Chief Ink-bottle Opener."

Our sympathies to **Dave Beiser**, he is still trying to "make something out of World Literature."

The best informed "parking" attendant at John Adams is **Mr. Reber.**

Together again: **Punky Crowe** and **Tom Goldsberry.**

## SOMETHING TO BE PROUD OF

If you have ever dreamed of excitement, drama, and romance, I suggest you become the cashier in the lunchroom. Day after day I watch 500 Adams students file past me. It is exciting to see a wayward tray slide gently to the floor or the drama portrayed by the girls as they carefully count the calories at the end of the line. Then there is the romance; the romance of the girl and the boy as they slide their trays down the rails and the boy leans toward me and tenderly says, "Put it all on one bill, please."

Of course the job of cashier has its dull moments too. The dullness of ringing up 35c plate lunches for an hour at a time or waiting for teachers to make up their minds at the salad counter. But of course every job has its drawbacks.

Aside from the more humorous incidents, there are those observations that give me a feeling of pride in being a part of John Adams. Everyday I see examples of honesty, friendliness and courtesy that can happen only at Adams. Sometimes I overlook an ice cream bar or a cookie and the student will call my attention to the error.

In the lunchroom there is a congenial atmosphere at all times. Students and faculty are always willing to co-operate with each other and one another. Many times I have seen students invite teachers to break the line.

It all adds up to a new found pride in Adams. A pride I found through my observations as lunchroom cashier.

—William Clark.

## ARE YOU GUILTY?

For some unknown reason there has been a change in many of us. This change has resulted in a decided slack in study and resulting low grades. What is the cause? Spring fever? Senior-A-itis? Whatever it is it's about time something is done about our laziness and lack of interest. The teachers are "preaching" about it and home life hasn't returned to normal since report cards were issued April 7.

The weather isn't spring-like and yet we go to sleep in class. What will happen when the weather is warm and sunny? Will the school close just because we don't have the ambition to prepare for our classes? Don't kid yourself! The teachers will get tougher and we'll suddenly wake up to find final exams staring us in the face without the slightest knowledge of the subject matter.

With the help of God and the outfielders we might pull through and we might not. Before that happens, let's start hitting the books but good and bring ourselves out of that hole we are in.

—Luce Williams.

**Mary Alice Wilhelm**—"My good old pal "Mr. Reber."

**Carolyn Donaho**—"Getting up at seven every morning."

**Sharon Rickert**—"Hearing the bark of my favorite gym teacher."

**Joe Kreitzman**—"Let me think awhile."

**Carol Gross**—"All the good times I've had and all the friends I've made."

**Ann Duncan**—"Food in the cafeteria."

**Naomi Penrod**—"Worries."

**Fred Laas**—"Lorena, I suppose."

**Joyce Barrell**—"Those crazy gym classes."

### The Week's Eagle

Richard Lee Wallace, who is past president of the Ushers Club and is now sergeant-at-arms of the Hi-Y Club and sports editor of the TOWER, was born July 18, 1935. Dick jokingly claims he is a descendant of Sir William Wallace of Scotland. He (Dick, not Sir William) stands five feet, eight inches tall and has brown eyes and brown hair. The basketball team gave him the nickname of "Words" because of his "wordy" sports column.

Outside of school Dick is kept busy as an officer in DeMolay, and a member of the River Park Methodist Church. He enjoys all sports, particularly basketball. He likes to spend his spare time eating chicken and french fries. His favorite band is Guy Lombardo. He enjoys listening to hill-billy music and likes to hear Dennis Day sing, "When Irish Eyes Are Smiling."

Dick plans to go into the field of business and he hopes to enter DePauw University next year. His favorite class at Adams is public-speaking. His favorite movie was "The Monty Stratton Story." Dick's favorite radio program is the "Hit Parade," and favorite TV program is "Sid Caesar." His ideal girl should be dressed in a dark gray skirt and a light gray cashmere sweater, have brown hair, and be around five feet, five inches tall. Dick admires a person who is sincere, honest, and friendly. He dislikes one who is a show-off or who is indifferent. On leaving Adams Dick says he will miss all the friends and good times he has had here.

