Steve and I will celebrate our 25th anniversary this summer. John Adams High School has a very special place in our hearts since that is where we met as freshmen — at a Christmas Vespers rehearsal — back in 1957.

Since our last high school reunion we've been busy surviving our children's teenage years. Our son is at Principia College in Illinois and our daughters are in high school.

Steve has been with Hewlett-Packard for 21 years. He is currently Marketing Administration Manager. I'm an elementary school secretary at a very innovative "open" school. Our lives are centered around each other, our 3 children, 2 cats and 1 dog, friends, church, and very special community. We love living in California — in spite of the earthquakes.

Since our last reunion, there have been very few changes in my life. Same husband, children, job, home, dog, we even have the same cars. Had hoped to be rich by "almost" 50, but maybe that comes with age.

The question I'm most often asked is, "How is your Dad?" I'm pleased to tell you that he is doing just fine. He and his wife, Marty Campbell, (Mark's mother) live in the Adams district, allowing him to walk or bike to the YMCA. Dad has had three hip replacements and can now only bicycle 45 miles at a time! Forced retirement occurred about 4 years ago, but he continues to substitute in the area. I'm sure he will be at this reunion as he is at many others.

Worked as a patternmaker before starting my own business - B+B Specialties, Inc - where we manufacture parts for Giant Scale Radio-controlled Model Airplanes. So I guess you could say my hobby became my business.

My family includes: my wife of 27 years, Virginia - who does all the paperwork at B+B.; our son Jeff (22), a 1991 graduate of I.U. Bloomington, who will be leaving the nest to work for E.D.S. (Electronic Data Systems) in Dayton, Ohio as a computer systems analyst.; our daughter, Jennifer (20), a junior at I.U. Bloomington, who also plans for a future career in business. So I guess you could say my kids and my paychecks go to I.U.

I will offer a brief overview of my life during the last 30 years. I attended barber college and subsequently earned my journeyman license. I served 8 years in the U.S. Air Force including one tour in Vietnam. I worked for 2 years on the National Ski Patrol in Alaska where I also competed as a downhill racer. I was involved with custom cars, motorcycles and traveled in the midwest show circuit. I built my own custom motorcycle and drove it until some idiot in Mishawaka ran over the top of it with me on it. I am actively involved in the sport of scuba diving and have tried sky diving once (once was enough). I am an assistant instructor at The Hammondsport Ju-Jitsu Club. I am also a practicing magician and member of the Society of American Magicians. I am currently employed by The Dept of Veterans Affairs at a V.A. Medical Center where I operate the dental Laboratory. I am a Certified Dental Technician. I married in 1972 to a lovely lady whose name is Margaret (Margee), we have two sons, Michael (16) and Marc (13).

IN MAY OF 1990 WE MOVED TO AN ADJACENT NEIGHBORHOOD (THIS KEPT DIANE IN THE RILEY DISTRICT). BOTH GIRLS ARE STARTING TO DATE - AND DAD ISN'T SURE IF HE IS READY FOR THIS.

THE NATURE OF MY WORK INVOLVES A LOT OF TRAVEL AND I CAN TAKE THE FAMILY ON SEVERAL TRIPS DURING THE YEAR. OUR LARGEST CUSTOMER IS BOEING IN SEATTLE, SINCE THIS IS NEAR CAROL'S PARENTS WE OFTEN VISIT.

I WAS ABLE TO ATTEND THE ADAMS 50TH ANNIVERSARY OPEN HOUSE. RUSSEL ROTHERMEL WAS THERE AND LOOKED GREAT, THE MEMORY BOOK WAS AN EXCELLANT IDEA AND QUITE A TREASURE. I MUST ADMIT, WALKING THROUGHT THE HALLS, VISITING OLD CLASSROOMS, VIEWING THE TROPHIES WAS QUITE REMOTIONAL, I HELD UP PRETTY WELL - UNTIL I SAW SHERRY CLARKE'S PICTURE IN THE HALL IN HONOR OF OUR PAST VALEDICTORIAN'S. IT WAS A JOY TO BE THERE.

I LOOK FORWARD TO OUR 30TH RE-UNION. WE HAVE A LOT OF TALKING TO DO.

Since my graduation from Adams High School in 1961, I have been around the world. I joined the Air Force in July 1961 and after basic training I attended Technical School at Keesler AFB, MS. After completing Technical School I was stationed in beautiful Taipei, Taiwan. From there my military career took me to such places as Orlando, Fl., Anchorage, AK., back to Taipei, Taiwan., Bunker Hill, IN., Plattsburgh, NY., and Omaha, NE. I retired from the military service at the early age of 38 and had earned a Masters Degree from Plattsburgh State University of New York, in Guidance and Counseling. After retirement in August 1981, I was basically unemployed until April 1982 when I went to work for the Federal government as an Education Specialist at Shaw AFB, SC. I was there for only 18 months and then I went to to wonderful country of Germany with my wife Jean whom I married in April 1966. We were accompanied by our two lovely children Eugene and April. We had a beautiful time in Germany and toured throughout Europe. We stayed in Germany for five years and then returned to Shaw AFB in November 1988. This time I only stayed at Shaw AFB about 16 months before I was hired as the Education Officer at Myrtle Beach AFB in Myrtle Beach, SC. Myrtle Beach is a beautiful city located on the Atlantic Ocean, however, the base is scheduled to close in about two years. I will probably return to Shaw AFB, which is about 100 miles from Myrtle Beach AFB. I'd like to say hello to all my friends of the graduating class of 1961 and if any of you would like to call me at the above phone number, I'd love to hear from all of you.

