Interesting stuff - kids, work, travel, etc.

I recently reread my diaries from my high school years and was reminded of all the wonderful times I had at John Adams High School. The school spirit manifested by the Class of '61 was remarkable -- Share Their Fair drives, pep rallies, lively bus rides to sectional games, sock hops, the soci trip to Chicago, etc. are all very special memories.

Steve and I were in South Bend this past Memorial Day weekend to celebrate his parents' 55th anniversary. It was quite nostalgic to drive by JAHS with our 3 grown children and say, "That's the school where your parents met!"

Our children are:

- Jeff, 26, Principia College grad, living in Palo Alto and working at Waterhouse Securities
- Mindy, 23, temporarily living and working in Arizona while she figures out what she really wants to do
- Amy, 21, math major at the University of Chicago

Steve is President and CEO of the Hewlett-Packard Employees Federal Credit Union in the five western states. He has been with -hp- for 26 years. I am a secretary at an elementary school. We enjoy our home, our jobs, our kids (two of whom are textbook examples of the "revolving door" generation), our menagerie of pets, going to the theater and to movies, and traveling within the USA.

We regret that a May trip to Indiana and a June trip to Ohio make it impossible for us to attend our 35th high school reunion. [We will particularly regret missing it if Mr. Schurr is there...] Our thanks to Jack, Jim & Gene for pulling it together.

Interesting stuff - kids, work, travel, etc.

Life remains much the same as five years ago - same town, house, husband, job, kids - etc. Area code did change.

In the summer of our 50th year, Jan Switzer Jackson, Diane Hiss Cameron and I spent three fun filled days in Las Vegas. We didn't see Elvis, but we had a great time renewing our friendships. Lake Tahoe is our next destination.

My son, Brian (25) will begin a Ph.D program in biochemistry at University of Chicago in Oct. After four years at Univ. of Illinois, three years at Purdue and 2 years at U of C, he'll probably go on for a post-doc. Sarah (20) will be a junior at Purdue and looking forward to her 24th birthday, as we all did - now we wonder why.

My father is doing fine. He celebrated his 80th birthday in February. In January, 1996, he had his fourth hip replacement (3rd time - same hip). In spite of that, nothing keeps him down and he remains as active as can be - still riding his bicycle as far as possible. As usual, he will be in attendance this evening.

Thank goodness my kids are all raised and I don't have anyone depending on me except my x-wife. (alimony) Been married twice have five kids. Three by my first wife and two adopted from my second. Three of them are police officers and the others run businesses in Clearwater and Chicago.

I am now having fun. This year so far, went on a cruise to Mexico, Toured Southern Canada, Snow skied in North Carolina, and motor home around the Grand Canyon to Las Vegas. I currently live in a Condo on the Gulf where I spend my free time Sailing, Scuba diving and Western Line Dancing. Life has been very good.

I'm a Real Estate Broker where I specialize in the sale of Dental Practices in Central Florida. I also own a company called the Dental Trader, where I buy and sell used Dental Equipment.

Rothermel, Nelson, Burns, Ruff, Schmidt, Chamberlain, Aronson, Gibson, Schwanz, Seaborg, Swartz, V. Weir, Whitcomb, Zook, Cussen, Kosana, Lieberman, Litweiler, Martin, Reber, Brady, Carroll, Kaczmarek, Law, Mutti, Otter, Krider, Brewer, Dautermond, Hodes, Kaeppler, Martineau, McClure, Rauch, Reese, Schultz, Schurr, Talbot, R. Weir, Bates, Bunte, Goldsberry, Rensberger, Schultz, Roop, Trues, Bauer, Bready, Laiber, Laurita, Murphy, Powell, Rowe, Scannell, Bonham, Copeland, Stillman, Benson, Herendeen, Lewis, Miller, Pate, Ralson, Knoll, Puterbaugh, Valentine, Walsh, Frey, Schultz, Crow, Groet, Swintz, Lawrence, Schermerhorn, and Winkelmann---all Adams staff in our time, are distant memories in 1996. Class officers Paul Levy (President), Dean Johnson (Vice-President), Jean Sweitzer (Secretary) and Debbie Opperman (Treasurer) are memories of another era. Yet they and all the others who taught, guided, and by example influenced our lives will be brought together as we celebrate our 35th reunion on July 5, 1996!