### IT HAPPENS TO ALL OF US

Do you know of the warmth within me when we're together,  
The quickening of my heart at the sight of you,

The happiness that causes laughter to beat against my throat like the wings of a wild bird in a cage?

Do you know of the gaping, aching loneliness within me when we're apart,

How the whole of me reaches out to you,

How many psyche wanders through space in search of you—longing for you?

Do you know that there's an emotion within me,

More profound than anything I've felt before,

And it is coupled with a frustration that saps my energy and kneads my brain?

Do you know these things and feel them too?

When we're in a crowd and you stay constantly at my side, speaking softly, touching my hand lightly, Gently you persuade me that you do.

When we sit quietly alone, sharing

Introducing, Mr. LaMar Worley, student teacher working with Mr. Krider. He hails from South Bend and John Adams (class of 1949). In fact, he was once a student in the same room where he is now helping to teach. He is also assisting Mr. Krider and Mr. Nelson with the track team.

A senior at Indiana University, Mr. Worley's major subject is English and his minor is history. Uncle Sam will claim him upon graduation in June. After this military stint, he plans to continue his teaching career. His likes include steak and basketball. He has no particular dislikes.

Mr. Worley finds that the things most changed about Adams since he was a student here are the new addition and, of course, the long-awaited lunchroom.

our innermost thoughts, ideals, and interests,  
Finding how much alike we are,  
Then so I believe you feel the same as I.

—Barbara Fine.

### N.I.H.S.C. ELECTS ROTHERMEL

At the semi-annual meeting of the Northern Indiana High School Athletic Conference, composed of the principals of the high schools in the Eastern and Western division held Friday night, April 10 in the Michigan City High School, Mr. Russell Rothermel was elected president to succeed Mr. George Burman, principal of Whiting High School. Mr. Donald Dake, principal of Riley High School, was elected vice-president. Mr. P. D. Pointer, principal of Central High School, and Mr. John McNamara, principal of Washington High School were appointed to a six-man committee.

## TRACKSTERS FINISH 2ND IN TRIANGULAR

The Eagle tracksters were soundly trounced by the LaPorte track squad (who incidentally placed 3rd in the conference indoor and the fourth in the Goshen relays). But in turn we soundly trounced Gary Emerson. The running score was as follows: LaPorte 81, Adams 49, and Gary Emerson 7.

The Eagles that led our attack and copped points for the Eagle cause were: Dick Wedel, 2nd in the 100-yard dash and 2nd in the 220-yard dash; Bob Osman, 4th in the 100-yard dash; Dick Shaw, 4th in the 220-yard dash; Bob Bock, 2nd in the high hurdles and 3rd in the low hurdles; Joe Kreitzman, 1st in the 440-yard run (55.8); Dave Beiser, 4th in the 440-yard run; Tex Olszewsky, 1st in the 880-yard run (2:08.6); Roger Jurgovan, 4th in the 880-yard run; Jones, 2nd in the mile run; Troeger, 3rd in the shot-put and tie for 3rd in the broad jump; Thompson, tie for 1st in high jump (5' 6") and tie for 3rd in broad jump; Scott, tie for 3rd in the high jump; Timothy, 3rd in the pole vault; and Grimshaw, tie for 4th in the pole vault.

In the relay events, Adams finished second to LaPorte in both the mile and the half mile. One of the reasons for Emerson's low score was the lack of entrants in many of the events. The meet was run on the Kiwanis Field in LaPorte on Thursday, April 16, after it had been rained out on the preceding Wednesday.

## Goshen Relays

John Adams had a rough time at the Goshen relays on April 18, as we finished 13th, and took only one individual place. This was taken by Jerry Thompson who placed third in the high jump. Our medley relay team also won a ribbon by placing second in the first race of that event.

Other South Bend teams and their places were: Central, 11th; Riley, 12th; and Washington, 15th. For the 6th straight year a Gary team walked off with the top honors. This year it was Gary Froebel with 47 points. Other top teams included: Elkhart, 41½, and Hammond, 39.