After graduating from St. Mary's in '65' with a teaching degree, I decided I wasn't ready to face high school seniors head-on and briefly flew for United Airlines out of San Francisco. Less than 6 mos. later I married my college sweetheart and we moved to Fairbanks, Alaska where he completed his military service as an artillery officer. (One of the reasons he says he can't hear me today)

In 1969 we returned to his home of St. Petersburg, FL where he eventually ended up with Merrill Lynch. Because new brokers started in the early 70's, I went back to school and became an R.N. graduating in '76. (Teaching still terrified me) After 4 yrs. working for a surgeon and 3 more in Medicare Home Health and an upturn in the stock market, I took up child-rearing full time.

But as our children (Tori, a recent Duke graduate) and Billy (currently at Denison in Ohio) needed me less, boredom set in.

I now work 20 hrs. a week as coordinator of volunteers + mgr/ buyer (also sweeper, duster + mender of the chipped + broken) in our Museum of Fine Arts Gift Shop.

We often week-end on our boat but "I don't do lines."

We've been Floridians over 24 years + recent stats quote that it averages over 120 days a year here in the 90° range. Whew! We're tempted to drift northward but once you've left snow you just can't go back again. My best to you all!

P.S. High school seniors still make me paranoid!

P.P.S. The last time I typed was in Miss Knoll's class —

The best thing that has happened in my life is finding Jesus Christ as my Lord and Saviour and having Him direct my life. It is always a joy and a privilege to share Christ when the opportunity arises.

Our three children are in college. Heidi is in nursing at Ball State and has been dating the same boy since high school. Matt, her boyfriend, is going to be a math teacher and a coach. They make a neat couple.

Dee is going to join his sister at Ball State this summer. He has been working for Long Term Care and attending IUSB in law.

Lincoln has been attending Holy Cross in accounting and business. He will go to IUSB in the Fall. He does all the work at home that his Dad doesn't have the time or energy for anymore.

Our family also includes two cats, Pepper and Little Meow and my faithful companion, Rebel, a large Black Lab. We have also had a variety of young people who have made our house their home for^a short period of time.

Heidi and I owned a horse for two years. He was a sweetheart, but he got colic and we had to have him put down.

I have Multiple Sclerosis and belong to a wonderful support group. The Lord has kept me going even during the bad bouts and I feel that actually the MS has been a blessing because I really appreciate everyday that I can function.

Both of my parents have died, but I look forward to seeing them in heaven.

Two years ago my daughter, her best friend, Carrie, and I went on a 5 day horsepacking trip into Yellowstone. It was beautiful and I'd loved to do it again for a longer period of time. The wilderness is super.

My husband and I spent a month in Arizona this year. He took a plane and I drove so I got to stay longer and see places I had been reading about since 8th grade. It was a good change of pace and I hope we can go again next year.

Presently I am working to save a wetlands area. I also volunteer at Reins of Life. I still work for my husband of and on. Life is so precious.

Looking forward to seeing all of the Class of 61! How could it be 30 years?
I am still 39! ☺

I lived in Midland, Tx. from the summer of 1981 until the spring of 1985. I worked for an Interconnect Telephone Company while in Texas and traveled to many interesting places throughout the state. I was rehired by the South Bend Community School Corporation in 1986 and work for the Division of Support Services in the Education Center. I have the pleasure of working with a number of 1961 Adams graduates daily.

My parents celebrated their Golden Anniversary in 1989, are both in good health and reside in Deland, Fla. I have four sisters and two brothers that live in the So Bend / Mishawaka area and one brother residing out of state.

My oldest son is married and serves in the U.S. Air Force and is currently stationed in San Antonio, Tx. My youngest son is unmarried and resides in Mishawaka. I have a lovely four year old step-granddaughter in Texas and hope to have more grandchildren before our 40th reunion.

I'm looking forward to seeing many old friends in July 91.

I graduated from Ball State University in 1966. My first teaching job was in Frankfort, Indiana. I taught at Clinton Prairie H.S. teaching business education and coaching Football-Basketball and track. In August of 1969 I left for the sunny state of Florida. I taught Physical Education classes and coached there for three years. During that time I married Yvonne Sutton in 1971. In 1973 I became a teacher at Crystal Lake Junior High School in Lakeland Florida. I got my Masters degree from the University of South Florida in 1978. Currently I teach seventh grade mathematics. I also coach track and tennis in addition to serving as Athletic Director. We own some land in the North Georgia mountains and upon an eagerly awaited retirement in 1999 we plan on moving there.

