Vol. XXVI

John Adams High School South Bend, Indiana

October 22, 1971

## Mayoral Candidates Slated to Appear at Adams!

### Miller and Allen Answer Students' Questions

Since many of the Adams seniors will be voting in this mayoral election, the Student Council has given the students an opportunity to meet the candidates. Soon Mr. Jerry J. Miller, the democratic candidate for mayor, will appear in an assembly in front of a panel of students to answer questions submitted from junior and senior homerooms. Mrs. Janet Allen, the republican candidate, will also appear in front of the student body in a similar manner at a later date.

Mr. Jerry J. Miller, a native of South Bend, attended high school at Central Catholic and Riley. He later transferred to Michigan City and graduated there. After high school, Mr. Miller attended Purdue Extension in Michigan City and Indiana Extension in South Bend. He and his wife, Mickey (Mary Lou), have four children and live on Crestwood Blvd. in South Bend. Of his thirty-eight years, Mr. Miller has lived all but three in South Bend.

cont. col. 5

### Subscription Drive Starts

The last four issues of the TOWER have been free for all students, but starting with the next paper coming out on Nov. 12 only students with subscriptions will receive one. Subscriptions will be taken in homeroom starting Nov. 1 and ending on Nov. 12. The cost is \$7.50 for underclassmen and \$8.00 for seniors. To subscribe to the TOWER/Album at least one dollar should be paid during the subscription drive and three dollars must be paid before the holiday vacation in December or the subscription will be cancelled.

### FRESHMAN GET-ACQUAINTED PARTY

Friday, November 12, 1971

John Adams Auditorium

7:30 - 10:30

JANET S. ALLEN

JERRY J. MILLER

### Twelve Angry Men to be Presented

by Gina Kreisle

On November 19 and 20 in the Little Theatre, Drama Club will present its first production of the school year, "Twelve Angry Men" by Reginald Rose. Directed by Mrs. Weiler and Student Director Jan Meyer, it is a story of twelve individuals who meet to deliberate on the fate of a young man accused of murdering his father.

Two casts have been announced to play the twelve jurors. The first cast includes Ayn Moriarty, Marcia Katz, Denise Steen, Gina Fisher, Alex Logan, Carlotta Moore, Jeff Wyatt, Dawn Harris, John Cassidy, Harry Wright, and Colette Morfoot with Dave Perkins presiding as Foreman. Foreman Joel Benke is responsible for keeping order between Eric

cont. col. 3

Sanders, Craig Taelman, Sherry Siekman, Linda Ashe, Dwavne Young, Mindy Miller, Andrea Bonewitz, Mike Beck, Sue Schriker, Annette London, and Greta Gilmore. The Honorable Jim Bartlow will double as the judge and security guard.

Acting as committee chairmen are Kathi Kimbriel and Dave Perkins, Sets; Lenore Sudhop and Allen Rothballer, Lights and Sound; Denise Steen, Makeup; Fran Torok, Costumes; Bobbi Baker, Props; Linda Abrahams, House; Kathe Brady, Tickets; and Harry Wright, Publicity.

All students interested in working on committees are encouraged to attend the next Drama Club

cont. col. 4

meeting. If you are interested in seeing the play, advance tickets will be on sale soon from Drama Club and Thespian members.

### Ironwood Lacks Sidewalks

Recently in the South Bend Tribune, articles have appeared about the lack of sidewalks on Ironwood Drive between Bader and Corby Sts. If you are a John Adams student who is concerned about the unsafe situation, contact or write in to the TOWER. The TOWER is concerned about you and is interested in your opinion.

Eighteen years of Miller's life was spent in directing his own insurance business. For over 12 years he has been involved in Democratic affairs here in South Bend and St. Joseph County, as well as throughout the state. He was elected County Commissioner in 1968. He was vice president of the Board of Commissioners and in 1971 he was elected president.

Mrs. Janet Allen was not born in South Bend, but has lived most of her life here. She is a 67 year old widow who has been married twice and widowed twice. Her only family in South Bend is her mother who is in her 90's.

