Hi Friends! Isn't it amazing we've known each other almost 40 years?
Haven't we been blessed! It's been great seeing many of you throughout the
years. Ed and I are still enjoying the country life, our pets, church activities,
and hobbies. Sadly, my brother, Roger died in February this year and my
mother, four years ago. It's sobering to realize we are now the older
generation! May the Lord bless you and keep you all until we meet again.
P.S. Thanks to Mary Ellen, Larry, Judy, and rest of the committee for all your
work this year and in all the years past. You all have done a great job keeping
our class in touch.

In addition, membership and experience seem to bring opportunities for leadership on several state and local boards of social agencies. With three adult daughters (two married and one looking) we have also been enjoying grandparenthood and new relationships with our daughters. The 35 years that have passed since the days at Adams High have been good to the Koto family. Edwina and I will be married 21 years in June and are thankful for all of the happy events that have happened, particularly our three children.

This past fall, Karn moved from home and went to college---1.3 miles away to the University of Michigan. Not many students can walk home to do their laundry! She is a happy kid and doing well, both in her studies (for some presently unknown career) and in her sport--synchronized swimming; she finished sixth in the Collegiate National Championship Meet -- pretty good for a freshman! Erik is a junior in high school and is doing wonderfully. He is a most pleasant kid and a joy to be around. Karl is an 8th grader and is a very active kid trying to do everything possible except school work. This summer he will, hopefully earn his Boy Scout Eagle award by working on a lighthouse restoration project on an island in the Straights of Mackinaw.

I am a Product Planner for the Ford Motor Company working on the 1993 Ranger pickup truck and liking the job very much, but looking forward to retirement and the endless list of projects and adventures that we have assembled over the years. Retirement, however, will wait a few years do to the need to support college expenses.

My husband retired from the South Bend Police Dept. in 1981 and became
the Chief in Walkerton in 1984 so we moved to Koontz Lake, which is

about 6 miles south of Walkerton, in 1986. Three of our five children live in Indianapolis and living at the lake serves as quite an attraction for them to visit frequently. I have been Payroll Manager for South Bend Lathe since 1987 so travel back to South Bend on a daily basis. We have two grandchildren, 10 and 7 years and look forward to a whole bunch more. Looking forward to seeing everyone at the reunion.

As always, I lost the forms you sent but here goes anyway. Hobbies are boating, antiques, and antique cars, jogging, member of North Shore Club--working out is a big part of my life. I'm an Operating Engineer presently working on the Chicago Deep Tunnel. Judy sells to such people as Nancy McMahon, Mrs. Ditka and Mrs. Michael Jordan. Children Marc and Eric are North Shore Playboys so we have no grandchildren yet. It's amazing how intelligent they have become and how stupid I have gotten. J.R. is our Doberman with one ear going up and one down. J. R. can talk or let's say an educated bark and is two. He runs four to five miles a day with his Papa and is my pride and joy. Oh, my wife's hobbies are women's clothes--you name it--she got it. Thanks.