Not a lot has changed. Still living in the same house. Children are older and thru College, one more to go!

I have taken up photography as a hobby and wish I could attend the reunion so as to take pictures. We will be on a "family" vacation. I've achieved minor success with photography on the amateur level.

Hope everyone has a nice time and maybe I'll see all at the next reunion!

I have been an ARIZONA DESERT RAT since I headed west in 1961 after graduation. (Except for the couple of years I spent in Los Angeles attending ART CENTER College of Design studying automotive & product design; and, the 6 mo. I spent in Texas impersonating an Air Force X-ray technician)! In 1971, I graduated from the University of Arizona with a Bachelor of Architecture, and, over the years have enjoyed my own Architectural design & development company, specializing in residential & small commercial ventures. In 1980, I acquired an Hawaiian Architectural license & opened a Honolulu 'field' office.

My interests include woodworking, painting, auto restoration & vintage auto racing. It's been exciting-the last 2 years I've driven my restored '52 Pontiac (with a stars & stripes paint job!) in the historic La Carrera Panamericana 2000 mile Road Race through Mexico.

I have a great daughter in high school who also enjoys art & design. I'm looking forward to visiting Indiana after all these years & attending this reunion!

Graduated U.S. Naval Academy 1965. Entered submarine service via nuclear propulsion submarine training. Served on seven submarines, commanded two. I've circumnavigated the world submerged, sailed under and stood on arctic ice, visited foreign ports from Perth Australia to Ascension Island, lived in nine states and spent about 8 years underwater. Now I work for Dick Cheney, driving a clock.

Married Sherry Simmons in a military ceremony, complete with crossed swords and horse-drawn carriage (in 1966). She has born my children (I wasn't around for the launching even if I helped lay the keel), fixed my car, mowed my lawn, sold homes and dogs, and taught school, done volunteer work, etc ad nauseum. Along the way we've both earned masters degrees, worked in numerous jobs and fields, stayed active socially and in the church. But the golf clubs are rusted, the skis are buried in the basement, et al. (A couple of teens ~~and~~ can do that to parents.) I retire from the Navy this summer, ending the odyssey to search for the place.

Can't believe it has been 10 years since I attended our 20th AHS reunion. Since then I've become an archaeologist and worked on digs and rock art recording projects on Easter Island, Costa Rica, Baja Mexico, and Sweden. I teach at university adult programs in Los Angeles and lead archaeology tours, mainly to the American Southwest and Mexico.

In the last 10 years too, I've written three books and hundreds of magazine and newspaper articles on prehistory, archaeology, and travel. I've traveled extensively to research those stories. Favorite areas are Kenya, the South Pacific, and Australia.

I do a lot of public speaking to promote the books, and I give seminars on writing, success, and self esteem.

My husband of 23 years, Tom, is a writer too, and in public relations. Our daughter Kristin is graduating from high school this year (June '91). She will be a freshman at the University of California at Santa Barbara in September. Our son Ted will start high school at the same time.

I've lived in the Los Angeles area most of the 25 years since I left Indiana to begin graduate school here (USC). I've also lived in Australia for two years and spent part of a another year traveling by land around the world.

We live in the foothills of the Santa Monica Mountains, 10 minutes from Malibu beaches. We lead very active lives: run three miles a day, also hike, bike, sail, and snow ski. We also actively support the arts in L.A. Yes, there ARE some!

Wish I could join you on the 4th. Although I haven't been to South Bend in 10 years, I am actually planning to be there around July 20th. If any of you are still reading this and will be there then too, PLEASE contact me through my cousin Diane Young: (219) 546-3627.

Since our last reunion, our business unfortunately closed. I worked for nine months at the Wharf Restaurant as office manager and hostess. In June of 1989 became associated with Indiana Security Systems where I am presently employed. I have always been active with the Polish Falcon of American organization. As a teenager and young adult I was a gymnastic instructor. After having children, I became the Tiny Tot instructor for several years. I then moved on to recording secretary, then financial secretary (a position I held for ten years). I am now and have been for the past three years treasurer of the Z. F. Falcon organization. My husband and I are on just about ^{on} every committee for every event that the club holds. So we do not sit around most of the time. I also bowl in a fall league at University Lanes. My husband and I both enjoy gardening, he with roses, me with trying different perrenials and a yearly vegetable garden.

Our children are not married and live at home most of the time. My son is a over the road truck driver with Anderson Truck Lines and is gone most of the time delivering to most states. He loves his job and seeing the country. My daughter is employed at the Coliseum Hair Salon as a nail technician. She has always been artistically inclined and it shows in her work. She is very proud of her work. She also is attending IUSB part time.

My husband and children also have a small vending machine company. This machine has a microwave for popcorn and also holds candy and snack products. They all work at this in their spare time.