Mrs. Allen attended college at Washington Park in Washington, D.C. and later she attended art school in the east end in Chicago. An extremely talented artist, Mrs. Allen was president of the Northern Indiana Artists and president of the Water Color Society. She has served two terms on the City Council and as Councilman-at-large she has been on all the committees at one time or another to serve South Bend.

This information is just a short summary of each candidates' background. Because 18 year olds can now vote, the panels presented in front of the student body is an opportunity to both voters and non-voters to understand city government and politics.

### John Adams Band

by Robin Forrest

The John Adams Marching Band, one of the best high school bands in Indiana, added a new dimension to the pre-game show for football homecoming on October 8th. The "new dimension" was script writing planned by three drum majors, Ebert Lawrence, Ernest Scarbrough, and Dave Borlick. No other high school band is known to do script writing because it is a difficult procedure. Ohio University has the only marching band in the country that uses it.

To begin the pre-game show, the Adams band formed a MC, in honor of the visiting Michigan City Red Devils. A scramble followed and then on the signal given by Bob Pascuzzi, the band began spelling out the word "Adams." During half-time the band provided the background music for the Queen's Court.

Practicing for the first play are first row - Alex Logan and Gina Fisher, second row - Jeff Wyatt, Carlotta Moore, Denise Steen, Dave Perkins, and Marsha Katz, third row - Dawn Harris, Harry Wright and John Cassidy.

### UNDERCLASSMEN PICTURES

will be taken  
WEDNESDAY, OCT 27

John Adams Stage  
Cost: per packet  
\$3.00

## Guest Editorial 'THE FAILURE OF SUCCESS'

The U.S. is one of the richest and most democratic nations in history, but millions are undernourished in our country; there are hundreds of ghettos and a great deal of poverty. People suffer every day from problems that are barely recognized, and we have systematically mistreated every minority group that has come to America hoping to find democracy. It's true we've come a long way and we "do all right" but all right is not good enough.

Society will never be perfect, nor will school or student council. We are pretty good at detecting phony in adult society. We can spot, and we want to correct, the prejudice and falseness that we see around us. But we often overlook our own faults, phony and prejudice. If we can reduce the wrongs in our own school, we will be taking a large step toward reducing the wrongs in society. The first problem we must attack, is the fact that school is very low in human content, and there is very little human inter-action in a school day. We don't really pay attention to each other, we stand next to each other at games and wait together in the lunch line, but we don't know each other. Relevant activities, open to everyone, and student leaders who are actually paying attention to individuals will improve conditions 100%.

There are a number of large social problems that have important roots in our school. For example, the drop-out. The potential drop-out is usually ignored by other students. Racial discrimina-

tion is another large social problem that exists in schools. Thousands of high schools experience severe racial conflicts or misunderstandings. Thousands of schools are also split down the middle by intellectual prejudice.

School curriculums are divided into college prep and vocational training programs. The college prep student may think it's nice that the dumb kids have a place to go play around and make things with their hands because they can't do anything with their heads. At the same time, vocational students may think smarter students have abstract ideas and are to be sissified to learn how to do something with their hands. Though it may sound stupid, the problem exists in the school, and here again we break up into our own cliques.

The Student Council which attempts to reach students, and improve the atmosphere for learning is meaningful and will have to re-define success. Our traditional goals and measures for success are irrelevant. Dances, banquets, poster campaigns and pep rallies will not solve the problem. We have become so interested in things that we have forgotten people. Reaching uninvolved students is probably the toughest problem that faces any Student Council. The success of any student organization dealing with people is not a matter of money received or meetings held. It is not a matter of dealing with things. It is a matter of our own ability to understand and communicate with people.

by Phil Moore

## Kables From the Kounselors

**SENIORS:** Check on your requirements for Graduation. Do you have everything you need to meet the state and school requirements? If you are interested in College, trade school applications, etc. Do your writing now. This also includes information about housing, financial aid, and other questions that a College Admissions Officer could answer. Beware of some "Fly By Night" Trade Schools and Business Colleges...Check in the Guidance Office before you sign anything.