## Eagles Maul Bears; Lose to Maroons Adams Golf Team Drops Two Matches

### ADAMS 15, CENTRAL 3 MISHAWAKA 4, ADAMS 1

In their second outing, the Adams Eagles, barred their claws to rip the Central Bears 15-3 at school field. The Eagles scored three runs in the first inning on a walk, a hit batsman, and three singles.

Adams got two more singles in the second frame, but no runs. The Bears were held to one walk in the first two innings.

Central scored once in the third frame and twice more in the fourth to tie the score 3-3, but that was the extent of their activity for the day.

The Eagles scored seven times in the top of fifth on just two singles. Included in the inning were four Bear errors, a hit batsman and three walks. The Eagles batted twelve men in the frame with Tom Goldsberry's single and an error on the play driving in the last three runs. Jim Halterman got the other hit.

The Eagles scored two more in the sixth when Fred McCallister and Jack MacMillan walked and scored on successive singles by Jerry Flanagan and Dick Gibboney. The Eagles pushed across three more runs in the seventh to end the scoring. Halterman walked, Brown doubled, Klotz walked, and Flanagan and Gibboney were safe on errors in the inning.

Tom Goldsberry went all the way in gaining his first victory of the season. He struck out ten Bears along the route. The Eagles out-hit the Bears eleven to six over the seven innings. Overall twenty-seven Eagles reached base to fourteen for the Bears.

The Adams Eagles dropped their first Conference baseball game of the season to the Mishawaka Maroons by a score of 4-1. The game played in last Friday's frigid weather was featured by the fine pitching of Mishawaka's pitcher Paul Smith who held the Eagles to three hits.

The Maroons scored three times in the second inning on two walks, a sacrifice, a double and a single. Smith faced only six Eagles in the first two innings as Adams failed to get a man on base.

In the third frame Don Ball singled with two outs and moved to second when Jim Riddle was safe on an error. Both runners advanced on a wild pitch, but were left stranded when Smith got Jerry Flanagan to pop out.

Mishawaka scored again in the fourth inning on a single by Kocsis and a double by Catanzarite to take a 4-0 lead. Neither team scored in the fifth as Cowen got Adams' second hit.

Adams scored its lone run in the sixth frame when Riddle walked, moved to second on Flanagan's single, took third on an error on Brown's infield grounder, and scored on a balk. This was the Eagles only successful inning as they put four men on base. The pitchers had control in the seventh inning as no one reached base.

Jim Riddle went all the way for the Eagles, giving up seven Maroon hits and striking out six. Adams had only four strike outs, but most the time they hit the ball right to a fielder.

The John Adams golf team opened its season Monday, April 13, against Central. Coach Kermit Thompson has only one returning varsity player from last year's squad, that being Tom Angus. The varsity players and their rankings as they played in their last match are as follows: 1. Don Seach, 2. Tom Angus, 3. Jim Nace, 4. John Steinmetz, 5. John Meehan, and 6. Tom Henson. The "B" team consists of Tom Horka, Mike Ross, Bob Root, Al Flack, Jim Haines, and Don Zombik.

Thus far in the season the Eagles have not been too successful having been defeated by Central in the initial contest which was played on the Erskine municipal course, by a score of 15 to 0. In their second match, which was played against Mishawaka on April 16, they were beaten 13½ to 1½. This match was played over the Eberhart-Petra municipal course. Dick Coppens of Mishawaka took medalist honors with an eighteen hole total of 75. Low man for Adams was Angus who carded an 88. Adams' scoring was done by Steinmetz who picked up one point and Nace who added one-half of a point. A summary of the scoring follows: Leonard (M) 77, 3; Seach (JA) 92, 0; Coppens (M) 75, 3, Angus (JA) 88, 0; Mullin (M) 79, 2½; Nace (JA) 90, ½; Coryn (M) 97, 2; Steinmetz (JA) 105, 1; Wickham (M) 77, 3, Meehan (JA) 101, 0.