They, our parents and the subsequent experiences of our own lives since Adams (try: <http://www.zoss.com/adams> on the Internet) have made each of us what we are today. Our years of relative freedom in the 1960's and finding our own way, were some of the best times to grow up. Respect for law, for each other and for the rights of others were so much more the standard then than now. Consider what our parents did in contrast to so many parents today: they knew where we were, they were in charge, they wanted us, they helped us by example and took pride in our efforts---they even gave us "what for" when we got home on those rare days when we had been chastised at Adams for some error in our behavior.

I now serve as the Magistrate (Judge) of the St. Joseph Probate Court, having given up my private law practice at the end of 1992. I just finished a week of *The Indiana Graduate Program For Judges* which included three, week long (3) courses and final exams---my first such exams since 1968---ugh! My work involves all aspects of the court's juvenile jurisdiction, hence my recall above of what parents and family---or the lack thereof---really means. My wife Bonnie, continues employment as an art teacher in the South Bend Community School Corporation and this fall our sons Matthew (as a Senior) and Michael (as a Freshman) will be at Miami University in Oxford, OH. For the first time in many years we won't be involved in high school activities, particularly the early morning lifestyle of a swimmer.

We won't be alone, for our lap dog (?) Giant Schnauzer "Lexus" and the Parakeet "Sprite" that Lexus would dearly love to eat in flight provide plenty of challenge. My amateur radio hobby (Callsign: KA9MXW) keeps me in touch with old Glee Club sufferers Bill Butler (K9BQN) and Bill Brooke (WA4LIB). A growing interest in computer stuff and the *Internet* keeps me busy.

As we gather, we'll likely recall those who are gone including teachers, parents and classmates and remember their part in our lives. That recall will also remind of us of our own frailty and that taking care of our health has become increasingly relevant as the years pass. I look forward to what each who attends or who submits info for the "memory book" will provide.

Interesting stuff - kids, travel etc.

After graduation, Jack and I enrolled in Purdue University. The next two summers we stayed with our older sister, Nancy in California, as construction workers at the Aero-Jet rocket test facilities. I stayed at Purdue for two years and then transferred to IUSB prior to being drafted in 1967. Three years in the US Army in Germany, and then I returned to IUSB to pursue my Bachelors and Masters in Elementary Education. I student taught at Harrison and got my first job there teaching fourth grade for four years.

I met my wife in January 1975, and we married six weeks later. I then taught Kindergarten in LaPaz for one year before leaving education for the business world in Elkhart, IN. I served as a purchasing director, senior analyst, and for a while, had my own construction company. I was offered a position at Abitibi-Price (later to become ABTco.) in 1983 and have been there for over 13 years. I write computer programs in the evening and have taught computer classes the last 12 years.

I have three sons and one grandson. Curtis is the oldest, is married and lives in Kansas City, MO. David is second and is a Junior at Purdue on full Navy scholarship to become a pilot, and then an Aeronautical Engineer. Jason, the youngest, is a Junior at The Principia High School in Saint Louis, MO.

We have just recently moved back to the South Bend area and are in the process of remodeling. Fortunately, Jason has acquired many carpentry skills, and is a great help. (Dad doesn't put drywall on the ceiling like he used to 20 years ago)

I became a Big Brother in 1971 to a nifty red-headed boy named Little Jim. We may have the longest match in the history of BB's of 12 years. Little Jim's father died before Jim was born. He and his mother moved to South Bend six years later and joined BB. What a treat it was to sit in the John Adams auditorium, and see my "Little Brother" graduate from the same high school.

Upon graduating from JAWS, I joined the Air Force. Eight months later, Irene and I married. Over the years, we lived in Texas, Mississippi, South Carolina, North Dakota, Maryland, Michigan, Georgia, Ohio, New Hampshire, and Washington. Traveling, we visited 49 of the 50 states. Journeys abroad included: Okinawa and Vietnam, for me and Germany, for the family. In Europe we toured the Netherlands, France, Luxembourg, Austria, Belgium, and Italy.

For nearly thirty years, I plied my trade in sundry fields including: communications, operations, packaging, transportation, logistics, development engineering, and weapons systems acquisition. I attained a B.S. (Engineering Management) from Michigan State and a M.A. (Psychology) from Ball State.

Retiring as a major in 1990, I acquired a M.I.T. (Masters In Teaching) from Seattle University (1992), whereupon we soon came to be, "Back Home in Indiana". This fall, I will begin my fifth year of teaching.