**JUNIORS:** Keep checking on the qualifications for occupations which interest you. If this occupation requires College do you know what Colleges could offer you the Training? Do you know where

to find the information? There are catalogs on Business and Trade Schools in the Guidance Office in addition to the College Catalogs. **SOPHOMORES:** Up coming programs will be schedule to give you information about Careers. Although it may be too early to completely commit yourselves to one occupation, it is not too early to do some checking on occupations and qualifications. **FRESHMEN:** Freshmen Homerooms will be visited soon by representatives of many clubs and organizations which are a part of the extra curricular activities at John Adams. You will be given a chance to find out what is available, and what it takes to join one of the groups.

## Students Speak Out AIR POLLUTION ORDINANCE Apathy or Disinterest?

On October 5, 1971 the Board of County Commissioners amended the Air Pollution Ordinance, to permit the controlled burning of leaves. They did this even though there was tough resistance, and good reasons not to burn. La Salle High School presented a petition, but to no avail. It seems, to quote our Student Council President that the Board of County Commissioners is using Sesame Street tactics to make their pockets fatter by not having to figure out how to dispose of the leaves. But unfortunately when they are gone, pollution will still be here and it will be worse. But, as in the Maple Lane incident, the people hadn't any power to stop the annexation. But I thought this government was supposed to work for the people not for itself. It seems as if the 18 year olds of Adams don't have a chance at anything in government. But there is one thing that we can do. Try and get the rest of the people on our side. We can show our government, at least it's suppose to be ours, what we can do. What can we do you ask? Distribute statements such as included here.

### TO THE PUBLIC

It seems as if the people of South Bend are losing their power over the city government. Now we serve the government, the government does not serve us. This permitting leaves to burn was against many peoples wishes, but for a few romanticists and some extra money, namely yours. To you the World War II veterans, the businessman. What about the fine house you live in, what you fought for, what the businessman struggled for is now to be ruined by greedy people, people who love money more than life, yours. You can save money and help stop some of the air pollution. Mulch don't burn. And most of all don't be lazy. Or is what the John Adams Student Council President says is true. "Divided We Stand, United We Sit?"

by Jeanette Burkett

## A Sad Situation

It is a sad situation in this school, when the efforts and hard work of Booster Club are literally torn down, and chosen words of vulgarity inscribed upon them. We have had one pep assembly this year! If such activities continue, it is likely that all pep assemblies will be curtailed.

B. Dunbar

## Wanted

...to all who are interested and I hope there are many...

We are just beginning a new year at Adams and wouldn't it be nice to have our Tower be classified as No. 1 over the state? There is just one way it can be done, and that is for every student to help in his or her own little way.

Poems, jokes and news is what it takes. How about that? Hard Huh? Surely there are some alert, bright eyes in school who see things that others might miss, and since the telephone lines are usually tied up with the "hotline", how else can you know what's happening? Just drop us a line of 50 words or more about the action and we will take it from there. Hard? Time consuming? It takes just 15 to 20 minutes of your time, and every one will enjoy it as much as you enjoy doing it.

Madge Romine

## TO TEACHER

Today you told me that you couldn't grade my papers from two weeks ago because the baby was cranky, the house needed painting, the dishes had to be done for your tired wife, you had to build a garage, teach a night class, and the light wasn't good enough to grade papers when you got home. Last night I had to go to work after school until nine, run errands for my mom, pick up my dad, vacuum the carpet, wash the dishes, clean my room, the dog was barking, my brothers and sisters were fighting, and the radio was blaring. But you expected my homework to be done, so I stayed up until all hours of the night doing it. If I can get my homework done...why can't you?

TIERED OF WAITING.

### Photo Courses for Beginners

A six 2-hour session photo course for beginners will be given at the Newman Recreation Center, 727 South Eddy Street (across from the Farmer's Market), South Bend commencing Monday, Nov. 8, at 4 p.m. to 6 p.m. and will continue on consecutive Monday nights. The last lecture and demonstration will be held December 13.

