The staff would like to thank the teachers who allowed us to miss class occasionally, the hall guards who let us roam the halls mindlessly (and sometimes passlessly), Mr. Rensberger who supplied us with information just in time for our deadlines, and Mrs. Muessel who as always came through with rulers, keys, and support.

Collectively, the staff would like to will next year's editors patience, money, and sharp razor blades (that is for the copy not your wrists--all six of them).

Past four years: fashion, movies ... fantastic!

by Kelly Kerrihard

Four years ago the Class of 1980 walked into John Adams and with a blink of an eye became seniors. Four years seems like a long time, but it's not. It is long enough, however, to establish memories about things that have come and gone. Let's take a look at what the years 1976-1980 brought us.

In music, we saw the entrance of disco with John Travolta and the exit of disco with John Travolta. The King of Rock-n-Roll died and Elvis Presley parafanallia flooded the market. Hard punk rock disappeared along with green hard and Sid Vicious. Fleetwood Mac emerged as one of the biggest pop vocal groups in the country. Elton John took off his hat, grew some hair, and then faded into the background. The Big Band sound of the '40's is now the "new" dance music.

On the tube, Farrah-Fawcett Majors bounced in and out of stardom. **Soap** spoofed daytime drama and became the most popular show on the campuses. Kermit and Co. danced and sang their way into the hearts of young and old alike. Devastating **Roots** and **Holocaust** dominated TV viewers time for an entire week. And two homely girls named **Laverne and Shirley** are still number one in the country.

The cinema brought us a rage of scary movies, Vietnam flicks, and self-destructing star movies. **Superman** brought the hero back to life in his sleek blue suit. **Rocky** helped us feel good about people, and Woody Allen touched our funny bones with **Manhattan**. The **Deerhunter** enlightened us to the terrors of Viet Nam, while **The China Syndrome** predicted a true life crisis. Bo Derek gave us a scale by which to model ourselves.

