So often I reminisce about you all and the good times we had at John Adams, and I will be thinking of you again on July 7, 2001. I'm sorry I won't be there. Ed and I are thankful for good health, good friends, and a good life. We enjoy church and community activities. My newest venture is a small booth in an antique mall. I also still paint some and am active in the Knoxville chapter of the Society of Decorative painters. God bless the Class of '56!

Mr. Richard W. Bare

Judie and I are both still active in our distribution business (MITEC), however, I have retired as an active CPA. As a result we spent most of the past winter in Florida. Great Fun.

In June (01) we are taking our entire family to England for our 40th anniversary. We go to a place called Walworth Castle. Judie is a Walworth and it dates back to her ancestors. Since I missed the last reunion, I am looking forward to seeing everyone again in July. Is there any chance we could have a tour of the school?

BARNES, Larry Kent

(219) 272-5172

Mr. Larry K. Barnes

I am fine; thank God, just older and fatter! I spend my winters in San Diego but still have the same house in Granger I have lived in for over 31 years. My girls are grown, one married and living in Chicago, the other doing her PSYD studies in Atlanta. I take as many trips a year as I can and just enjoy life as a single person. Hope to see many classmates at the reunion this year.

Mr. Wayne R. Benner

For the past three years I have been splitting my time between San Diego and Honolulu. I always enjoy being in Honolulu, but living part time in California now gives me a chance to do and see different things. I especially enjoy being able to just get into my car and drive to some neat places in the Western part of our country whereas in Hawaii the places to drive are definitely limited.

Since my parents, who are both still living, moved to Ft. Myers about 10 years ago, I have only been to South Bend once since that time. I understand there is a new Nuner School. In fact if my memory is correct the new Nuner is located on property that once had a large hill that we would slide down when there was snow or mud. Anyone remember that? I have always felt those of us who attended Nuner were fortunate to have been there. I hope you all have a wonderful 45th class reunion.

Spouse: Dale

Mrs. Dale E. Rems

We moved to Florida last summer and we will be coming to Indiana in August this year. Our son and family are expecting a baby in August. We are headed for Hawaii in July. We are now living in an over 55 retirement community and just love it. We play golf almost every day. We are an hour away from Disney and Orlando so we do a lot of day trips. Dale has been fighting cancer for the last ten years and he couldn't take the cold weather up north. At this time, we are both doing well. Hello to everyone, have a great time at the reunion.

Mrs. John P. Thurin

This past year has been a tough one for me. In October of 2000 I lost my brother, Bruce (class of '61) to a heart attack, in December I had angioplasty and stent placement, then in April 2001 I lost my mother to cancer. In spite of the heartaches of the moment, we have many blessings to be thankful for to include our 12 beautiful, healthy grandchildren. Our children and their spouses are healthy and doing well. John still running the agency and I help when I am not too busy doing other things.

Wow! How do you condense 45 years into a few lines? After spending all of my school years (including college) in South Bend, things sure changed after marriage. We've lived on both coasts and a number of points in between. Ken bought a company in Rockford 12 years ago so we're in our present location to stay. Two daughters and two grandchildren nearby keep us busy. Since I retired from real estate six years ago, I find time pt play duplicate bridge twice a week at our local bridge club. N. D. games and family take us to South Bend from time to time, but I've only made it back to one reunion. Hope life is good for all of my fellow classmates.

Mr. James W. Karling

Since our last reunion we have sold our accounting and consulting business, "Karling and Associates", although I am still involved on a fairly active basis. Last year we also sold our home in Danville, California and built a new place in a golfing community east of Sacramento. The main reasons for the move were to be closer to our two granddaughters and to put some distance between the office and me.

We continue to spend a significant amount of time at our place on Lake Michigan north of Traverse City. We just returned from our first trip out there this year as well as going to Orlando for a the every three year gathering of the retired partners of Ernst & Young. Both of our daughters and their families live in Northern California so we are very fortunate to be able to spend lots of time together. Marge and I have had some ups and downs as far as our health is concerned but we are both doing quite well currently and just enjoy our families and friends. We are really looking forward to seeing everyone at the big forty-fifth.

In August, Edwina and I will be married 31 years. Two of our three children are in their second year of a masters program at the University of Michigan and the third is traveling in Asia for a year before starting graduate school in 2002. After 33 very satisfying years, I retired from Ford in 1997 and I am now enjoying retirement. We will remain in Ann Arbor, but we will spend the winter in Boynton Beach, Florida (please look us up if your are in the area). We enjoy traveling, camping and biking, and our daughter and I have just finished a 200 mile bike ride in the hills around Napa Valley. I am also busy restoring cars, and working on a endless list of projects. If I have ever excelled in anything, it is adjusting to retirement!

I retired October 2000 due to health problems and have lots to catch up on around the house. I have Sjogren's Syndrome and Lupus. I'm working at trying to find proper medical care for these 2 autoimmune diseases. Armed with my mini-medical degree (which can be framed) and lots of determination I'm going ON-Line. In 60 plus years of studying these diseases, they haven't learned much. So I'm going to see what I can accomplish. Larry is still working at Mishawaka Gates Chev. (40 years) and is still tinkering with antique cars, of which he owns a few. Everything else is still the same.

Fred hurt his shoulder and will have rotator cuff surgery in June.

Marsha and Fred leaving on a huge vacation (which has been in the plans for a year). Cruising to Alaska and then a four day train trip before arriving home. Marsha's SLE (Lupus), caused her a setback three years ago when it attacked her hear, now she has a pacemaker, which didn't slow her down for long. (She's a tough ole gal!) Marsha still working part-time 4 1/2 hours a day. Fred has retired and loves it. He assumed many of the house chores which makes it easier for Marsha. This old age stuff not too bad here. Other than all this we are fine. have fun, I'll be thinking of all of you.

Mr. Gerald Steinfeld

I am now a grandfather and 2/3 of the way on #2. Still single and enjoying bachelorhood. Insurance selling and financial planning are still my game. Occasionally I help my son who has a limousine business

Leo and I are doing well. We are pretty much retired now and enjoying it very much. We have 4 wonderful children and in-law children, who have blessed us with 12 "Beautiful" grandchildren, ages 18 to 4. We like to travel, had a great vacation in Arizona last year and this year will be Florida, with a few side trips in between. Life has been very good to us!

I have been retired since 2/98. I still don't have enough time for some of the activities that I participate in. Right now, much of my time is spent bowling with the senior group 4-5 times per week and I do yard work every morning while it's cool. I fast walk at least 5 times per week (2-3 miles).

I'm cool. Due to restructuring, down sizing, etc., I was laid off in 2000. I fortunately got a nice severance package. I'm trying to decide if I want to retire-or go to work and practice retirement while on some companies payroll.

Since our last reunion, we have experience both great sorrow and great joy. We lost our youngest daughter, at age 25, after a four-year battle with ovarian cancer. We celebrated the birth of a new grandchild "Maggie". That totals up to four grandchildren now.