Included in the course are the following subjects: How to properly use your camera, color slides outdoors, composition, flash photography, landscape and snow photography, enlarging, printing and film developing.

The course is open to all high school students. Fee for the course is \$3.00.

The class shall be limited to ten students due to our limited space. Students should have their own cameras or have access to a camera and, if possible, a darkroom where they may process their own pictures.

Registration may be made at the Newman Recreation Center, Monday through Friday from 8:30 a.m. to 4:30 p.m. and on Saturday from 8:30 a.m. to 12 noon.

For further information phone 284-9328 weekdays between 8:30 and 4:30.

## Eagles Go Bowling

How is your figure coming these days? Do you need to lose some weight in a few places and the crash diet doesn't appeal to you? Did you ever think what bowling might do to help? Have you given it a try? It's the kookiest game. All those pins (10 to be exact) standing at one end of the alley and you at the other end. With one little ball. Ready! Aim! Fire! Guess what? It's a gutter ball, a strike, a spare, a split, or even a William and Mary and you can believe it or not, those little pins can't talk to you but you sure can talk to them. Have you tried it? How about it? There are lots of alleys open in town and did you know that some of your teachers have taken up the sport and are really good. Some night when they are at it, why not remember a rooting section always helps and they would be willing to help you if you are interested. Just keep your eyes and ears open and you might get a hint of who they are or can you guess now?

Just a Bowler

# POTPOURRI

## A sonnet

There is a place of which I've  
come to know,  
A place of many lakes and forest  
hills.  
The many pines stand tall and  
look tranquil,  
A paradise in which there is no  
woe.  
I stand amidst the loveliness which  
shows  
To me the wondrous strength of  
nature's will.  
I always come to think upon this  
hill  
And watch with joy the things that  
nature grows.

Upon this hill I think about the  
earth.  
A change there'd be if all could  
see this place  
And if they'd try they'd see how  
peace could be,  
And some hope with every new  
birth.  
A change will come upon the human  
race,  
And peace will come without a gun,  
they'll see.

## Silence

I find myself in a lonely room  
Filled with sadness and gloom.  
My life has been nothing since  
I entered the world of silence.

Beyond this room there is joy and  
happiness  
Outside my door, there is no sad-  
ness.

But beyond this room is there love,  
Or is only love in Heaven above?

How many find themselves in a  
lonely room  
Filled with sadness and gloom,  
Who's lives have been nothing  
since

They entered the world of silence?

There are many people who fall,  
But no one really hears their call.  
Give us a chance so you can  
understand

That we just want to be a man.

Put a little love in your heart  
And we then shall never part  
And from that day hence,  
You'll tear down the walls of  
silence.

by Dinah P. Jones

## How the Black Man Came Into Being

Darkness covered the earth and  
everything was peaceful. But Dark-  
ness began to think how good it  
would be to have someone to talk  
to. The more he thought of having  
someone around, the better he liked  
the idea. Thus came the creation  
of the first man. Darkness gathered  
stones to make a man of great  
strength and courage. The man  
looked like Darkness had dreamt  
he would. He was very dark in  
color like the things around him  
and strong like the earth. This  
dark beauty was named Ebony.  
Ebony was soon tired of Darkness.  
So, Darkness created him a com-  
panion, a woman named Noira.  
Time went by and Noira had a  
first child. The boy was called  
Owerri. Soon Noira bore another  
baby, a girl named Piseki. Piseki  
and Owerri grew up together and  
had a child of their own. He was  
called Urika. Urika, when visiting

dark. Darkness said Urika would  
have a very light child who would  
be looked down upon. Darkness  
sent Urika a wife named Jorita.  
When the first child, a boy named  
Norus was born, Urika said Jorita  
had been frightened by an animal  
before Norus was born. But when  
the second child was born, she too  
was light in color. Norus and  
Neropa were always together be-  
cause no one would associate with  
them. They grew up and were  
married and had children who  
were light. Darkness fated all the  
white race who had come into  
being as a punishment. The dark  
race became the superior race,  
and from it evolved the other  
races of the world.