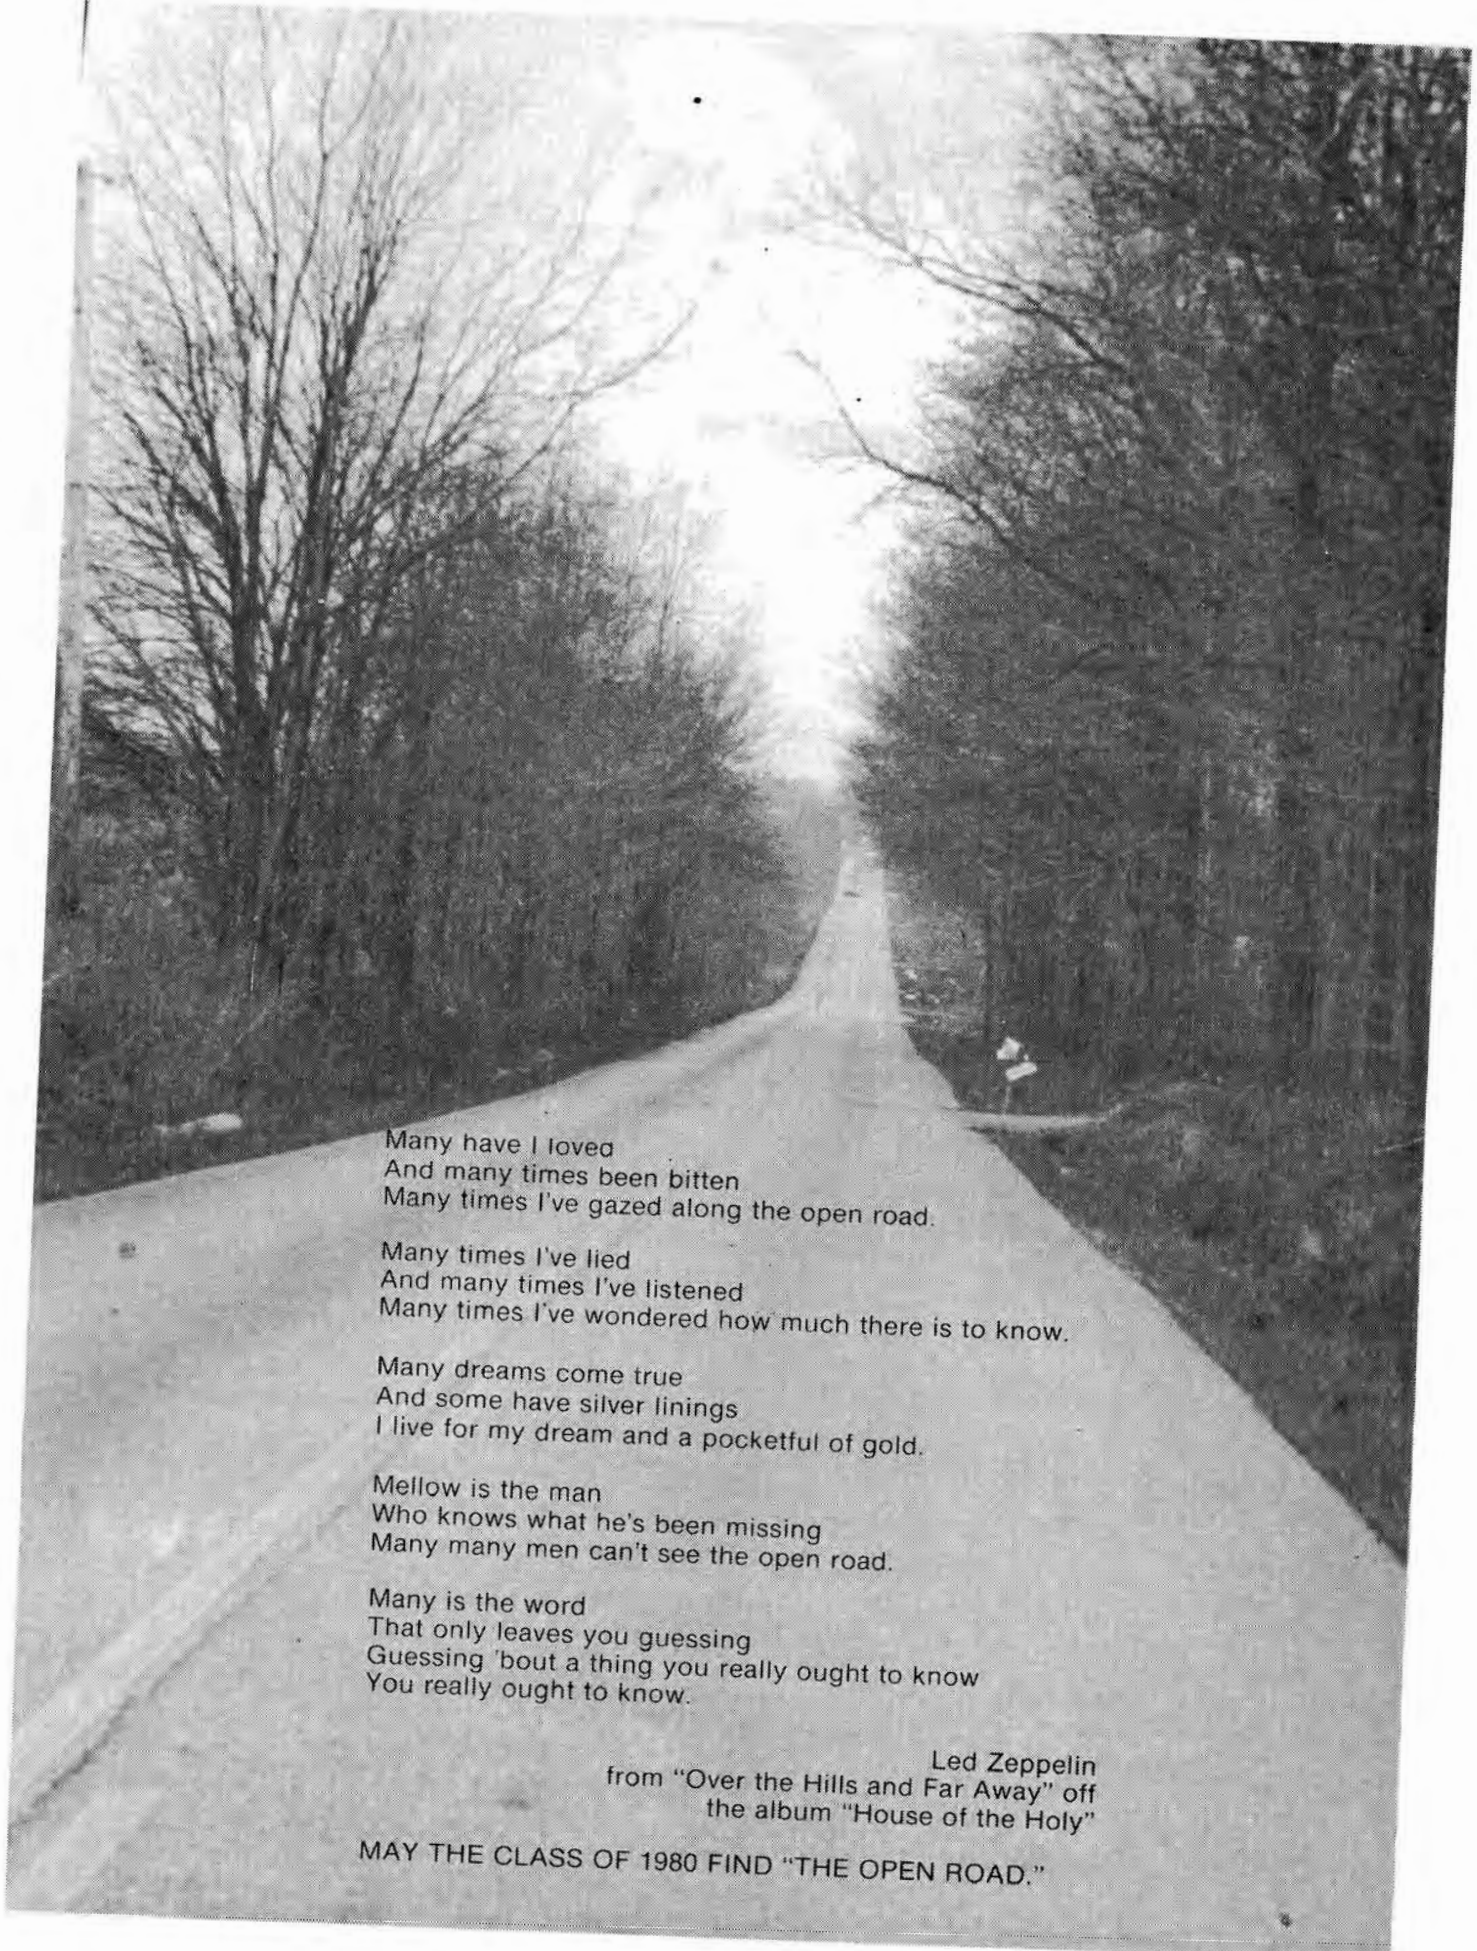

Clothes changed their looks through the four years. Blue jeans

went fancy and expensive, and rugby shirts, popular about two years ago, faded from the fashion scene. Gauchos died before they started. We've seen Oxford, spike heels, Frye boots, and clogs on assorted feet. Nylons are speckled and seamed, and argyle socks come in every imaginable color. Adidas tee-shirts went out and NIKE tee-shirts came in. Skirts and pants got straighter, and straighter, and straighter. Stick your collar in your sweater, and preppie look is in!

We stopped rolling around on skateboards and are now strapping rollarskates to our feet. Light beer replaced dark beer while alfalfa sprouts and tufu are the health foods to eat. For sports try some racketball, ride your bike, or run. If you don't like to run, hop on a moped. If you don't have a moped, all you have to do is buy a car and pay \$1.00 + for a gallon of gas. Backgammon replaced checkers and our favorite coach is Bobby Knight. Three Mile Island scared the atoms right out of us, and Susan B. Anthony thinks she's a quarter. If you're radical, there is always an anti-Iran or anti-draft protest stirring about. Hockey is America's favorite sport thanks to the great US Olympic Team, and Tia and Randy are paired as our favorite skaters.

Right here at Adams we've seen the fading of school dances. Three years of blizzards and no mid-term finals proved to be popular among the student body. The school fire we all thought we'd never see, actually happened. We've seen friends and a teacher pass on. Our '78-'79 Volleyball Team won state and our '78-'79 Basketball Team will always be number one with us. Noble Simmons and his remarkable accomplishment touched us all. Powder Puff Football and the Gong Show broke the mundane routine of school. We've seen great sports, heard beautiful music, seen wonderful art, and experienced superb drama in the four years at Adams. Most importantly, however, we've created memories of friends and good times which will always be a part of our lives.

Four years...not an awful lot of time, but look what all has happened.

Many have I loved
And many times been bitten
Many times I've gazed along the open road.

Many times I've lied
And many times I've listened
Many times I've wondered how much there is to know.

Many dreams come true
And some have silver linings
I live for my dream and a pocketful of gold.

Mellow is the man
Who knows what he's been missing
Many many men can't see the open road.

Many is the word
That only leaves you guessing
Guessing 'bout a thing you really ought to know
You really ought to know.

Led Zeppelin
from "Over the Hills and Far Away" off
the album "House of the Holy"

MAY THE CLASS OF 1980 FIND "THE OPEN ROAD."

our ambitions

"I have a dream..."--**Martin Luther King**

"There are no rules of architecture for a castle in the clouds."--**G.K. Chesterton**

"We need to learn to set our course by the stars, not by the lights of every passing ship."--**Omar Bradley**

"The important thing is this: to be able to sacrifice at any moment, what we are for what we could become."

"Far away there is the sunshine are my highest aspirations. I may not reach them, but I can see their beauty, believe in them, and try to follow where they lead."--**Louisa May Alcott**

"A dreamer lives for eternity."

"Life is like a piano. What you get out of it depends on how you play it."

"I never think of the future. It comes soon enough."--**Albert Einstein**

"When men are arrived at the goal, they should not turn back."--**Plutarch**

"There are two ways of spreading light: to be the candle or the mirror that reflects it."--**Edith Wharton**

Mark Harmon intends to go on to college to major in Business Administration. He hopes to work his way up to the top of the Stanz Cheese Company to continue his family tradition.

Dave Dziubinski plans to study geology in college and he hopes to play a little hockey.

Jim DeCleene hopes to attend college at either IU Bloomington or Notre Dame.

Allen Lambert will be visiting Europe over the summer concentrating on Scotland. In the fall, he will attend IU Bloomington.

Bob Wiesjohn plans to attend Indiana State to earn a degree in business. He would someday like to be a hotel manager.

NO VACANCY

Lisa Parker plans to focus on English and Economics at IU Bloomington, Hillsdale College, or The College of William and Mary while planning a degree in law.

Doug Smith plans to attend the University of Wisconsin in Madison for his further education.

G. Frank Grenert plans to attend Huntington College with a major in Physical Education.

Ken Traub will go to college at either M.I.T. or Stanford University and major in Electrical Engineering and Computer Science.

Susan Stewart will attend Fort Wayne International Business College and study secretarial work.

Gary Manthay will attend Southwestern Michigan College.

Robert Murphy plans to go either to Grambling or Southern Illinois to further his education.

John Bergren will be studying and playing football at Stanford University.

Joe Harden plans to attend Indiana State University and become a flight attendant.

Jimmy Lucas will work for the summer and then go to ISU to study accounting.

Nineteen hundred and eighty,
Who said vintage had to come with age?
We are young. We are vital. We are outstanding!
The wealth of friendship, endowed with love
Will always carry our hearts to the future.
Sharing, the gift of the soul,
Is given with every smile.
Four years bring us together. Unified,
We stand as one, to forge our distant dreams.
We are not perfect. The imperfection of the human condition
Sometimes blemishes our true identity.
In the battle of good and evil, we shine
As a cast with glittering goodness.
Just take a look around!
Who else could boast such a list of individuals?
Lisa, Julie, and Tim and Tim splash as monarchs of the water.
Emily and Ted open the curtain to the joy of expression.
Dyrell and his buddies slam with Eagle determination.
Kenny and Ken "shed light" on anything technical.
Bump and Spike, Jackie and Karen are "volly-uptuous."
John commands the gridiron and the knowledge tree.
Mary moves with grace in and out of water.
Lisa edits out of frenzies of life.
Sandy gives that little yellow ball "stately" smashes.
Lily, George, and Eldred will find cures and clues to an unsettled universe.
Bill's moustache crawls off his face.
Julie adds punch and a smile to the lineup as Bob, Andy, and company round the
losses.
Kay, Connie, and Sue F. give spirit its true meaning.
Sue T. is also a "good sport" and has the edge on craziness.
Kevin poltices his way with debonaire grace.
Christy is a ewer of unending care and refreshment.
Robyn and Bob find the missing chord.
Dave and Geoff find goals in and beyond the net.
Mary adds new dimensions to the written word.
For the many, many deserved unmentioned.
Please, do not feel unhonored.
The confines of this page cannot fully encompass
All the credits so well deserved.
Remember, the true worth of an outstanding individual
Is measured in the inner strength of pride.
Not in outward recognition.
Everyone is to be honored.
Class of 1980, Congratulations!
We now celebrate our beginnings!
The first step is accomplished.
Strive always for fulfillment.
We have the ability, we are outstanding!