In 1987, Irene graduated from St. Joseph's School of Nursing in New Hampshire. She now supervises several people in a major medical clinic, when not otherwise independently conducting a plethora of drug studies.

Our son, Jeff, is in personnel at Fort Hood, Texas. He will soon attend journalism school in Virginia. Jeff is married and has a two year old son.

Currently, Irene and I relish inventing new ways to spend money; of late she collects dolls, teddy bears, and antiques, and I collect Colt Single Action Army pistols. Both of us have birds, but of different ilks. Irene has five parrots named Woody, Max, Smoky, Rudder, and Dillie; whilst I have my beautiful, red, restored 1960 Studebaker Hawk. Together we enjoy travel, reading, walking, antiquing, target shooting, and golfing. Individually I also run, exercise, collect coins, and watch avidly Notre Dame football.

For those of you like Jack, who think I was "invisible" - well, it ain't true! I was just the plebeian you often saw sleeping in study hall and class who happened to be "camera shy" in the 1961 Album. Auf wiedersehen!

Interesting stuff - kids, work, travel, etc.

Although I never participated in sports as a youth, my favorite pastimes now include Tennis, Golf and scuba diving as well as gardening and bird-watching! Before this 2nd childhood of mine got underway, I taught high school English and history for 14 years in Indianapolis and Michigan.

We moved to New Jersey in '81 when my husband was lured from GM by Roger Penoke to run a diesel and generator company. Gene and his V-Pres. subsequently bought the business and have been praying for Manhattan black-outs ever since.

Our son, Anthony, plays tennis for the Univ. of Rhode Island but don't get me started on him or I'll fall head-long into the "proud mom" routine. Suffice it to say he's tall, handsome, brilliant, ~~and~~ graceful and (even non-family agrees with me on this) a Good boy!

I've served on our local zoning board for 8 years which proves interesting as we were a relatively undiscovered hill top town until Route 78 was completed; developers are busy now as we are 45 minutes west of Manhattan. Have fun at the ReUnion; I hope to attend the next.

(Thanks for your work on this!)

Rovaniemi July 15th, 2001

Dear John Adams High School Class '61

I am truly sorry that I will not be able to attend the 40th reunion as I intended to - my work schedule in the Arts Council of Lapland does not allow it after all. What a pity ! However, I send you my warmest greetings all the way from the City of Rovaniemi, Lapland, which has been my home for the past 26 years.

During the last years I have not been very good in keeping in touch with my American friends or my American family, but nevertheless there is an unbroken tie to John Adams and South Bend in my heart, always.

Is it really forty years since my very happy year as an exchange student at Adams High School ! It was the year that kindled in my heart the never-ending curiosity and affection towards the world and its various cultures. It is unbelievable how vividly the memories come back the taste of American way of life at the age of sweet seventeen: the warm welcome I received at Adams, the cozy atmosphere, yet high standard academic ambitions in the classes (how I struggled to get English or Spanish spelling or the facts of US history right, how I enjoyed the debates in the speech class !), the Glee-Club, the football and basketball games with cheerleaders, the parties and proms, the drive-ins, hamburgers and potato chips, the bitter sweet romance with a handsome American boy ...

What has happened in my life after I left Adams? I was married in '67 to Esa, my great love and dear husband ever since, got three children (two sons and a daughter), I graduated from the University of Helsinki as MA in political science and continued my work at the Finnish television till the beginning of 70's when our family moved first to Afganistan, then to Tanzania, Africa for some years. At the end of seventies we decided to move to Lapland, where my husband continued his work first in the Red Cross, then as the cultural coordinator of Rovaniemi City, and myself as the district coordinator of the national organization of mentally handicapped. In the middle of the 90's we returned to our beloved Africa for two years, this time to Zambia, and now we are back in Lapland.