After graduation in 1961 I left South Bend to begin my southern tour. Every stop along the tour was further south than the previous stop until my move this year which brought me back to South Bend. The first stop was West Lafayette and Purdue University. After a couple semesters I decided that electrical engineering was not my field. The only topic which caught my interest was the mathematics used to describe the engineering relationships and functions. This eventually lead to math and computer science as my field of study. To help finance my education I was able to work for the University as a systems programmer to develop their IBM computer systems; this really opened the door for my career in data processing. The second stop placed me in Indianapolis. Here my data processing skills became more specialized and community service became an important part of my life. My career developed from systems programming to application systems for large IBM mainframe computers utilizing data-base technology. I served the community through computer special-interest groups and local projects. Through the Boy Scouts of America as unit leader, district leader, and council special-projects leader I gained many human resource skills and was able to share my experience with others. After planning and administering a major system conversion I decided to apply my data processing skills in the area of training. The next stop provided the perpetual pine trees, lakes, and busy interstate highways of Atlanta, Georgia. I worked for a major communications company in training administration and development. For the next five years I enjoyed my career, and I became very involved in local and national computer groups, district and council leadership for the Boy Scouts, diabetes support groups, and the Methodist Mens Fellowship. My career added a new dimension when I left the regulated industries and began working with companies in the dynamic market-oriented software industry. My southern tour took me as far away as Columbus, Georgia, where I developed and administered training and evaluated commercial software products. I continued my community service through diabetes support groups and the Boy Scout program. The final leg of my southern tour has brought me back north to South Bend. Returning to the old homestead was the best way for me to help my parents in their senior years. I have enjoyed renewing old friendships here. I am pleased to continue my community service through the excellent Diabetes Association of St. Joseph County and some growing computer special-interest groups. I am anxious to share my experiences and help others enjoy the Scouting program on the same territory where I began as a Tenderfoot Scout more than thirty-seven years ago. I recently accepted the opportunity to use my data processing experience as Computer Systems Manager for Cole Associates, Inc., here in South Bend.

This year I've become quite interested in Japan and arranged a very successful art exchange between school children in Yokohama and school children in our County. I also set up a pen-pal program with students in Kyushu and ~~at~~ our school. In July and August, I'll be traveling to Japan and China with 26 other teachers in the mid-Atlantic region. We have spent the past year settling into the house we built in Lexington, Virginia -- a small but very pretty anachronistic college town where people still don't lock their doors and aren't afraid to walk alone after dark. I teach in the School of Law at Washington and Lee University, which has a beautiful campus and enough contacts with the outside world to make things lively and interesting. My specialties are Constitutional Law and Bioethics - a field which I particularly enjoy because it is constantly developing and so frequently in the news.

Kent is a "real lawyer" who globe-trots quite a bit but is actually the only native Virginian among us. Allan just completed ninth grade and spends most of his time attached to an electric guitar. Laura will join him at the high school next year; when she is not on the phone, she enjoys modern dance and her flute.

The kids will be otherwise occupied, but Kent and I look forward to seeing everyone at the reunion and to hearing the news of those who can't make it. See you on July 6!

I have been employed as staff optometrist at Earle Clements Job Corps Center, Morganfield, Kentucky, for 20 years. I live in Evansville, Indiana; the job corps center is suburban to Evansville. I am still single. There have been very few changes in my life since the 1986 reunion. I am happy to report that I am still off cigarettes since quitting smoking in 1984, after 18 years of heavy smoking. I have been a member of the American Optometric Association for twenty-five years, most of it through Kentucky.

I continue to live in New York, on Long Island, with my husband Kent, and two children. Our oldest son is now attending Gettysburg College, in Gettysburg and the youngest will graduate from high school next year.

Working for the Water Authority is a full time occupation, rewarding and interesting. This year the majority of my time is spent developing and implementing a walking campaign for candidates on both a County and Town level for Campaign 91.

We go to the City frequently to see Broadway shows, and attend concerts. We are truly fortunate in New York to have access to so many wonderful entertaining and cultural ~~activities~~ activities. We have some of the most beautiful ocean parks and beaches on Long Island, so I consider myself lucky to be living here --although there are times when I miss friends and of course, my family.

After teaching French and English at the ^{level} school for several years, I retired to start a family. That was 19 years ago and 2 children later. While staying home with my children, I was asked to model for a local fashion show. This invitation led to part-time work for several years and ultimately I found myself in the throes of the fashion business. Through the years I have coordinated, commented, and modeled for many stores and organizations. It has been an interesting and fun occupation.

My husband, Jack, has been with General Motors for 25 years, most recently as Chief Engineer/Advanced Powertrain Mfg. for Saturn Corp.

Our daughter Molly is a junior at Mich. State Univ. majoring in advertising and our son Jamie ~~is~~ will be a freshman in high school in the fall.

My mother and I have made our home here since 1986 and we love it. We have 5 ac out in the country, 2 dogs and 2 cats.

I have been selling real estate for the last 2 years, at first I had a hard time shifting my free time from volunteer work to a commitment of office time. Now I find time for all of it, and enjoy doing it. I am on the board for the LaSalle County Museum, 2nd VP for the LaSalle Co Republican Womens Club, Treasurer of the Alpha Omega Chapter of Beta Sigma Phi, Chapter Chairman of the Ottawa American Red Cross, and a national volunteer for the Red Cross also. As a national volunteer I am Chairman of Disaster Services for the Northern Illinois Territory, a certified instructor of disaster courses and as a member of the DSHR (national disaster team) I have served on three Red Cross Disasters. I spent five weeks in Brownsville Texas as a shelter manager for Central American Refugees seeking political asylum. It's a full life but I do get back to South Bend a couple times a year.