Graduation causes pangs of nostalgia

by Kathy Grubb

At the point at which senioritis was first contracted, multitudes of projects were developed as well. These futuristic views dominated the minds of all of us and made their presence known through such typically senior hobbies as taking A lunch, then taking C lunch (the same day), fake admit writing (in front of the teacher), skipping (weeks at a time), and the "I don't give a-----" syndrome in regard to tests, term papers, homework, grades, books and anything remotely resembling school.

Amid these plans for our futures, whether they are vacations, work, college or the praised art of vagrancy, exist several dusty old memories. As sentimentality grows we call to mind some of our most cherished reminiscences of Adams...the crazy times, the anger, the fun, the tears, defeats, accomplishments, fears, the work and the relief when it was all over.

Several students remember with particular fondness events of specific years while others reminisce in more general terms.

Sue Thompson's favorite memory is "when Mr. Smith took a joint from one of the girls out of my freshman swim class!"

Greg Ferran recalls "my first day and all the confusion of elevator passes huge hallways and the "Tower."

Jon Turner remembers "my frosh year with Keith Green," while coming in as a freshman, so scared and leaving so scared to face the world, comes to Eric Koch's mind.

Heather McClure and Renee Was agree on "Sophomore spirit week and the skit which ruined the skits from then on," as their most memorable experiences. Eric

Solliday prefers to recall "the energy crisis, 1/2 days and the blackout of two years ago." Solomon Anderson's favorite memory is "all the fella's and taking 2nd place in the 880 yard run my sophomore year."

Many of the memories centered around the sports in our junior year. "Being a part of the 1978 girls' volleyball championship" is the favorite memory of Christi Macri, Sandy Gyrogyi, Karen Kurzhals, and Jackie Becker, while Martha Schilling recalls the state swim meet of '78-'79.

Joan Slabaugh still remembers "junior year when my chemistry experiment blew up!" Cindy Smith and Karen Spaethe still have special memories of the junior prom.

James DecLeene and Allen Davis both enjoyed Mr. Krouse's second hour Trig class--"the most radical class of all four years,"--but Erin Fanagan disagrees, saying that her fifth hour class was better.

John Byer's favorite memory was "playing basketball during Latin Day, and being the editor of "Speech Without Thought."

February 5, 1980, was a memorable event for Frank Romeo, Donald Redding, Debra Jenkins, Idonnia Gibbs, Abbe Katz and Patti Fenters, when the fire started in the costume room of the Little Theatre.

Julie Cowen and Sonya Harrington reminisce about winning "the 1979 powderpuff football championship."

Rick Smith remembers "the tacks on chairs in English and Government," and thinking about Government made Julie Markley recall "sitting in Mr. Reed's fifth hour trying to get Max Podell's hands off my ribs."

Bill Dreibelbis also had good memories about a class, namely "Ms. Cwidak's Honors English," and Bob Zielinski just simply remembered "Cwidak!"

Steve Cron and Luanne Kenna fondly remember the "Michigan City Rogers game of 1980," while Denise Banke and Julie McCaige recall "Basketball and pom pons."

Jamie Apt reflects on "my outstanding senior year of craziness never holding a dull moment" and Lisa Harper aptly sums it up with "senior year!" Paula Hooker seems to regard things a bit differently, as she states her favorite memory is

"leaving."

Many people remember most fondly their sports activities. Roxanne Scarbrough recalls "going downstate in gymnastics," Jon Keppler reminisces about "being the only diver of the swim team my last year," while Tom Batdorf also has memories of "swimming, and everyone on the swim team." Not to be left out, Phyllis Vogel recalls "the good times I've spent with the girl's swim team." Kathy Gillis also fondly remembered "being able to be part of a fantastic volleyball team."

While everyone remembers some of the great basketball games of the past, some people hold very special memories of those times. "The Hall of Fame games" are Robert Murphey's favorite memories, while Jeff Peterson recalls "being a part of a basketball team that went 22-0," and Jimmy Lucas reflects on "being part of the #1 basketball team in the world," and Charlotte DeShazer and Paul Seidler seem to speak for all the fans when they say that their favorite memory is "the 78-79 basketball season when we were #1 Eagles."

Events and achievements seem to be the basis of many memories but as Mary Amico says "friendships" were also fondly recalled. Judy Baim, Mark McDonald, Barb Scott, Sherri McLochlin, Sue Stewart and David Wolfe all remember "good friends."

Katie Kuharic remembers "times with friends at the table in the cafeteria," while Kathy Nicholas just recalls "friends and good times." The warm afternoons in May and all the laughter are among Kathy Grubb's fondest reminiscences. Kelly Kerrihard's favorite memory "is not something big, but all of the special little interactions between friends at Adams." Chris Prebys calls to mind "calling Joe Taylor a nasty smelly dog and having him call me an ugly roach." Kelle Newbill remembers "the way people reacted when I wore my clinging black straight-legs."

Quite a few people also enjoyed the company of, as Louis Kujawski put it, "the teachers, good and bad." Steve McKiernan remembers "the teachers who made it fun and worthwhile," and Dave Santuro and Doug Smith both have memories of Mr. Aronson in particular. Dave enjoyed the "time Mo Aronson

Well, folks, it's over

by Eric Solliday

This is it. After four long years of studying, working, reading, and writing, another senior class has made it. So what? Classes graduate every year. The thing which makes this group special is that it is the "Class of the 80's."

Some of the other classes may say that the Class of '80 is the worst class in the history of Adams. This could be due to underclass jealousy of us for being the class to graduate at "the dawn of a new decade."

We do have our faults. Our class magazine sale netted only \$2,400 to finance both the senior prom and after prom.

While we may be considered lazy, the senior class has some of the most well known personalities in the school. Roger Madaras is the disc jockey at USA Roller Rink, the job of former Adams senior Randy Prior. Ken Kuespert is an all around "do everything for the school" person. His jobs range from helping with the boilers to running sound and lights

for the school plays. Phil Randazzo has represented Adams as a winner of many grants and scholarships for his work in biology. These people are only a few of the many outstanding figures in the senior class. Without them there would be no Class of '80. Whether your name is Louie or Sue, every last one of you has made this class what it is. Sure, only some get the recognition, yet realize that everybody needs friends and we have needed each other in order to be the Class of '80.

It may seem this article is in the left field of nostalgia, but it is written to say that every last person in the Class deserves a big congratulations - by the people in the class, by Adams students and administrators, by everybody! The world of tomorrow is ours. We will help make it or break it. If there are more people like the John Adams Class of '80 we will most definitely make it!

As Mr. Przybysz said of the Class of '79, and it goes equally well for the Class of '80.... "A class with class."

... and more memories

continued

chased me when I was smoking on the porch."

Music has been a major part of many lives, as for Nick Marino, whose favorite memory is "being a part of the J.A. orchestra," and Mary Gregg enjoyed best "marching band." Mark Osthimer remembers "rehearsing in the practice room" and Norm Sakara recalls "winning the Gong Show." Emily Johnstone reflects on "the togetherness musicals brought about for all those involved," while Kim Hickman thought that "last year's musical, BRIGADOON, was a very wonderful experience and memory," and Ken Kuespert remembers "working on all

the musicals and plays."

Another favorite activity of this year's seniors seems to be "partying." Ron Berta captures the "spirit" of the partyers when he remembered "the good times I had at all the parties," and Johanna Walls represents all those who specifically enjoyed "Jean Ferry's Halloween bash."

But some were hard pressed to put down one particular memory. George Patton says "there is not one memory that sticks out," while Tammy Smurr recalls "many happy memories of Adams," Rusty Stinchcomb seems to cover all ground by adding "most of everything."

Let's look at the days of our lives

by Sherri McLochlin

In my locker, among the 3-tons of paraphernalia that I could not live without, is a poster that daily gives me the strength to "go on." Only partially obscured by the DISASTOR AREA sign posted by the Department of Health and Welfare, it's message has become the object of my fanatic campaign to prove that things can't get any worse. It's innocent message has the power to make me grit my teeth in pain and go numb with panic. The tidings?... "Smile! These May be the Best Days of your Life!"