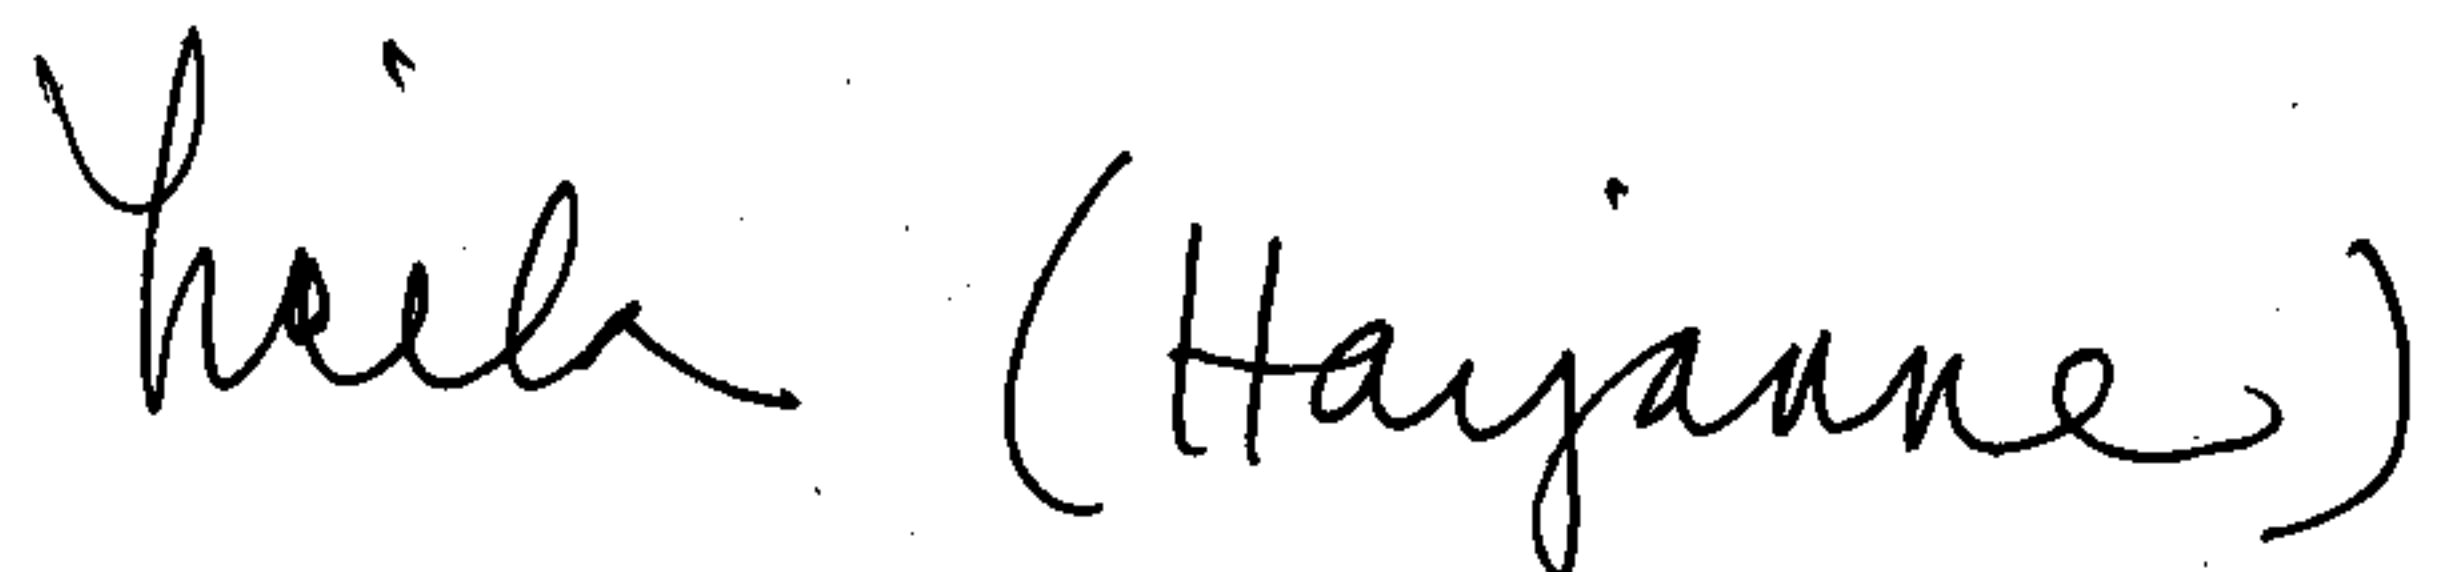

Little by little there has been a change in my professional ambitions and career. Ever since my television days I had become interested in the art of puppetry. In the 80's I got a special training in the Theatre Academy of Helsinki as a professional puppeteer. It is over twelve years now that I started a solo theatre of my own, *Travelcase Theatre*, which has been touring around Finland and the northmost area of Scandinavia ever since. With my theatre I have also visited festivals in Europe, Africa and Canada. Right now I am having a two year job as the regional artist in puppetry employed by the Arts Council of Lapland. It is my job, among other things, to try to get started a regional centre of professional puppetry here in my home city. I have also been active in building up co-operation of puppet theatres in the Barents Area (Northmost Norway, -Sweden, -Finland and -Russia) -- an exciting network of artists from different cultural backgrounds.