his great-grandfather, wanted to  
know why everything was made so

## "Whitlock's Journal #2"

## Student Survey:

### Pep Rallies - good or bad?

In a moment of naivety spiced  
with disruptive intentions, the  
TOWER has taken on the burden  
of an opinion poll regarding pep  
assemblies. The opinions ex-  
pressed in this article do not  
necessarily reflect the views of  
the staff, the sponsor, the country  
or the world. However, we have  
included a few quotations for the  
distressed students and adminis-  
tration to ponder over. One-third  
of the students questioned approved  
of the pep assemblies outside of  
class. The remaining two-thirds  
vehemently digressed upon the  
benefits of in-school assemblies.  
(In other words, they dig "in-  
school" assemblies.) Following  
are some of the ideas:

Mark Woodford, a sophomore,  
said, "We need more support at  
the pep assemblies and they should  
be during the school day, not be-  
fore the team goes to the game."  
An anonymous senior responded,

"In-school pep assemblies involve  
the student body more...kids who  
work cannot come to the 'out of  
school' pep assemblies. The more  
people are exposed to the assem-  
blies, the more they will appre-  
ciate sports."

In response to preference of  
time for in-school assemblies, one  
sophomore said, "We should have  
the pep assemblies at 3:00 because  
no one is awake enough to cheer at  
10:15. Besides, everyone is worry-  
ing about their next hour class.  
Who can get excited about a game  
that night at 10:15 in the morning?"

Two freshmen gave entirely dif-  
ferent replies. "I like the pep  
assemblies at 10:15. At least we  
have them. I like them at 10:15  
because most days there is nothing  
to do in homeroom."

Judy Miller, a junior, expressed  
the major feeling of those sup-  
porting "out of school" assem-  
blies. "The people that really  
want to support their team come."

Other intellectuals bitterly att-  
acked the old system of pep assem-  
blies. Jan Morse, a junior, said,  
"I approve of the present system  
of before game assemblies. In-  
school pep assemblies take away  
valuable school time. If 10:15 pep  
assemblies were optional they  
would be fine."

A sports-related opinion poll  
would not be complete without  
views from a team member. Les  
Woodford said, "The pre-game pep  
assemblies are good. Only the  
interested people show up and they  
really give the team support."  
(You'd better talk to your sopho-  
more brother, Les.) Perhaps Les  
Woodford is right. After all, at the  
Homecoming Game (the same day  
he answered this opinion poll) he  
made a touchdown.

## PEP BAND

When the team scores a T.D.  
or sinks a basket, who are the  
kids you hear above everyone  
else? John Adams' one and only  
Pep Band! Yes sir, Ebert Law-  
rence, Ernie Scarbrough, and Dave  
Borlick lead the Pep Band into

such spirit rousing tunes as:  
"Land of a Thousand Dances;"  
"Groovy, Groovy;" and the new  
fight song, all of which were com-  
posed by the band members them-  
selves.

Every Thursday night after

school the players, who are se-  
lected by seniority and ability  
from the Marching Band, assemble  
for practice. Only one practice  
a week and they are great. Which,  
by the way, has been pointed out  
by other envious schools around.

Future plans are to have a few  
sessions with other school's Pep  
Bands. The biggest object on  
the agenda is to make money.  
Right now they are selling candy.  
Let's help them get it off their  
hands; buy a box to make someone  
happy.

When getting the interview I  
sensed they weren't too happy with  
us. Let's face it, without the  
band our games would lack a  
lot of spirit. Does anybody ever  
really notice what the Pep Band  
puts into the games? So, to  
prove that we appreciate their  
efforts, we should all participate  
a lot more. Why not try to drown  
them out? Support your school's  
Pep Band!