All I can wearily say is that I desperately hope not.

Contemplating life, (which could be dangerous to your health if you're not in either superior physical condition or already in a hopeless mental rut) I am hard pressed to actually imagine existence any more hectic than it is now. The gruesome image of life (they call **this** life?!) deteriorating to an ever lower plateau of refinement is enough to drive me to eating five candy bars a day in hopelessness.

Face it, if you can't aspire to the hope of someday overcoming chronic zits and homework 'blahs,' what have we got to live for? My entire life is devoted to preserving

my sanity while trying to maintain some semblance of being "with it," but it's an impossible struggle.

The two are simple **not** compatible.

One may viliantly strive to uphold one's own philosophies, or one may go the "yoga-health-food-, get-in-touch-with-yourself, back-to-nature" route and lose all your marbles in the process. One way or the other, it is a losing battle.

Actually this conclusion shouldn't be too surprising, considering what we as abused, neglected, overworked and victimized students have to work with. (a melodramatic pause--tears flow...[by this point all adults have undoubtedly broken into hysterical laughter]). Why is it that adults, once young themselves (hard to sometimes believe, I admit; but undeniable nevertheless) never seem to remember what it was like?! The way they "feign ignorance" has to be the 8th wonder of the world.

For example: One of the most frequent lines I am unmercifully subjected to is, "Just wait until you have to work for a living. **Then** you'll see how good you have it now!" "Now" means 6 hours of classes a day; (where you sometimes have to work just to stay awake!) at least 8 hours of homework every evening (frequently resulting in suicidal

tendencies) and 4 hours a day dedicated to becoming well rounded individuals (and I'm not refering to time spent eating!). Top that off with a healthy 3 hours of "chores" (because, to quote my mother "all you have to do is go to school, it won't hurt you to do a little work!" and you've got your average teenager's life of leisure.

I find it hard to resign myself to the idea that the days I am now spending futilely trying to memorize the root theory of atomic fusion, or composing a dissertation on the relative merits of Jean-Paul Sartre's philosophies, are going to be the high points of my life!! If they are, it is safe to say that the carefree days of childhood are not all they're cracked up to be.

In any case, life is perplexing at best. To say that one period of life is more difficult or more confusing than another is misleading. Life doesn't change, people do. Our ability to handle the things that life serves us is constantly growing.

In any event, no matter how one regards the cycle of life, the question "Is there life after high school?" poses interesting answers.

As far as I am concerned, if the answer is yes, I am just praying that it gets better, and not worse!

Finally, a one word essay assignment

by Luanne Kenna

A rose is a rose is a rose..., but when you begin to talk about something so diversly-regarded as John Adams, you come to find that everything is not coming roses.

First of all, after you've practically lived here for four years how can you describe it in just one word? By doing so you could wipe out thousands of others memories, be misunderstood, or lose that one chance you had to show off in the TOWER. Yet that is what you were asked to do, and you all came through (sort-of).

Tammy VanEs got around the command to use only one word by choosing one of the longest ones around, "supercalifradilistic," (Why she didn't use the "expialodoshuis" we'll never know!) Others used the all-purpose punctuation mark, the hyphen. As Kathy Grubb put it, Adams is the "all-American-High School."

Yet most people did use only one word, (man is by nature a creature of conformity), and many reflected thought and feeling behind their responses. Garry Williams thought it was "fantastic," Christi Marci found Adams "classy," while many seniors expressed it in superlatives, such as "great," "fun," and "electrifying."

But not everyone thought Adams was just a bowl of cherries. (Actually, no one said that. Ah, they become disillusioned so young,

don't they?) Quite a few seniors found it "boring" as Terri Thomas said "z-z-z" and Abbe Katz saw the school as "lacking." Dan Gault said it was "disappointing" and Jane Overholser and Rusty Stinchcomb and many others definitely didn't hold Adams in high esteem as they called it "confinement" and "jail."

Joe Taylor described the school as a "circus," while Steve Szabo called it "confusion," and Jean and Joan Slabaugh labeled it a "zoo," while Lisa Harper and Randy Simpson thought it "wild." Hey, guys, maybe it's just the hall you hang out in?

As is often the case, there are two sides to an argument. Kathy Talbot felt Adams was "spirited," and Julie McCaige summed it up with "pride." Yet Eldred MacDonell's word was "apathy," and quite a few termed it as "apathetic." One side doesn't have the whole story. Maybe we should talk to the ones who went to the games?

Others used their word as a comment on the student body. Phil Bender thought Adams to be "jockish," while Robyn Moore enigmatically stated "quasi." Kelly Kerrihard found it "genuine," while Horace Hill commented that everything was "messed-up," and Doug Smith expressed it as "facial." (Facial, Doug?)

Seeming to back up the contention that Adams is "wild," Mark Osthimer and Norm Sakara

termed the school as "wasted," and Ron Berta called it a "party." Eric Wolgomott labeled it "uncontrolled," and Jim DeCleene simply stated "Michelob." Now we can see where some of those other words came from (But where was Mike Weamer? He called Adams "ho-hum!")

Some original comments were: "unmerciful," from Greg Clark, "cosmic," Nancy Barone, "magnanimous," Laura Ross, "wimpy," Alan Lambert, "traumatic," Mike Lobeck, "obscenity, obscenity, obscenity," Paula Hooker, "#1," Judy Baim, "life: A to Z," Don Troyer, "condemned," Max Podell, "variable" and "changeable" from Randy Smith and Mary Ann Puchala, "bizarre," Julie Markley, "aargh," Anne Beck, and finally, "mayonnaise" from David Troost. (We ask for no explanations for any of these. We couldn't handle it!)

And now, last but not least, the winner of the "Understaters Club" award, Kenneth Traub, who, when asked to describe Adams in own word, said merely, "school." Steve Cron, Sue Farmer, and Brian Cieliolka also showed some creativity when they stated "flammable." Every person revealed something of themselves in their word, a word which also reflects how Adams has influenced their lives.

(By the way, Joe Carroll, "WHAT IS A 'BULLFUNK'?!?!?")

Making the product saleable when the product is you

by **Lisa Parker**

Graduates who are entering the job market today need to hold an attitude somewhere between a conceited "Do yourself a favor and hire me" attitude and outright begging.

With positions so scarce, pleading with your prospective employer might seem to be more profitable, but students who have something unique to offer an employer can edge out other applicants.

If you took ICT, COE, DECA, or auto mechanics you may already have found a job. At least you have saleable skills. Students who took home economics may find careers in food services, fabric retailing, or interior design. At least you can fix the food if you can make enough money to buy it.

What if your high school career was marked by "nothing special?" Well, kid, either you've got problems or you get innovative.

Don't underestimate the value of your past recreational activities. No, you don't get paid to play quarters. But if you sobered up long enough to ski down the slopes or to develop good tennis style you are certainly one point ahead of the guy who wound up with mon derrier in the snow when you are applying for a retailing job in sports equipment.

Volunteer services listed on your job application may indicate that you will be a more conscientious employee than someone who participates only for the money. If it doesn't help you get a job, at least you've made someone else happy. Nursing homes, hospitals, the Red Cross, the Logan School for the Retarded rely on volunteers to improve the quality of life for many people who are less fortunate.

While babysitting or lawn work may not appear to be much experience to you, an employer will recognize that you have been in a position of trust. References from past employers, as well as teachers

and coaches, should be made available to prospective employers upon request. Above all, your application should be neat - you are not typing your English paper the night before it's due.

The job interview is the process which distinguishes you from the other thirty applicants who all played in the marching band, babysat for two little monsters and a sheep dog, took five solid classes, and now want the job which should be yours alone.

To make a good impression don't wear jeans, because even if you'll be wearing them on the job, your interviewer expects you to put your best foot forward (so don't trip over it with the other foot). Don't lie, especially about your age or abilities. Have the confidence to go to your interview alone. Although a little nervousness shows that the job is important to you, don't slouch or betray nervous habits. If you smoke during your interview, your prospective employer may feel you will waste time on the job lighting up.

An interviewer should not ask about your race, religion, or national origin. You may be questioned about criminal convictions, but not arrests. Sex, of course, should not be an employment factor. Women may be asked about child care and childbearing or marriage plans only after being hired. You should not have to report on your financial status - car or home ownership or outstanding debts.

If you seem to have trouble even getting as far as an interview, keep trying. The more applications you complete, the better the odds in your favor. While you are waiting, increase your range of experiences. Volunteer. Take courses at the Art Center. Join clubs. And, tell everyone that you are job hunting. Maybe Aunt Matilda can return the dictionary she bought you for graduation and find you a job instead. However, it would help if you could spell...