I am very content with my life and work in this beautiful northern area of Scandinavia. My future plans include retirement in five years from active entertaining and touring, and after that doing some research and writing on puppetry arts. I have not yet any grandchildren, but I certainly hope my future will bless me with the role of a grandmother too. My children have been so far too busy to settle down with families: my oldest son Lasse (33) is just about to finish his doctoral theses on environmental politics, my second born Timo (32) drama literature major, is very busy as a film journalist and critic, and my daughter Johanna (24) is studying to become a drama teacher in two years.

I have visited United States five times during these 40 years -- next summer I will attend the bi-annual council meeting of the World Puppetry Union (UNIMA) in Atlanta, Georgia and take an excursion to some of the many puppet theatre centres in the United States and Canada.

I warmly thank the organizing committee for keeping me up to date with the reunion arrangements. I wish everyone of you reunion participants all the best on this precious moment of togetherness -- enjoy each others' company!

With warm thoughts and love,

A handwritten signature in cursive script, appearing to read 'Leila', followed by the name '(Hajanne)' in parentheses.

I report in a sense by "proxy" that Leila Maria (Harjanne) Peltonen now lives in Northern Finland and is likely on vacation in Hungary as I prepare this note for the Memory Book. From my research through the World Wide Web, I believe that her current telefax number is +358 60 36 91 04.

Last week as I was looking over the list of the missing, and after using several CD-Rom Telephone Directories to search for those we have lost track of, I decided to see whether I could track Leila down through the Internet. Assuming that she still resided in Finland, I searched the World Wide Web (For those into computers who need an effective "search engine" try: <http://www.altavista.digital.com>) for uses of the Harjanne name and came up with a fair number of hits. One prominent Harjanne is involved in automobile racing with Mitsubishi and I found another who was involved with the *Briard* breed of dogs. I took a chance and sent an *E-Mail* message to him about our reunion.

When I checked my messages the next morning, wonder of wonders! My contact was successful and the gentlemen I contacted went the extra mile to provide the requested information. What follows are excerpts from his June 19, 1996 response:

Thank you for your inquiry message concerning Leila Marie Harjanne. I found it most interesting! Although I did not know her personally I got extremely interested in your search and made some inquiries as well--and found her quite easily in fact!

First, I must explain that my family name Harjanne is very rare here in Finland...that was also the main reason I decided to give a shot in order to find her. I think we have only around 300 people with the surname Harjanne..

...I got a telephone catalogue of the Helsinki area and found a lady name Leila Harjanne--so I did call her. After explaining my/your story to her she told me "yes Leila Harjanne is my daughter! She is now living in the Northern part of Finland and her name is Mrs. Leila Peltonen!" So I got her telephone number...

...I found out that she had just (yesterday) left for Hungary for a couple of weeks and is not supposed to be back until the 10th of July. I am afraid that you will not get any messages from her for your reunion...

...I hope that you might be able to tell this little story about your searching for her. Believe me, there was not any kind of inconvenience or trouble for me--I did it with the most pleasure and interest.

Hi everyone, Wish I could join you, we will be in Vancouver for a conference over the 4th of July.

My life continues to be busy and stimulating (to me, anyway!) We still travel a lot and I write occasional articles about travel and history for magazines + newspapers. We recently went back to Sydney, Australia for the 25th anniversary celebration of the school ^{in the city} + teacher training program at Sydney University that I started in 1970. I was honored to give the keynote address for the event.

Tom + I celebrated 25 happy years of marriage last year by returning to Tahiti (where we spent our honeymoon) + staying at the same hotels on Bora Bora + Moorea. One hotel had been completely rebuilt (after a hurricane) + the other was just the same -- down to the same bedspreads + curtains. (That's the subject of another article.)