by Jamie Stiener

## Urban League

The Urban League of South Bend  
is very busy this month of October  
with their membership drive. This  
drive ends October 26 and the pur-  
pose is to replace the seniors who  
have left the previous year. The  
main purpose of the Urban League  
is to help students with scholar-  
ships and other problems that may  
arise. This is a rapidly growing  
organization that consists of many  
exciting activities and fund-raising  
projects. The membership fee is  
fifty cents and twenty-five cents  
monthly dues. Mrs. Frances Dix-  
son is the head advisor with offi-  
cers: Jennifer Grant, president;  
Vickie Shaw, vice president; Karen  
Williams, secretary; Tina Phil-  
lips, treasurer; and sergeant-of-  
arms, Jim "Chubby" Phillips.  
"Chubby" is currently a star half-  
back of the John Adams football  
team. If anyone wants to join,  
contact any one of these members.  
All high school students are in-  
vited to join.

President Jennifer Grant poses for  
a pic.

## Jr. T.B. League

Whether you realize it or not,  
we have a very active force of Jun-  
ior respiratory disease fighters in  
this city. Mr. Pender is the adult  
coordinator of the program and the  
student-president is John Anton-  
uchi from New Prairie. This very  
active group of youths meet the  
first Monday of every month at  
2:45 p.m.

Closely working with this adult  
organization, Junior T.B. League's  
main purpose is to keep high  
school students aware of the prob-  
lem of tuberculosis. They strive  
to inform the youth of the danger  
involved in respiratory diseases,  
even now.

Closely related to these students  
are the Christmas seal distribu-  
tion in the school. They are also  
closely related to Healthwin Hos-  
pital in South Bend as far as per-

sonal patient aid. Another project  
which the Junior T.B. League par-  
ticipates in is selling the double-  
cross bars which is the trade-  
mark of the T.B. League, at the  
Notre Dame games. The money  
they make is used to buy equip-  
ment for Healthwin Hospital, re-  
search on respiratory diseases  
and to provide education on ecol-  
ogy. All these are very basic to  
the program. Anyone interested in  
the T.B. League should contact  
Jerry Cappert, Senior Board mem-  
ber, or Janine Miller, Junior Board  
member

# Netters Win NIC, Finish 11-0

by Karl Heinz

On October 7 the John Adams tennis team concluded its best season ever by defeating a strong LaPorte squad 7-0, to run their final record to 11-0. The Netters traveled to LaPorte in hope of winning their first Northern Indiana Conference championship since 1957. If LaPorte would have defeated the Eagles, they would have tied for first place with Adams. As they have done all year long, the Eagle Netters rose to the occasion and captured their ninth shutout of the season. Steve True defeated Sectional singles champion, Jim Sampson 6-1; 6-2 to put the Slicer fans in awe. Chris Fallon had more trouble than he expected in defeating Jeff Ogle 6-2; 6-4, but the win was important. Pat Megan won the high percentage trophy in dual meets as he concluded his season by demolishing Jerry Kewley 6-1; 6-0. Karl Heinz kept the sweep alive by defeating Tom Replogle 6-2; 6-2. Al Hoenk, after falling 6-1 in the first set, rebounded to give the Eagles a sweep of the singles matches.

It was now a matter of time before the Eagles concluded their undefeated season. The doubles teams of Fallon-True and Megan-Heinz were victorious in short time.

This was the first undefeated season for an Adams tennis team and only the second NIC title. This meet ended the tennis careers of seniors Pat Megan, Karl Heinz, and Al Hoenk.

The next Saturday at Gary Mann, the Eagle doubles team of Steve True and Chris Fallon bowed in the final to the undefeated duo from Crown Point. True and Fallon overcame the 41 degree temperature to beat a weak team from Portage 6-3; 6-1. In the final True and Fallon looked the best they have all year as they threw quite a scare into the career of the invincible duo of Bob Schrader and Roger Armstrong, before falling 6-7; 6-3; 6-2.

This concluded the career of True and it marked the first time this year for both Fallon and True that they have lost a set in either a singles or doubles match.