State agency aids teens

by Kevin Lennon

As summer approaches, many high school students will be seeking employment. Whether your niche is gardening or construction, there is one agency here in South Bend which can help find you more than adequate employment. This agency is the Indiana State Employment Agency, located at 203 S. William St.

The Indiana State Employment Agency is Federally and State funded, and most importantly, is a **free** service. Looking through the employment agencies in the yellow pages, one can notice at least twenty various employment groups, yet each receives a fee for their services. This fee is paid by **you** and your employer. Also these agencies

rarely deal with non-professional or part-time jobs, thus providing little help for the high school student.

The Indiana State Employment Agency is **the** organization which can benefit all high school students. Each year, several hundred students approach this agency seeking help in finding employment. Throughout their history, this agency has been "very, very successful." As early as March 1, the agency began its summer work by sending information to various employers to aid them in their development of employment. Through their work, a large quantity of jobs are available, and the agency will be more than happy to help.

Finding a job can often be very tedious, but with the help of the

Indiana State Employment Agency, it can be quite simple. One merely contacts the Agency and sets up an interview. During this interview various questions are asked, mainly trying to find out your preference of work and whether an inside or outside job would be more suitable. They try to find, "a job you can be happy with." The next step is the filling out of an application. **This is all it takes.**

A wide variety of fields are at the grasp of a high school student. Work includes restaurant help, construction, utility service, retail, doctor and dentist help, etc... Also, many high school students may be hired to give out samples of products, and some were hired to help pick up the census sheets. Truly, all fields are open to the interested student.

All the jobs available receive at least minimum wage, so there is money to be made. Also, the Indiana State Employment Agency deals with the popular "lawn jobs." Yes, the Agency receives many calls requesting lawn service from interested high school students. Three dollars and ten cents is a lot of money for lawn work, so the opportunity to make good money with easy hours is available.

Once again, the Indiana State Employment Agency is there for **YOU**. Take advantage of this free service. A fun, high paying summer job is not just a dream with the Indiana State Employment Agency.

Sample Interview Questions

- What are your future vocational plans?
- In what school activities have you participated?
- Why? Which did you enjoy the most?
- How do you spend your spare time?
- What are your hobbies?
- In what type of position are you most interested?
- Why do you think you might like to work for our company?
- What jobs have you held? How were they obtained and why did you leave?
- What courses did you like best? Least? Why?
- Why did you choose your particular field of work?
- What do you know about our company?
- Do you feel that you have received a good general training?
- What qualifications do you have that make you feel that you will be successful in your field?
- What extracurricular offices have you held?
- Do you think that your extracurricular activities were worth the time you devoted to them? Why?
- What have you learned from some of the jobs you have held?
- What interests you about our product or service?
- What are your long range and short range goals and objectives, when and why did you establish these goals and how are you preparing yourself to achieve them?
- What specific goals, other than those related to your occupation, have you established for yourself for the next ten years?
- What do you really want to do in life?
- What are the most important rewards you expect in your business career?
- How would you describe yourself?

After high school, some old relationships are severed, and new ones are formed. In preserving ties with old friends or trying to get along with a co-worker or roommate, a few phrases should be kept in mind. Ranked in the order of their importance are:

1. "I admit I made a mistake,"
2. "You did a good job,"
3. "What is your opinion?"
4. "If you please,"
5. "Thank you,"
6. "We," and the least important,
7. "I."

Last Wills and Testaments

I, **Mary Amico**, hereby will the following: to Mary Stewart, 10 dozen of her favorite Dixie Creme donuts, along with an "L-seat" for the Seagals, and a big thanks to Mr. Smith--and Good Luck; to Due, a "Tiger;" and to Toots, a day at Ponderosa's, with a big hug for each; and especially, all my thanx and love to Mr. and Mrs. Poe. I'll miss you!

I, **Jamie Apt**, will to Jim K. and Company: I hope your space wagon is able to achieve warp drive--you people are great; to Mary D., always have a beautiful smile; to Barb W., find lots of lucky pennies; to Katie R., get some "Punk action." To all, I leave love, friendship and the hope for a fantastic future.

I, **Dale Anderson**, will to Chris Williams, the ability to pull women and dress right; to all the ladies, to grow up and act like ladies; to Mike Marable to stop trying to be like someone--he's not "me." And to all the lovely ladies, go on without me and don't cry.

I, **Lisa Anderson**, will to T.S. many "crack-me-ups" but since I'm not "being serious," I guess it's "fine, just fine;" to P.V., a bunch of bananas; to L.R., vacations at my

house; to J.A., happiness; to B.W., a spot in the 1984 olympics for downhill skiing. I will to the Seagals, loads of fun and lots of luck. (K.A. Go get 'em!) To Mr. Smith, I leave my thanks for making my jr. & sr. years of swimming the best.

I, **Solomon Anderson**, being of sound mind, will to next year's basketball team, my jumping ability; to next year's track team, my running ability; to all the faculty and coaches, many thanks for your help. I will a special thanks to Mr. Barnbrook, Coach Mihail, and Mr. Reed. Also, Mrs. Katona & Mr. Rensberger, how could I have made it without you? To all the fella's, get off in life, and finally to Rod Scruggs, I hope I will be fortunate enough to find a friend like you in college.

I, **Susan "B" Anthony**, consisting of crazy mind & weird body, do hereby bequeath my worldly possessions composed of graffitied notebooks & lockers to anyone who'll make good use of what is left of them; to R.G., thanks for everything & good luck in the years to come; and to Marcos W., Moo!

I, **Lisa Austin**, will to my loveable brother, Carl, the fun that I share with everyone, the friendly teachers, and my two blue lockers; to Beth Ann & Pam, to leave these "poop-booties" alone; to the underclassmen, my book left with my signature inside; to everyone, the memories that we all shared together. I was here, but now I'm gone. I left my name to carry on.

I, **Judy Baim**, hereby leave John Adams with the hope that it will never burn down & that its contents will remain for those unfortunate freshmen. To Mr. Allen, I leave my moldy Rainbow Dinner tickets, and to my friends, I leave all the fun times

we shared & the ones to come.

I, **Denise Banke**, being of sound mind and body?, hereby leave to Julie M., Kathy N., and Fred Johnson, lots of luck, love, and happiness always and a priority spot in my wedding party. To Michael, I leave my life, all my love forever, and a trip to California for two.

One final note for our teachers: Your words have fallen on deaf ears. How should we then live? Looking back on the years, I can't recall that you ever told us how. But now, I realize the truth you spoke was a lie. For I live not by the wisdom of men; but in Jesus. **Carl Weiss**.

I, **Geoff Wharton**, will to Andy and Bob a date; to Dave a girlfriend that won't hurt him; to Garry the ability not to quit; to Fran some moral virtues; to the underclassmen, the ability to throw a party since the seniors won't be here.

I, **Bob Wiesjahn**, will to the junior class an Earl bucket for all their use; to my sister some athletic ability; and thanks to all the people who made my four years so enjoyable at Adams and elsewhere.

To all the underclassmen and to that very special young lady, I will my love and my ability to mentally fight all my problems. **Garry A. Williams**

I, **Teresa Williams**, will my brain to Debra W., my locker to Paul J., my bank account to Lee S., my comb to Ernest M., to Jodi Avery a supply of candy, and to Ragina, my handwriting.

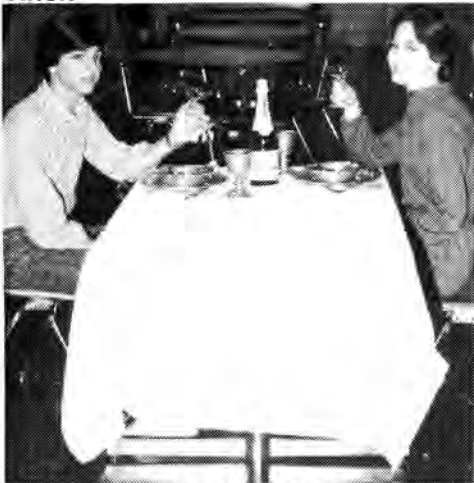

I, **Ruben Willis**, leave this will to

Most Changed: Beth Duesterberg and Bill Dreibilbis strike up typical freshman poses just for old time's sake.

Most Popular Couple: Phyllis Vogel and Tim Parent would really go out on a limb (or at least a diving board) for each other.