Our daughter Kristin graduated from the University of California at Santa Barbara last June and is getting married in November. She works for a public relations agency in L.A. Our son Ted graduated from high school last year (34 years later!) and is a freshman at California Polytechnic Institute, learning to create computerized special effects for film. I love the variety in my work: writer, speaker, trainer; but it's crazy. We just bought a beach house in Santa Barbara to unwind. Come visit!

Wow! It's hard to believe it was five years ago that many of us were together reminiscing our JAHs days and catching up on the near past and present. I am sorry to miss this year's festivities. Our family is having its own July 4th reunion in Michigan.

Since we were last together, we've added a daughter-in-law to our family, Maureen Krum from Bloomfield Hills, MI. She's adorable! She and Todd live in Indy where Maureen teaches second grade (Neil Armstrong: Moonville) and Todd just graduated from IUmc School of Dentistry. He starts post-graduate Orthodontic training at D.U.M.C. (Indy) July 1. We're very happy he enjoys dentistry! Hopefully, someday soon he'll partner with Gerry.

Our daughter Holly is thoroughly enjoying life. Presently she's in Colorado white water rafting, rock climbing, horse back riding, etc. Holly has a terrific position as a health-care specialist for 54500 (Indy) and is pursuing her masters.

Gerry and I are trying to grow old gracefully! We still enjoy working in the office, playing some golf, boating, snow skiing, traveling and, foremost, our family, friends and church activities.

Hope you have a wonderful weekend enjoying one another! I'll plan on seeing you in 2001!!

God bless,

Sharla Klahr Hickman

P.S. Many thanks to the committee who worked so diligently to make this weekend possible! I appreciate your fine efforts and being kept informed!

PHYLLIS, my WIFE, HAS BEEN A REAL BLESSING TO ME. I HAD LIVED ALL THESE YEARS WITH NO CHILDREN OF MY OWN, BUT ON OUR WEDDING DAY I BECAME AN INSTANT GRANDPA FOR DUSTIN, HER SIX-YO OLD GRANDSON.

PHYLLIS GREW UP IN THE BRISTOL/BONNEYVILLE/ELKHART AREA WHERE my FATHERS FAMILY LIVED.

My FAMILY HAS SCATTERED FROM THIS AREA SO WE HAD TO PLAN SOME TRIPS FOR HER TO MEET THEM. WE VISITED my SISTER, ESTHER PACE (AHS '65), AND HER FAMILY IN BRITISH COLUMBIA, CANADA, LAST SUMMER. WE VISITED my UNCLE'S FAMILY, REV. AND MRS. MAYNARD KULP, AND my COUSIN, MRS. MARTHA DUCHARME, IN ARIZONA THIS SPRING. WE ALSO VISITED my COUSIN'S FAMILY, MR. AND MRS. Our 4 kids are moving out of their 20's, 3 are married. Husband of 32 yrs. is 8 yrs. my senior and is a 1st generation Sicilian-American. In fact I met him while working after school when I was at Adams. We own Miami Plaza & Joe has managed our Liquor Mart across from Scottsdale Mall throughout the duration of our marriage. By the way, he's a 1952 Adams grad.

In 1992 we purchased land a mile south on Miami Rd, called it Kingwood & developed and have nearly sold all 56 lots for homebuyers. We may sell our present home & build there ourselves. Anyone need a 2-story brick with a private suite for parents or children in Kensington Farms?

I've been working part time for 9 yrs. as a receptionist - Administrative Assistant at Ironwood Health & Rehab Center. I love the part time work because I can still spend quality time with my extended family and my 82 year old mother. We've travelled alot because that's my husband's love, but I'm just as content to find recreation at home.

As many of us are now grandparents (what a joy!), it makes me realize that life is short and we must make time to do what we enjoy whenever we can!

6-9-96

I've been sitting here an hour. I, who write long newsy letters to friends and family, have drawn a blank! Perhaps if I approach this like a letter....

Dear Classmates of '61,

So much has happened since I last wrote to you in '91. You'll remember in that letter that Fritz (first husband) died of cancer. We'd been married 30 years and had 2 wonderful children. After many years in the aviation industry, he was just starting his own helicopter parts business when he died, leaving me to take over the company. Thus began a new chapter of my life — and what a chapter it has been!!