Tennis Team, Bottom: Coach McNarney, Chris Fallon, Karl Heinz  
Top: Al Hoenk, Pat Megan, Steve True, Roger Heise

## Eagles Face Riley Tonight

by Bear Thomas

The Eagles meet Riley tonight on School Field turf. If you thought Michigan City was bad wait until you see the Wildcats. Riley is sometimes recognized as the worst team in the city but LaSalle and Jackson are fighting with the Wildcats for that honor. Both the Eagles and the Wildcats are hoping to extend their winning streaks to 2 games. Riley came up with a big 43-8 victory over Benton Harbor last week. Benton Harbor was still sulking over their heartbreaking loss to Nuner Jr. High the week before. Any way you look at it the Eagles should win tonight, and win big.

### Michigan City Falls in Homecoming

The Eagles came through in our homecoming contest for their first conference victory in three attempts against a very weak Michigan City squad. To say the Eagles looked good would be stretching the truth; Adams had six turnovers and didn't look as sharp offensively as they did against Elkhart. What saved the Eagles was hard-nose defense and the general pitifulness of the Devils' as a high school team. The 27-9 win gave the Eagles a 2-2-1 overall mark and extended City's losing record to 0-5.

Chubby Phillips got on the board

first for the Eagles, this coming on a 10 yard run. Adams went for two, but the run failed and the Eagles had an early 6-0 lead.

The Devils came right back, when City's Jeff Yoder caught quarterback Fragomeni trying to pass in the endzone, for a 2 point safety. Fourteen seconds later the Devils struck again, this coming when Wayne Edwards ran back Bill Stinchcomb's free kick for a 69 yard touchdown return. Phil Hillsamer converted the extra point making the score 9-6 with 7:29 remaining in the half.

Then the "Eagle Machine" decided to get in gear. With 3:24 left in the half, Fragomeni hit Fleming in the flat and the fleet receiver went 76 yards up the sidelines for the score. Phillips made it 14-9 at the half with a 2 point run.

Michigan City fumbled the ball over to the Eagles, on their first play after the second half kickoff, on their own 25 yard line. Phillips added 11 yards in two rushes before Rick Mitchum broke through for the final 14 yards. Stinchcomb converted the extra point making the score 21-9.

Twenty-one seconds later the Eagles picked up their final score. City's quarterback, Mike Wolfe couldn't elude a rushing Craig Walter and he fumbled the ball. Then big Les Woodford scooped it up and rambled 23 yards for the score.

## Fall Sports Teams Finish High

by Karl Heinz

During the past few months the Eagles have remained in contention for the all-sports trophy in the NIC. Coach John McNarney's tennis team lived up to its expectations this year by compiling a record of 11-0 with a 6-0 mark in the conference. This provided the Eagles with valuable points in the all-sports race. Coach Dan Poe's cross-country team was a pleasant surprise as they finished in second place, behind Elkhart, with a 5-1 record. The football team of Coach Bob Wilbur has been somewhat of a disappointment, but if they win their remaining NIC games there will still be a chance of a possible third place finish. Due to the cancellation of the Washington game the Eagles may have trouble finishing much higher than fifth. Tonight's game against Riley, if the Washington game is not replayed, will be their final game in the NIC this season. A victory over Riley would give the Eagles a 2-2-1 record. Adams should be expected to run all over Riley, due to the fact that the Wildcats have lost to such opponents as Michigan City, Jackson, and a 44-0 stomping against Elkhart. Thus far the fall teams have been successful with some teams doing better than others.

## Girls Volley Ball Begins

The 1971 season for Girl's Volleyball "looks good" says Coach Sue Ganser, "We have some new talent and both A-team and B-team look promising."

This year's A-team players are: Lois Keith (captain), Kathy Madison (co-captain), Therese Betchov, Theresa Humphrey, Marian Kasper, Angela Kendahl, Pam Peiffer, and Renee Vigue.

This year's B-team players are: Barb Keith (captain), Mary Keith, Kathy Kujawski, Mary Kane, Debbie Leeds, Debbie Rutkowski, Jackie Shaw, June Szajko, and Lori Varda.