Left quality control management and returned to teaching music, choir and band, at the school where my sons attended and my wife is treasurer. Continued interest in kayaking white water and skiing in Colorado. Picked back up much of the music that was on the back burner for many years. I play cornet and direct the Blowington Brass Band; play in the Bedford and Blowington Community Bands, Indiana University All Campus and Summer Bands, Indiana University Alumni Band and Harvey Phillips Tuba Santas in Blowington, Indianapolis, and at Midwest in Chicago.

Hi, Jack.

I'm still with the Defense Logistics Agency
(244 S. OLIVE ST). Have 23 years with the
Federal Government en toto in a plethora of
jobs, none of which I've really been that enamored!
Play in a ^(mainly old standards) jazz orchestra every Friday from 7:00
to 9:00 PM during the summer at the Masonic
Temple - here. Lasts 10 weeks from early June
through August. Anyone is welcome. I'd enjoy
seeing you or JIM sometime.

(Frankly, Jack, I dislike parties/reunions
or whatever. That "bunch" from ADAMS never
appealed to me - especially the Jefferson kids.)
Take care, ^{and} if you bowl or play golf, call me
Sincerely

My family moved to Southern Indiana during my Jr. year. Graduated from B. Bosse HS. Education since has consisted of adult education classes. Moved to Dallas, Texas in 1965. Besides raising a family, I worked in the electronics field starting as an electrical assembler and ending as a plant supervisor. By 1976, divorced and a mother of 3, the children and I went to New Zealand to start a fur brokerage business, and to meet the family of my second husband which added the 3 little girls to my family. We lived in the Southern tip of NZ in a little community called Tahakopa which boasted 18 families, a Post Office, General Store, a Bottle Shop and a one room school house where all 6 children were in attendance. From electronics to sheep ranching, to trapping the NZ O'Possums, to auction houses and the New York furriers. And...a wild boar hunt every now and then with the locals! 1977, we all returned to the U.S. continuing the business in NZ and adding Texas Raccoons. 1980, I had a friend in Dallas who needed a secretary for his import/export business and decided to take on something new! It was a very fast-paced job and one I found fascinating. By 1983, and another divorce, my youngest son and I decided to move to Harlingen, Texas - not being a fluent bilingual - jobs were scarce. Moved to El Paso and went to work for a travel agency as a secretary/bookkeeper and ended up tour planning, setting up foreign bank accounts and finally led a tour through China for 32 retirees! The company had changed hands so returned to Harlingen to be near my parents. For the past three years, I have been busy renovating an old farm house with my fourth husband and now, with the job complete, am in the process of another divorce. Last year, I had read a comment of one of the girls from Adams Class of 1960 who seemed to be in the same dilemma as I ..she was going to do it until she did it right! Not me..I have 6 wonderful children and 4 grandchildren whom I adore and that is enough.

To keep myself occupied, and fingers from not becoming rusty, I have been elected Secretary of the Does (Harlingen Elk's Lodge) and President of Texas South District. Last October, I returned to South Bend to join The Order of Eastern Star where my Mother has been a member for more than 30 years and my Grandmother had been a member for over 50 years - that was indeed an honor. And...it was good to be "home".

Since I haven't been to a reunion in 10 years, there's alot to catch up on---I have moved 3 times since then, making a total of 21 moves in 28 years of marriage, some of that time living in Italy, and traveling around the world...certainly not a dull life!

In 1988 we formed our own business and everything was going great until late 1989 when my husband became very ill and passed away last year leaving me the lofty position of Chairman of the Board and all the pressures, stress, and madness that goes with this title. I thank God daily for the little man who invented those little yellow "Post-It" notes that decorate my briefcase, purse and dashboard of the car!

I am doing OK, have begun dating my next door neighbor who lost his wife just three months before my husband died (of the same cancer) and life has meaning once again.

My son is married and living in the Chicago area, no grandchildren yet, and my daughter lives in Indianapolis (is still single). Needless to say, we fly back and forth frequently for much needed hugs. Both are doing well, in spite of all the moves they've had to make and languages they have had to learn.

I am looking forward to seeing all of you again, it's been too long! God Bless---see you in July.

Much love,

Sharleen

6-12-91

P.S. I'm SORRY I can't attend after all - I'm getting married July 26! Much to do before then.

Best of luck to all of you, see you 1996!

Chuck and I are still living in South Bend after 25 years of marriage. We're still in the restaurant business, but no longer McDonalds. We own and operate six Hot-N-Now drive thru only restaurants in the northern Indiana area. My career as full time wife and mom isn't as hectic now that we have three sons out of college and on their own. We'll have two at S.U. next year and just two left at home. I stay pretty busy with kids, school and church activities, gardening, reading, friends, and most especially Chuck!