I remarried (Lloyd) and became an instant Grandma and acquired a large Italian family. I had lived in Italy during the 70's thus learning the beautiful language, HOW TO TALK WITH YOUR HANDS, SHRUGS, FACIAL EXPRESSIONS, so this was great! We traveled to Europe annually and would always have to visit the "old country" as well.

Business was good, my life back on track, when my son died in 1994 at the age of 30. Our long range plan was for him to come into the business so I could retire. Now that had changed so when the opportunity arose for me to sell the company, I DID! (in 1995)

Lloyd and I travel all over the world, making new friends and keeping in touch with those made through the years in the aviation industry.

Guess I'll close now. Hope all is well with you and your family and that your lives have been as truly blessed as mine. God Bless You.

Fondly,

Sharleen Powers Orazi

P.S. Looking forward to renewing old friendships at the reunion!

☺

Major changes have taken place in my life since our last reunion. In 1992, After twenty-seven years as a full time, stay-at-home wife, mother of seven, volunteer, etc., I ventured into the business world with the full support and encouragement of my husband Chuck. A good friend and neighbor and I opened a gift shoppe north of South Bend called Sugarberry Lane. Lots of hard work and long hours, but I love it.

In 1993, Chuck was diagnosed with multiple myeloma cancer and put up a determined and valiant battle. He successfully underwent a bone marrow transplant the summer of 1994. However, the cancer returned and he passed away last July. Needless to say, the last three years haven't been easy. The support of my children, relatives, and friends has been invaluable. I won't be at this year's reunion as I'll be in Germany visiting one of my sons.

MY HUSBAND AND I WILL BE MARRIED 34 YEARS THIS JULY. WE HAVE FOUR SONS, FOUR GRANDCHILDREN. MAKING A LONG AWAITED TRIP TO ALASKA THIS SUMMER. PRETTY ROUTINE, AND HAPPY LIFE STYLE. FOR THE MOST PART WE RAISED OUR SONS ON DIAMOND LAKE. THE SMALL TOWN AND SMALL SCHOOL SEEMED TO SUIT OUR FAMILY VERY WELL. MY HUSBAND STILL WORKS OUT OF SOUTH BEND, IN. AND SO WE ARE CLOSE TO OUR ORIGINAL TIES, BUT A LITTLE REMOVED FROM THE PACE OF THE CITY.

I WOULD LIKE TO BE COUNTED TO COME FOR THE DINNER DANCE ON FRIDAY NIGHT, BUT THERE IS NOT ENOUGH TIME TO SEND A CHECK, AND I'M HOPING YOU CAN HOLD A PLACE FOR ME, AND ACCEPT PAYMENT AT THE DOOR.

PLEASE LET ME KNOW, AS LINDA SNOREK (JARVIS) IS PLANNING FOR ME TO GO WITH HER. I WILL BE HERE AT THE OFFICE FOR THE NEXT (2) HOURS. OUR FAX NUMBER:

Interesting stuff - kids, work, travel, etc.

Ray retired from Procter & Gamble two years ago after 35 years in engineering, developing computer control systems for P&G's manufacturing operations around the world. He is now a private consultant in control & information systems engineering.

Our five children are grown and doing well. Dave is a graduate of the University of Cincinnati and employed as a computer systems analyst at Lexmark in Lexington, Kentucky. His wife Kelly, a graduate of Indiana University, is employed by Shriner's Handicapped Children's Hospital as a video specialist. Tim, also a graduate of IU, is a teacher in Japan. John graduated from Capital University and is working at Riverside Hospital in Columbus, Ohio. Cyndi graduated from Miami (Ohio) University and is a Special Ed. teacher in West Palm Beach, Florida. Mark graduated from Ohio University and is a computer systems analyst at American Electric Power in Columbus, Ohio.

Ray and I spend our time in the Smokies and at our home on Lake Cumberland in southern Kentucky when not in Cincinnati. We are involved with many church and volunteer activities. We enjoy one major trip a year. Earlier this year we toured Israel and Egypt and took a Nile River Cruise. We are looking forward to a cruise of Japan and China next year. We are enjoying retirement very much.

Over the past several years, I have taught part-time at several state colleges in New Jersey in psychology, sociology, and business management. I have been a management consultant for some local companies as well. A couple of years ago I finished a national study for the Association of Catholic Colleges and Universities on campus governance.