The 1971 schedule is:

Oct. 26	Jackson	Washington
Nov. 2	North Liberty	Here
Nov. 3	Marian	Marian
Nov. 10	St. Joseph's	Washington
Nov. 16	Washington	Mishawaka
Nov. 17	Clay	Washington
Nov. 23	LaSalle	Adams
Nov. 24	Riley	Riley
Nov. 30	Mishawaka	St. Joseph's

All meets are at 4:00.

# Harriers Finish Second in NIC

by John Heisler

Despite their excellent second place finish in the NIC tussle, the Adams cross country squad was unable to cope with the strength of the NIVC teams and two Michigan City groups in the annual city and sectional meets. In the South Bend city meet held at Erskine on October 12, the defending champion Eagles managed to cop third place behind Clay and Penn, and ahead of Jackson, Riley, and Washington. Clay's Colonials totaled 47 points in their upset victory, as Penn ended up with 50, and the Eagles with 75. LaSalle's Mark Wozniak covered the course in 10:04 to lead the pack, while his brother, Neal, placed fourth. Mark Schalliol, Steve Wojcik, Al Moss, and Dan Fischer all finished in the top ten to pace the winning Clay delegation. Adams' Tom Pawlak came in 28 seconds behind the winner Wozniak to place sixth, and John Kujawski, Pat Daniels, Elmer Robertson, and Jim Lindzy finished 8th, 14th, 17th, and 30th, respectively, for the Eagles.

Last Friday the harriers again tried the Erskine course, and this time placed a respectable seventh in a strong field of twenty teams in the South Bend sectional. Penn easily won the meet with 69 points and qualified for the regional along with teams from Michigan City Rogers, LaSalle, and Clay. Tom Calahan of Marian won the race in 10:09.1 although his team placed only ninth. Eagle scorers were Tom Pawlak, 10th place (10:34), Pat Daniels, 39th, John Kujawski, 42nd, Elmer Robertson, 51st, and Jim Lindzy in 68th place for Adams' total of 210 points.

Coach Poe's runners prepared for their final meets by nipping Jackson in a dual meet, and splitting with Washington and Elkhart in the final NIC battle. The Eagles just got by Jackson 27-30, although Adams picked up four of the first six spots. Adams stalwart Tom Pawlak won his third meet of the year with an 11-second victory in 10:33. Pawlak was followed by Pat Daniels, Elmer Robertson, John Kujawski, and Jim Lindzy, in places three, five, six, and twelve for the Eagles' seventh victory.

At Elkhart on October 7, Adams whipped Washington 19-12, but lost the NIC crown to the Blue Blazers 47-16. Elkhart's Don Griffey powered his way to an easy 21-second Blazers from compiling a perfect score. After Pawlak the Eagle runners arrived in a group as John Kujawski, Pat Daniels, Elmer Robertson, and Jim Lindzy recorded 12th, 14th, 15th, and 16th place finishes, respectively. The Eagles closed their regular season with a 8-5-1 mark, including a 5-1 slate in the NIC.

## Frosh Remain Winless Beagles Fall at Elkhart

by Fred Kurman

The Freshman Football team is continuing to have bad luck. The team was idle October 7 but last week they lost another game to undefeated Jackson. The game, played at Adams, went just about like the other games with the Frosh losing 28-0. The Freshman still have three games left and are determined to come up with a win. A crucial game with Washington was played yesterday, and on October 28 the Frosh will meet Mishawaka on the Adams field at 4:15.

by Terry Clavton

On October 4, the Beagles suffered their first conference loss to Washington by a score of 22-20. The Beagles offense, sparked by a freshman quarterback Val Martin, scored three touchdowns. Martin threw two touchdown passes to Ed Gagen and handed off to Ed Kasper for the other score. The Beagles lead throughout the game; however, with two minutes left, the Beagles suffered a lost fumble to Washington. With 39 seconds left, Washington completed a pass which was their only pass completed in the game for the winning touchdown.

The following Monday the Beagles fell to the powerful B-team of Elkhart 27-0. The Beagles were blitzed at the outset and never recovered. A strong Elkhart defense was in command for the entire game and handed the Beagles their first shutout of the year. The defeat ran the B-team's record to 2-3.