I'm looking forward to celebrating our 30th with everyone -

We "landed" ^{*}in Rockwall (suburb of Dallas) in 1981 - looks as if we're here to stay. After owning a retail party shop / catering business for five years; in Feb. 1991 - I sold; and became full-time bridal Consultant, wedding Coordinator, Caterer. All these "kids" in College; one to be out in December, hallelujah!! Jim and I have been going to school for four years at Univ. of Dallas on hold to his ordination as Permanent Deacon on January 18, 1992. With this phase of the journey nearly over, I'm making some plans for me — still not sure what I want to do when "I grow up"! However did promise to begin writing my first book this year. With two kids already published writers, the lot of encouragement. Tell great! Thank God Every day for family, friends — and love of church. Hi Everyone!! (Especially S.B. V.V.)
 * left S.B. 1972 to go to Philadelphia til '86 - to Naperville, Ill. until 1981.

Sorry I can't be with you on our 30th. Will be thinking of everyone. Life has been good in academe. Only occasionally do I feel like I'm doing missionary work in the South. One lesson learned after 11 years in Alabama - people are people wherever you go, even if they talk funny and say y'all! To be sure, the fresh food and warm weather are eminently better here!

Here's hoping we all make it to our 50th!

My best,

It has been a fast five years since our last reunion! Our children are five years older now, so I guess we've aged that much (or more!), too. Our oldest daughter has graduated from U. of Kentucky. Our son attends U. of Louisville, and our younger daughter is entering her junior year in high school. (She is an Eagle for the A.H.S. - Apollo - Eagles!!) My husband is a staff pharmacist at Osco Drug, and I've been "promoted" from kindergarten teacher to 4th grade. Of course, I'm regularly accused of teaching Ky. History from the Hoosier perspective!

We recently built a new house - or more correctly, a patio home. It is sort of a free-standing condominium! Now that we're finally settled, we love the home, small yard, and the neighborhood.

Teachers may have their "summer off," but I never seem to get very far from the field. Much of the time in the summer in recent years has been spent in workshops and seminars. I've also taught enrichment math for students and mini-economics classes for teachers. Later this summer and fall I'm taking a National Science Foundation physics and chemistry class to improve my teaching of physical science. Wouldn't "Rebe" have been surprised?!?

There has been a little time for travel - New York City, Wash, D.C., Mt. Rushmore and the Rockies - the usual! In fact, I'll be in Miami Beach July 2-8 for The National Education Association Representative Assembly. This is my third year to have been elected a delegate, but I hate having to miss the 30th Reunion to serve!

SINCE OUR LAST REUNION I HAVE A NEW NAME ACCORDING TO 2 LITTLE ONES WHO HAVE JOINED OUR FAMILY, IT IS NANA. BEING A GRANDMA IS WONDERFUL BUT I MUST ADMIT I LOVE IT WHEN SOMEONE SAYS YOU DON'T LOOK LIKE A GRANDMA OR YOU CAN'T BE OLD ENOUGH. WE CONTINUED TO STAY BUSY WITH REAL ESTATE IN TEXAS DOING RESIDENTIAL AND COMMERCIAL GENERAL CONTRACTING. JIM STAYED AT HIS JOB FOR SECURITY AND I WORE THE "HARD HAT" HOPING TO MAKE IT BIG. UNFORTUNATELY DUE TO THE ECONOMY IN TEXAS THAT NEVER HAPPENED IN FACT WE WENT THROUGH SOME PRETTY TOUGH TIMES. WITH THAT BEHIND US JIM ACCEPTED THE POSITION OF V.P. MARKETING FOR DYNAIR TECH OF ARIZONA IN SEPT. 1990. WE LEFT TEXAS FOR THE SUNNY SKIES OF PHOENIX AND GOLF ALMOST 365 DAYS A YEAR. I HAVE MY OWN BUSINESS MARKETING MELALEUCA PRODUCTS (MELA WHAT?). IT'S THE WONDER FROM DOWN UNDER (AUSTRALIA) AND I PLAN TO TAKE SOME BIG STRIDES IN THE NEXT FEW YEARS TOWARD THOSE WORDS OF THE 80'S FINANCIAL FREEDOM. OUR MIDDLE SON WILL BE MARRIED THE 13TH OF JULY IN TEXAS SO I WILL NOT BE ABLE TO ATTEND THE REUNION. I WILL REALLY MISS SEEING EVERYONE AND WANT YOU TO KNOW THAT I THINK OF MANY OF YOU WITH FOND MEMORIES IN MY HEART. HAVE A GREAT TIME TOGETHER AND MAY GOD BLESS AND KEEP YOU IN HIS CARE. HOPE TO SEE YOU ALL IN 1996!