I have been somewhat active in community affairs as well. I am a Commissioner for the Mercer County Human Relations Commission and recently served on Board of Directors of the State's private AIDS Foundation.

My children are growing and maturing into fine persons. My son is a college sophomore majoring in Communications/Journalism and my daughter is a junior in high school. My sisters are both well. Hannah is still single and Marion has three children; they live in this area. My father passed away several years ago, but my mother's health remains good in spite of a stroke.

So very sorry I can't be with all of you at this reunion. But my thoughts & good wishes will be with you throughout that weekend in July.

Hi Everybody:

I was coming to the reunion but somehow could not get a confirmed date to make travel plans. South Bend would have been quite a treat for me after 6 summers in Arizona!! My son and I own a property management company and presently manage 350 residential properties. We have 35 fully furnished units for winter visitors so keep me in mind if you're traveling to Arizona. Tim and I are happy and healthy and just a bit older (we think we haven't changed). Please say hi if you come our way and may God bless and keep you. Nancy Stoler Golba

I'm certainly enjoying my 50's more than I thought I would when I was in my 20's. Fortunately—at the time I write this—both daughters and my son have gotten their careers off to a good start, are independent, and happy. My oldest daughter is the only married one in the lot and has made me a very happy grandmother of three.

For those of you who knew my parents—although Dad died over 20 years ago, Mom remains in extremely good health. Jane (Bronson) Skaggs remains one of my best friends. We laugh, cry, and spend too much time of the phone—same as always!

The path to my current position with the Department of Computer Sciences at Purdue University has been a winding one. I'm involved with the undergraduates before, during, and on their way out. As a result of my previous position, I'm also able to remain active in computer graphics and multimedia. It's a challenging and exciting department in which to be at this time in history—and a busy one!

There are a few interests I try not to let get too far from my life. I very much enjoy learning more about Frank Lloyd Wright architecture by going to see some of the homes and buildings he's designed. I like to "charge my batteries" by hiking. I was very fortunate to take a walking vacation in the hills of the Tuscany region of Italy this May. It was magnificent and reinforced my desire to travel by foot whenever possible!

35 years...I can't Believe it. Well, besides being married 27 years this coming Nov.15, and still Having the same three children I had last time, we have been experiencing the normal routine changes that most mid-lifers go through. Our oldest, KimBerly, 25, moved to Denver at the end of May this year. She is working at TGIFriday's. Our middle child, Kirsten, 20, is a nanny/sitter for three young Boys and has completed her second year of studies in Family/Child Development at the University of Akron. Our third, Ryan, 12½, is all Boy, swimming, basketball, roller blades, etc. Maureen is in charge of the infant nurseries at our church. She sees between 80 and 100, birth through 24 months children on any given Sunday and supervises about 200 volunteers. My architectural practice is busy and productive. We are doing a lot of church work along with other types of projects. It keeps my partner and I busy and doesn't allow me as much free time as I would like, but I'm sure that is no news to most of you. I have another interest, Beside architecture, that has interested me over the years and that is writing lyrics for Christian music. Just recently we published a new Christmas Choral work called, "We Beheld His Glory". It is written for choir, orchestra and soloists. It is an entirely new work with music written by another partner named Guy T. Wehman.

My family and I still spend the summers Boating on Lake Erie, tanning and building sand castles on the Beach. In June Kirsten, Ryan and I took a 3,000 mile trip up to Northern Minnesota, tracing my mother's side of the family. It was an interesting and rewarding trip. We saw much Beautiful countryside and the three of us enjoyed the close time together, both on the road and visiting with friends and relatives. Serious note: I'm sure many of you think this reunion stuff is old hat, but we had 4 great years together and as we get older and our numbers continue to dwindle we owe it to ourselves and our memories to stay in touch. So, please, look for lost members of the Class of '61, and stay in touch with control central, namely, Jack Champagne and HSR.

I figure the best part about all of this reunion jazz is that I know how old all of you are, so that means as my mind goes and my memory fails, I'm not alone. Love ya, George

Dear Jim & Jack,

This is to inform you that
Tom Winslow passed away on
July 28, 1991, after many years of
battling Multiple Sclerosis.

If notes are made in your
directory, I would appreciate a
special "Thank You" to all his
fellow class mates who contacted
Tom thru cards, phone calls, &
notes after being told of his
illness at your last reunion. It
made his final days filled
with many wonderful memories.

With great appreciation,