Most Sophisticated: While the truly sophisticated dine alone, Lisa Parker and Phil Bender condescend to share a glass of champagne in the Adams cafe.

the nice school. I would like to thank all the teachers who have a part in sports. I would also like to thank all the janitors for keeping the school clean and nice.

I, **Kathy Winchester**, hereby bequeath to Phoebe (SLW) all of the good times she can find in Breman and, of course, Scott; to Cindy, I leave 1,000 hours of shorthand; to all of my friends, I leave good times and good luck.

I, **David Wolff**, will the following: to Dan Gault, another fun night at McDonald's; to Mike Dunfee, the ability to hold his liquor; to John Rockstroh, a new pair of hands; to Mac, my car, if he can't find his school ring; to my brother, Jim, my brains, to help him get through high school; to my brother, Mark, my blue jeans; to my brother, Barry, the skills I'll have on jumping out of a plane; and finally, to my parents, the biggest thanks in the world for helping me to get through all my school years, also the \$500 for my car.

I, **Mark Wolfram**, being of sound mind and body, will to my sister, Linda, my "condemned" sign for her locker and my "Mad" magazine to further her education.

I, **"Euric" Wolgamott**, of sound mind and body, leave Buba a bar of soap; and to sister Beth nothing special; to Brenda F. hopefully a good future with Mark.

I, **Annette Woo**, will to K.R., D.D., S.E., & T.F. my everlasting driving abilities & my annual Concert Choir parties! To C.W., K.N., & L.N. Luck & patience for the future; to E.W.--J.R.!!!; to P.--a new love life; to P.F. an expensive phone bill from I.U. to P.U.I.; to S.S.--gas & money for trips to P.U.; to D.--a watch & new living

habits at P.U.! You'll need it!

I, **Robin Wood**, leave the following to Brian--all my history & gov't. & Crime and Law notes. I also leave the following wishes: to Kline--a life subscription to Penthouse and red ink pens; to Katona--my brother; to Leatherman--better students and patience; to John--a wonderful next year; to Sue--better understanding; to Mrs. Poe--a fine and outstanding gymnastics team; to Ganser--a winning V-ball team; to Aronson--a happy retirement at age --?

I, **Debbie Wurzbarger**, will to Sue a cure for her spaciness (red does mean stop!) and all the parties she can handle: Remember the good times; to Anne, a lifetime supply of bargain baskets and a racket without strings; to lil' sis, her own clothes, a gold medal, J.R. (yes I did!) and the crazy happiness I've had at Adams.

I, **Robert Joseph Zielinski**, being of loud sound and never mind, do leave the following: to Rikki L. a 17.5 yr. subscription to Playboy magazine, to Cherann G. my tight jeans, to Mike K. my moustache & a 13.5 yr. subscription to "GQ" magazine, to Keith K. some afro-sheen, to Phoebe B. a lot of love and the best of luck with Scotty, and finally I leave all my love to Catherine Powell.

I, **Andy Zutter**, hereby will to Bob W. a date with the Big "I" and your own bowling lane, Geoff W. your own "machine" to practice on so you don't ever reach that other .01 percent and Wags who I plan to kidnap on one of my "weekly" visits, to Dave D. all my hockey ticket stubs and whatever luck I have to increase your chances of playing hockey next year and Geoff's too, to B.B. all my weights, to Gary M. my typing ability and Bill D. all my money so you can be my "roomie" next year.

RENTED: Isn't the idea of a Last Will and Testament rather preposterous (if not morbid) anyway? Present Age of John Robert Byers: 18 years. Average Lifespan of Cow: 18 years. John Robert Byers is not a cow. Life doesn't end at age 18! If there is anything I haven't given to anyone by now, then don't sit up waiting for it. Not satisfied? Okay, how's this? I will to the students, teachers and administrators, the

custodians, the 8 hour a day workers, the men who set the price of beef, the inventor of the mustache comb, the second baseman at Sacoma of Double A, and even Ronald Reagan, all the peace, joy and prosperity that their minds can hold without busting at the seams. I thank you for your time. This now concludes the first part of a series entitled: **Non-conformity and You.**

'TS SPORTS SPORT

What's New?/Volleyball team dominates again

by John Byers

The volleyball team maintained its winning tradition by posting a 30-2 record. The season included victories in both the Sectionals and Regionals, and another trip to the State Finals.

Before the season even began it was predicted that the Eagles would again field an excellent club due to the presence of a large group of talented seniors, but St. Joe was tabbed the favorite by the "experts." This only inspired the girls to become their own experts, as they went on to defeat St. Joe four times during the regular season, and cast away any doubts about who was #1 in the region.

The Eagles swept through the regular season schedule on the way to a spotless N.I.C. record. The only loss of the regular season came at the hands of Ben Davis during the

Ben Davis Invitational. But the Eagles did manage to win their other four matches in the Invitational, which fielded six teams which were ranked #1 or #2 in their respective regions. Adams also captured the St. Joe Invitational title, which featured several local powers.

Following the regular season, the long awaited State Tourney would provide the means for the team to prove its superiority. The Eagles first took the Sectionals by defeating St. Joe in the final game 15-11, 15-4, then breezed through the outclassed Regional field. The Regional victory did secure a ticket to the State Finals, but the dream of a second consecutive State Title was shattered by Mater Dei 10-15, 9-11 in the opening match.

Nevertheless, the team proved its excellence time and again during the season. As with last year's team, this year's version was able to play

its own game despite pressure or adversity. These clutch performances were keyed mainly by a group of highly talented seniors. Most of this group became full fledged varsity members in their junior year, and much skepticism arose as to whether the 1978 season could last with such a large number of juniors. The season was labeled as a rebuilding year.

The 1978 season finished in storybook fashion, as the team claimed the #1 ranking in the land, the State Title. Determined not to succumb to the "second year jinx," this same group led the Eagles to the State Finals this year. The team will surely miss the poise and dignity provided by seniors Jackie Becker, Erin Flanagan, Kathy Gillis, Sandy Gyorgyi, Karen Kurzhals, Sue Thompson, and manager Christi Macri.

Cross-country coming out of the dark

by Mark Miller

Each of the few seniors on the Cross-country team contributed his talents in his own way.

The seniors on the squad included co-captain Doug Smith, first year letterman Dave Troost, first year runner Ralph Szabo, third year man Mark Wolfram, third year runner Jenny Horvath, and second year runner Kathy Doering.

Smith, though injured late in the year, led the team through many early meets with his outstanding performances. Jenny Horvath, a former school record holder, finished third in the girl's city meet with her best time of the year.

The other top seven runners, this year included juniors Chris Kelley Mark Miller, co-captain Russ Pyles, Rick VanLue and outstanding sophomores Jeff Sypniewski and Lenny Randazzo.

The 1979 team was plagued by

injuries and lack of experience, explaining its 6-7 season record.

The team came alive, however, during the city meet. Adams finished second behind Penn, which was ranked third in the state. In the regionals, Adams upset Riley and New Prairie, placing third and earning a trip to its first Semi-State meet.

An eleventh place finish in the meet due, in part, to injuries to two of the top five runners, was a slight disappointment. A bright note for next year is that only one of the runners in the Semi-State meet was a senior.

With six lettermen returning next year, the team has high hopes for an NIC championship, a ranking among the top 20 teams in the state, and a trip to the State finals. While the six graduating seniors will be missed, next year's team has great potential.

What better place to exhibit the volleyball team than at the Indianapolis Motor Speedway?

Football squad finishes at 3-7

The 1979 John Adams football squad may not have met all expectations, but it certainly provided moments of exciting, unpredictable football. The Eagles compiled a 3-7 record, with wins over LaSalle, Michigan City Elston, and highly touted Fort Wayne Dwenger.

The season opened with a shocking upset over Dwenger. Dwenger, ranked second in the state the year before, suffered a closely fought defeat at the hands of the Eagles.

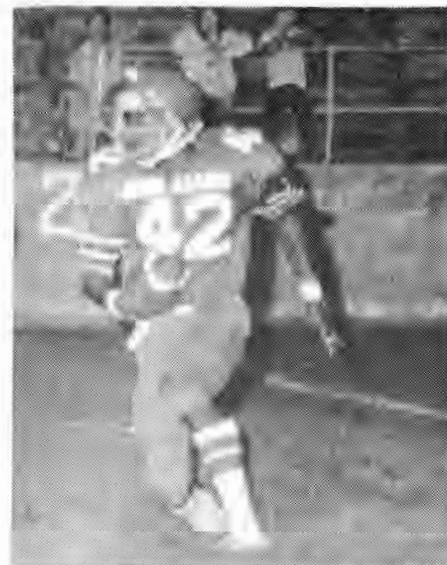

From this stunning 7-6 win, the Eagles dropped into a long drought, which lasted until the Elston game, where Adams captured a 13-6 victory.