P.S. FOR THOSE OF YOU WHO REMEMBER LEILA HARIJANNE PELTONEN, SHE AND HER DAUGHTER JOHANNA VISITED US HERE IN PHOENIX THIS PAST MARCH. LEILA HASN'T CHANGED AT ALL, SHE CAN STILL DO THE "RABBIT FACE". IN FACT SHE HAS HER OWN PUPPET THEATRE IN FINLAND USING HAND PUPPETS TO TELL STORIES TO CHILDREN. WE HAD A GREAT TIME LOOKING BACK TO THE YEAR SHE SPENT LIVING WITH US AND GOING TO ADAMS. HOPEFULLY SHE WILL GET A CHANCE TO RESPOND IN TIME TO TELL YOU MORE ABOUT WHAT'S HAPPENING IN HER LIFE.

It's hard to believe, as I'm sure everyone else does, that another five years have passed since the last reunion. Life for me and my family has been somewhat non-routine, as is the case for most families with adolescent children. However, among managing activities at the helm of QUALITEC and balancing time as husband to Sharon as well as father and coach to Brian and Kevin, little time has been left for anything else (including tennis). I'm sure that most of you classmates already know this from your children rearing experiences as your children probably are now grown and graduated from home.

QUALITEC has been blessed with significant growth over the past five years as have Brian and Kevin. Sharon and I have been providing a fair amount of support to Brian with his wrestling on the school's junior varsity team last fall and to Kevin with his commitment in Northern California track and field competition this spring. My personal tennis game has severely degraded since high school, but I try to stay in shape demonstrating running and jumping form with Kevin and body leveraging techniques with Brian. Sharon and I occasionally squeeze in brisk-walking in the evening when time and energy permit.

Sharon and I decided to postpone our family vacation in the Mediterranean this summer because of the continued unrest in the Persian Gulf and the Mideast. Instead, we are selecting a less risky caravan in U.S. territories.

This may be an aged subject by now, but for those of you who are not California residents, the Quake of '89 was every bit horrifying as the press tried to exaggerate. I was very near the epicenter and thought the world was coming to an end. Fortunately, our home escaped damage with the exception of a few plaster cracks, broken appliances and devastated kitchen cabinet contents. For those of you who are contemplating moving to California, **DON'T !!!** Besides, there are too many of us here already.

In closing, I'd like to say that Sharon and I unfortunately will not be attending the reunion this time, but would like to learn where the rest of the '61 classmates are residing, perhaps via a list published by High School Reunions Incorporated. I wish all of you an enjoyable reunion.

For the past four years this has been our only home. We have enjoyed seeing our beautiful country; summers we spend here, up north, mostly in Indiana and Michigan. visiting with family and friends taking short trips to other states. We spent one whole summer based in Canada; winters we have spent in the warmer southern states, mostly Florida and Texas. Last year we purchased a mobile home and have set up a winter residence in a beautiful resort in the small town of Hidalgo, Texas. We have gotten spoiled by this kind of life style as we have the best of both worlds. We can set at our dining table and look out over the lake that is right at our front door and see the Mexican skyline and sunset. We are less than 1 mile from the bridge into Reynosa, Mexico so we make frequent trips into Mexico to shop, party, or just have dinner. Life isn't all leisure though as this past year I took on the job of Assistant Manager of Lake Texano Resort, where we live.

My husband Larry and I have 4 children between us. He has 2 daughters and I have 2 sons. All 4 of our children live in Bremen, IN. Our two oldest children are married to each other and have 3 children: Stacy 9, David 7, and Sara 3. My other son married a Mishawaka girl and they have 1 child, Terry, 5, and another due in December. Our first grandchild was born on Christmas day so hopefully this one, being our last, will be born on Christmas also.

Sorry this is so late getting back to you. It first came in yesterday's mail; it has been all around the country trying to catch up with us.

I don't know yet if we will be able to come or not as we always go to Canada over July 4 for 2 weeks with friends. We are trying to reschedule activities to make it to the reunion as I would love to come but things aren't looking too good as this is the only time the other gal can get off work. Why is the reunion always held so close to the 4th of July?

Since I didn't have any info in the last booklet from the 25th reunion I'll begin at the beginning, 1961.

After graduating, I attended the South Bend campus of IU for two years, with no major. Then transferred to Kent State University, in Ohio, in 1963, to study Architecture. I graduated in June of 1968 on the Deans List. I landed a job in Akron with a small architectural firm and have been living in Akron ever since.

I met Maureen Ahern, an Akron native, during the winter of 1969. She was living in the same apartment building I was renting in, while taking care of her Grandmother. We were married in November of the same year. We rented a new townhouse for 2 years, and in September of 1972 purchased our first home. We planned to build in 3 or 4 years, however, we are still living in that first home now, 19 years later.

Kim was born April 7, 1971. Christened Kimberly Ann, she has now attended Akron University for 2 years, worked several jobs and is currently a life guard at Montrose Swim & Tennis Club. Kirsten was born June 23, 1976, Kirsten Elizabeth. She will be a Sophomore this fall at Firestone High School. Both girls are in their respective school bands; Kim on the flute and pic, Kirsten on the French Horn. Oh, and yes, they're always on the phone, on the go, with boys, and/or girls, room a mess, buying make-up, etc.etc.etc.

Ryan was born November 26, 1983, Michael Ryan. He is all boy. A little shy, (not inherited from me, ha) blond haired and blue eyed, (like both of his grampa's) and a great kid. He thinks he wants to play the drums and someday be an architect. He will be in the 2nd grade at Essex Elementary.

Maureen has been the blessing of my life. Other than my asking Jesus Christ to be my Saviour she has been the greatest thing to happen to me. She is a great mother, wife and home maker (she actually likes to mow the grass). She works, part-time for an ophthalmologist and full time at home. I'm sure you all know what it's like. She is very frugal and her saving money has enabled us to bail out of several difficult financial situations because of bad business decisions. She leads a ladies Bible study at our church and is active in other areas. Busy, busy lady.

As for me; I started my own Architecture business in 1976, have done work in several states, opening a joint-venture office in Michigan and hopefully Illinois, I'm a partner in a music publishing company, I write the lyrics, we own a boat and spend lots of time at Lake Erie, we've gone to the Bahamas for 4 years for our Anniversary, I play lots of racquetball, lift weights, lost 30 pounds since 1981, watch too much T.V., like to go for long rides in the car, I love you all and, sadly, I'm out of room.

We have lived in Downers Grove since I graduated from college. My jobs have changed from counseling at George Williams College, to being a secretary for a church for 9 years while the boys were young, to my present job with a computer software company.

My husband was Athletic Director at George Williams College for ten years, then moved to Continental Insurance Company where he now serves as Operations Manager. He rides the train into Chicago for his job, mine is only five minutes from our home.

Jim is finishing up his college career at Northern Illinois University, hopes to teach elementary Physical Education and coach. Tim is also nearing the end of his college years at North Central College, but is not sure what he wants to do for a career. Both boys are very athletic, like their Dad!

Some of you may remember my Mom. She is in a nearby nursing home, wheelchair bound from a stroke. We have her at our house every Saturday. My brother Jim died at the age of 47...that was a real tough one. My brother Jerry lives on a lake (across from Good ole' Camp Eberhart)...in Three Rivers, MI.

Harry and I will be celebrating our 25th Anniversary this year and look forward to a trip to Florida. We do a lot of walking, treadmill in the winter and around town in the summer...and pick up the tennis rackets now and then to see if we can still hit the ball.

My high school memories are real special to me. I bumped into a high school chum at a dairy queen in South Bend awhile back... said hello as I climbed in the car. I realized as we drove away that there was much to say to her...but it seemed like yesterday at that moment, as if I would see her later and we'd talk then. Life is just that fleeting...If any of you are ever near Downers Grove, stop by and say hello. Meanwhile...have a happy reunion!

Hello to All:

Since I've not seen anyone except Dick and Nancy Groff since graduation I will tell you all what I've been doing. After graduation I went to Memorial Hospital School of Nursing there in South Bend and received my RN. I then went to Boston, Mass., for a year, then to Colorado Springs, CO (in surgery - open heart) there, and then to Ann Arbor, MI where I worked in surgery at the University Hosp.

I met my 1st husband Chuck Perry there, 1969. We had 2 daughters, Jennifer (21) a Senior at O.S.U. and Amy (17) a Senior at Thomas Worthington H.S. in Columbus, OH. We moved to Minneapolis, MN in 1975 where Chuck worked for International Multifoods as a controller. He died at age 46 in 1984 of a heart attack. I finished my B.S. in Health Arts in 1985 and moved my family to Columbus, OH. I met Bob Caster in 1987 and we were married in Fall of 1988. He has 5 grown children and 7 grandchildren (instant huge family). He works in management for Lennox Industries (heat and air). We are now being transferred to Toronto, Canada, this Fall. Bob will go this Fall while I stay here in Columbus another year so my daughter can finish her Senior year here. Then I, too, will go to Canada. I will let you know my address there.

I am sorry I cannot attend the reunion this year. I already had plans that I cannot change when I received your letter. I moved to South Bend in March of my Junior year and only attended 1 year and 2 months with all of you. Mary Wiseman really helped me through my Senior year there at J.A.H.S.

I am now gainfully employed as the Admin. Assistant to the director of the Center for Social Concerns at the University of Notre Dame. It is a great job; I work with a wonderfully dedicated staff and for a Holy Cross Priest! 30 hrs./week during school only.

Everything else is the same -- still play tennis weekly.

Oh, something else is new. I am now attempting to become a flyfisherwoman! Even removing the fish from the hook!

Children growing up. Debby is 22 and graduated from I.U. Bloomington '91. Is now beginning a five-year course of study at Hebrew Union College to become a Rabbi! First year of study is in Jerusalem. Jennifer (doesn't everyone have a 20-year-old named Jennifer?) is a Junior at I.U. Bloomington majoring in Human Development and Family Studies minoring in History, Psych. and Sociology - and Fun! Lindsey, our third daughter, is a Sophomore at Riley - pride of the South side! She's spending summer at camp and enjoys theatre and tennis, among other things.

Still married to Doug - 27 years in August - and very happy! Sorry to be out of town this weekend. If possible I'll stop by Potawatami before we leave for Chicago.

Is there a large turnout? Give me a call.