In the season's finale, Adams exploded to a 26-6 victory over LaSalle.

Although only three wins were collected, many players excelled throughout the season.

Halfback Rod Scruggs kept the fans on their feet on many occasions, while co-captains John Bergren and Kevin Lennon played both offense and defense. Defensive back Tony Reed also provided plenty of the season's excitement.

Enthusiastic sophomores and juniors will provide the necessary leadership of next year's squad. The squad's future is bright, and hard work will transform its hopes into reality.

Adams soccer wins first city title

by Alex Liu

In only the second year of its existence, the John Adams Soccer Club has already established itself as the number one team in the South Bend-Mishawaka area. Led by top scorers Teo Sevier and Marty McKiernan, with 11 and 9 goals, respectively, they compiled a flawless 11-0 record against area teams, outscoring them 37-5. And although they were winless against

out-of-town teams, they gave good performances against such powerhouses as Argos and Culver, where soccer programs have been established for many years. Among their other accomplishments in the '79 season was second place in the Notre Dame High School Invitational Tournament and first place in the South Bend City Tourney.

Almost half the team was

comprised of seniors, and much of the team's success depended on their consistent play. Forwards Joe Taylor, Eldred MacDonell, and Bruce Henderson, plus midfielders George Patton and Steve McKiernan formed the backbone of the offense, while goalies Mark Harman and junior Don MacDonell combined with the defensive line of Jim Kerby, Allen Davis and John Byers to record 8 shutouts.

Boys' gymnasts topple Crown Point win streak

by George Patton

Playing the role of the giant killer, the John Adams Boys Gymnastic team toppled a powerful Crown Point squad, ending Crown Point's 37 meet win streak.

The Eagles were led by senior Captain John Rockstroh, who placed in all six events. Rockstroh had five first place finishes, including all-round, and one third place finish. Rockstroh along with two sophomores, Brad Sakaguchi and Billy Martinov, paced the Eagles to the easy 94.49 - 84.33 victory.

Two sophomores and one junior aided Rockstroh to raise the team's record to 2-4, the best record in six years. In the floor exercise junior Steve Papai led the Eagles with a

second place finish, while Rockstroh captured his only third. On the rings Billy Martinov captured the first of his four third place finishes. Martinov also claimed thirds on the parallel bars, the high bar, and the vault to fill out the end of a spectacular day for the sophomore.

Another sophomore, Brad Sakaguchi, helped Rockstroh and Martinov sweep the high bar with a second place finish. Sakaguchi also captured a second in the all-round competition, to give the Eagles a one-two combination with Rockstroh's first.

The next stop for the gymnastics team proved to be their last one, as the Eagles placed sixth in the

Sectional. Despite the disappointing finish the Eagles had some individual performances that deserve recognition. Senior John Rockstroh closed out his gymnastic career by placing in four events.

Senior Captain Rockstroh captured an 8th place finish in the all-round, a 9th on the high bar, a 9th on the rings, and also a 10th on the parallel bars closing out his four years in spectacular fashion. The future lies in the hand of the sophomores, and one bright note for the future was the 10th place finish of Brad Sakaguchi in the Sectional.

John Rockstroh should be congratulated as the recipient of the Most Valuable Player and Kiwanis awards.

Girls' sports wrapup

The Girls' Tennis team continued to dominate at the time of this writing proving themselves to be the highlight of the Spring sports season at Adams. The team completed its regular season at 13-0, which included a dramatic victory over Elkhart Central, ending the Blazers 83 match win streak.

The netters are sparked by team captain Sandy Gyorgyi, holder of two consecutive state doubles titles.

The Girls' Track team may still be waiting to compete in the Sectionals, due to a legal battle involving Clay hurdler Maria Williams, but if a 9-1 season record is any indication, they should fare well once the time does come.

The Softball team finished at 12-3, and was attempting to capture its third straight city title. Julie Cowen, the lone senior and captain of the team usually provided the fireworks. When Julie was at the plate she hit at a .658 clip, when on the mound she maintained a 6-1 record.

Wrestlers' season a struggle

by George Patton

At the beginning of the season there were high hopes for the 1980 edition of the John Adams wrestling team. But a lack of depth caused the Grapplers to stumble to a 4-8 mark.

The team had five returning senior lettermen who helped produce a second place N.I.C. finish just last year. But a few injuries and a streak of losses doomed the team to a losing record early in the year. The let down cannot be totally attributed to the seniors, however, since competition in wrestling has suddenly become fierce with Washington and Riley showing the most improvement.

Although the team suffered through a poor season, many grapplers proved themselves to be the best in the area. Junior Mike McNarney captured a third in the LaPorte regional for Adams best finish in the post season tournament. Two other underclass-

men, Ryan Lane and Dave McNarney, also advanced to the regional giving a ray of hope for the future.

The lone senior to qualify for the regionals was co-captain Mark Sutton. Sutton has been a four year member of the varsity squad along with the other co-captain Jon Fonacier. At the upper weights Kevin Lennon and Gary Haygood proved to be a powerful one-two punch. Both Lennon and Haygood are also members of the varsity football team and baseball team.

At the winter sports awards banquet Mark Sutton was awarded the most valuable player award. George Patton won the Kiwanis award.

The future of the team seems to be in a shadow. Mike McNarney, Ryan Lane, Dave McNarney, and Brian Parisey should give Coach McNarney's third edition a base of experience from which to work.

Basketball season provides memories

by John Byers

In the minds of every cheering student, the 1979-80 basketball season was played and viewed from a tightrope. The record books, however, will simply reveal a 10-10 overall record, with a 5-4 mark in the N.I.C.

Oh the fun one can have with numbers and statistics. Sure they don't lie, but in theory neither did Nixon.

That 10-10 record would constitute a great season for most area teams, and would result in nothing short of parades and holidays in Mishawaka, but lo, it stands as a mistake when compared to past Adams powerhouses.

When record alone will not represent a team's true value, one must explore the fascinating world of "intangibles."

How for instance can one value Adams' spectacular victory over state power Michigan City Rogers, 72-70 in overtime, on a last second shot by Doug Hadaway? Mere numbers will not suffice.

The numbers will tell you that Adams trailed state ranked Warsaw by 13 in the third quarter. The papers will do a little better by saying that the Eagles came back to win 55-54. The fans, however, will only cherish a stunning-onehanded-rimshaking-stuff by Solomon Anderson, and the complete change of momentum shortly thereafter.

Even the numbers don't lie about the Goshen game. In what had to be one of the greatest offensive performances ever on the Eagles' court, Adams shot a torrid 74% from the floor during the first half (65% for the game), to demolish the Redskins 81-52.

These and many highlights will linger in the minds of the student body, but the statisticians and recordkeepers will only retain a 10-10 to be used for future barroom discussions.

Other players will come and go, but for now let the names of seniors Solomon Anderson, Doug Hadaway, Robert Murphy, Rod Scruggs, Dyrell Reeves and Glenn Voreis have center stage.

Netters rise from the depths

by George Patton

With the experience gained from last year's "rebuilding year" the John Adams tennis team rebounded to post an outstanding 9-5 record in Coach Allen's second season.

The juniors from last year's 3-11 squad formed the nucleus that Coach Allen used to mold into an N.I.C. contender. The team was led by senior Captain Mark Harman, who compiled an impressive 12-4 mark at the number two singles position. Harman gained the nickname of "Captain Three-Setter" as he pulled off one after another spectacular three set rally to win in sometimes the decisive match of the meet. Harman won the Most Valuable Player award at the end of the season.

Another senior, Dan Devetski, played at the number three singles position. Devetski, vastly improved over the course of one summer, provided the versatility that proved the difference in this year's team. Devetski started at the doubles position but was quickly moved up to the singles position. Devetski was the Kiwanis Award winner.

Two other seniors, Rusty Stinchcomb and Dave Germano, closed out four years of tennis at Adams. Both Germano and Stinchcomb played doubles, usually at the number one position. Besides that strong nucleus of four returning senior lettermen, Coach Allen also had junior Matt Koscielski, a member of the second team all-conference team. Koscielski has played at the number one singles position for the last two years, and he should be a dominating force in the future.

Two other underclassmen, sophomore Lee Fonacier and freshmen Chris Toal, provided needed depth at the number two doubles position. These two along with Koscielski will provide the nucleus for Coach Allen's next edition. The freshmen tennis crop next year is expected to be very strong for the Eagles, for word has it that another Koscielski is coming to Adams to follow the illustrious steps of his brother. Hopefully Coach Allen can return the Eagles to the top of the tennis scene. If he does, this was the year that the whole program turned around.

Boys' swimmers place 3rd in sectional

by Sherri Mclochlin

The Adams Boys Swim Team completed a very successful season with a strong 4th place finish in the NIC competition. Achieving a 6-9 overall record, the Seagles gained strength and speed as the year progressed.

Under the new leadership of Coach Bill Schlundt (assisted by manager Anita Barret), the Seagles swam to an impressive 3rd place in Indiana's toughest sectional meet. Led by Captain Tim Parent, the team qualified 5 swimmers for 7 events in the Ball State hosted State Championship Swim Meet. Representing John Adams in the state competition was the Seagle's 400 Medley Relay, swum by Senior Tim Herendeen, Junior Mike Deren, Sophomore Charlie Wuischpard, and Freshman John Amico. Competing in individual events were

the following: Tim Parent, the 200 and the 500 Freestyle; Tim Herendeen, the 50 and the 100 Freestyle; Mike Deren, the 50 Freestyle and the 100 Butterfly; and John Amico, the 100 Breaststroke. While the Seagles did not finish as well as it had been hoped they would in the individual events, the 400 Medley Relay went on to represent Adams in the Finals, and to win 11th place in the statewide contest.

The team's biggest handicap was its lack of depth, said Coach Schlundt. He went on to comment that despite this drawback, he felt the Seagles definitely had a good season. Times improved with passing meets, and the roster of tough opponents served to prepare the Adams team for a strong showing in the Sectional meet. "The team did beyond as well as could be expected. Everybody who swam did

a good job...working hard and giving their best," said Coach Schlundt.

The team's Most Valuable Swimmer was Mike Deren. An honor unique to the John Adams Boys Swim Team is the "Sparkplug" Award. This honor is established in the memory of Dave Mennucci, a former Adams swimmer. It commemorates the spirit of sportsmanship, and enthusiasm in the team member who best exemplifies these qualities. Chosen to receive this presentation was Thomas Batdorf.

Regarding next season's forecast, Mr. Schlundt looks forward to a building year. Although the seniors lost to graduation will be "missed," the team should gain more depth with incoming freshmen. Based on the Seagle's performance this year, next year's team should hold great potential.

Seagal spirit never fades

Kept afloat by their dedication and spirit, the John Adams Girls Swim Team finished up their 1979 season with an outstanding 2nd place Sectional placing. Contrary to a suggestive 3-6 NIC record, the team gained incentive and potential as the season progressed. This year's turnout supplied a variety of swimmers, the majority of whom will be returning next year.

Coached by Steve Smith and encouraged by co-captains Julie Doetsch and Lisa Anderson, the Seagals successfully overcame a disappointing 6-8 overall record, to defeat their biggest adversary, the Riley team, in the Sectional meet. The team's victorious outcome was further highlighted by the qualification of 9 swimmers for the 1979 Indiana State Championship Meet. Representing Adams in the meet hosted by Ball State was the

Medly Relay swum by seniors Sherri Mclochlin and Lisa Anderson, and sophomores Tess Doering and Jane Doetsch. Competing in the 400 Free Relay were seniors Julie Doetsch and Phyllis Vogel and juniors Maria Kusbach and Kris Kolasinski. Having captured an impressive 1st place in the Sectional Meet, another senior, Mary Amico, participated in the diving competition in Muncie. Tess Doering displayed promising potential by qualifying to compete in the 100 Individual Backstroke. While none of the swimmers made it to the Finals (12 top swimmers in each event), each put forth their best effort in Adams fine swimming tradition.

The title of Most Valuable Swimmer of the 1979 season was earned by Tess Doering. Honored as the recipient of the Kiwanis Award was senior Mary Amico.

Girls' basketball hits peaks and valleys

by Russ Pyles

The 1979-80 basketball team was a young team which hit high and low spots throughout the season. The regular season record of 5-9 is somewhat misleading, considering that quite a few games were lost by fewer than 5 points. The girls seemed to play at the level of their opponents; hanging tough with the tough teams and stumbling against the weaker teams. Many games were lost on the free throw line, a place the girls didn't use effectively all year, until the sectional tournament.

This year's team included only 3 seniors. They were Sue Thompson, Jenny Horvath and Julie Doetsch. Sue and Jenny provided much of the scoring punch for the Eagles this year, and Julie was always ready to fill in where needed. The Eagles leading scorer this year was 2nd team all-conference member Sue Ushela. The rest of the team consisted of underclassmen who surprised many people with the level of their play. Despite the mediocre regular season record, Coach Jeff

Hull was very pleased with the progress that his team made throughout the year. When the sectional tournament rolled around, the Eagles proved that they were a better team than they had shown throughout the season.

Who will forget the sectionals? After surprising a strong St. Joe team in the opener, the Eagles rolled past an equally strong team in the Clay Colonials. Then, in the final game against 10th rated LaSalle, the Eagles were on the verge of a major upset until the final seconds of the game when their season came to an end.

Despite the heartbreaker in the sectionals, this year's very young girls basketball team showed that they could play with the best teams in the state. The sectionals were only a beginning of a very strong program here at John Adams. With all but the three seniors returning next year, if the girls can show the same kind of poise and dedication that they had this year, the Eagles will be the team to beat in the next few years.

Girls' gymnasts complete finest season ever

by Joy Cook

The Girls Gymnastics team has excelled throughout their season and they sent three girls to Regionals and on to State. Christy Silvius, Debbie Nieter, and Sherry Bolden competed at Regionals and Sherry advanced to state where she competed in vaulting.

The beginning level had an undefeated season of 7-0 and the intermediate level produced another admirable record of 7-1. With a record of 6-2, the optional level also has had a good season.

Five seniors will leave the team this year. The beginning level will lose Marty Dunbar, who competed in 3 out of 4 events with her best being floor exercise. The intermediates most improved performer Beth Duesterberg especially excelled on the balance beam and uneven bars. Co-captain Roxanne Scarbrough was the most improved of the optional level, her best event being the uneven bars. Other seniors in the optional level are Tricia Mengal, who competed on the uneven bars, and Gail Borden, a balance beam competitor, both of whom coach Pam Poe praised as being very good.

Boys' sports in review

The boys' spring sports have always earned their share of hardware for the trophy case, and this year's teams appear to be doing the same. As of this writing, the seasons looked like this:

The Track team finished its dual meet season at 5-3, before placing second in the Penn Invitational. In the Sectionals, the Eagles qualified five individuals, along with the 400 and 1600 relay teams, for the Regionals.

The Baseball team stood at 13-11-1 overall, with a 9-7 mark in the conference.

The Golf team showed great improvement, by completing their season, at 4-7 overall, with a 4-4 ledger in the conference.

LETTER TO THE EDITOR:

For the past six years, since my graduation from Adams, I have wanted to write this letter. As many of you seniors have probably already guessed, whether you go on to college or move away from South Bend in pursuit of employment, it will not be easy to keep in touch with your friends - even your good friends.

For the first year of post-high school life, it isn't too difficult to keep in contact, but I think you'll find that as the years go by you will gradually lose touch with many of the very friends you now swear that you'll never forget.

Our high school class had many attempts at staying unified - more so than most classes - and for a couple of years we accomplished this through New Years Eve parties, a cocktail party during the summer of our third year out of Adams (with 75 attending), and of course we have passed our first five-year reunion. I don't even know if we had one.

My recommendation, however corny it may sound, is that as high school graduates you make a real effort to stay in touch with whomever you will regret, in later years, having lost contact with. It is so easy to do, especially if you don't enjoy writing letters. One

alternative although usually done only on the university level, is to have a class secretary coordinate an alumni list or have alumni themselves contact the school with information on their where-about's to be available for inquiry from fellow classmates. My freshmen year at college I briefly entertained the idea of making up a list of about 25 people from my class that I wanted to keep up with and twice a year I could send a photocopied letter to them. I never did that and now I realize how novel and interesting that would have been. Once you lose touch with someone it is usually forever.

This past Christmas the batch of Christmas cards my wife and I received included some from long-lost high school friends and it's hard to describe what a great feeling it was to renew friendships even if only through the U.S. Mail. I consider myself lucky to still be in regular touch with a solid core of about ten good high school chums but even that requires an effort when everyone is scattered around the country.

Whatever you may leave behind from your high school days don't let your friends be among them.
