# Senioritis: Advice to Underclass

by Erik Janowsky

Here it is. the class of 1983. . .that wild, wonderful, and wreckless Senior Year we've all been waiting for. After waiting three years, it's finally here, and tell the truth: isn't it about the worst year you've spent at John Adams? To prove it, just listen to the sleepy seniors in the front hall on Monday mornings as they mumble obscenities while struggling with their combination locks, the same ones they've had since freshman year. And it's not only Mondays--on any given day a senior can be heard complaining about an English paper that's due the day of a calculus test, or physics (need I say more?), or some sort of application concerning college.

College has to be the clincher. That term "senioritis" that we've been hearing since first coming to J.A. basically refers to the worries of college. The list of obligations and deadlines is endless. Besides the applications to different universities (which can include letters of recommendation and a number of essays), there are applications for financial

aid--one for each college you apply to along with the infamous F.A.F. Another burden added to the ranks of forms to complete for higher education are scholarship folders. These beauties include three letters of recommendation, a lengthy letter of application, and the mention of the scholarship's code on the F.A.F. (there it is again, this time with a fee of \$4.50). All of these, along with the mental anguish that accompanies waiting for replies, can make life rather unpleasant and hazardous for the senior. If you tack on senior curriculum (which is guaranteed to include a teacher or two who feels obligated to "prepare" you for college) and a part-time job (which is supposedly a money source for tuition and fees), it all add up to headache.

There is, however, hope for the fortunate students who aren't seniors. As a junior or underclassman, you may view your upcoming senior year in three ways. First, you could vow to never become a senior, thus remaining at the happy junior stage forever. If this fails, you

may decide to bring your education to a halt and work your way up from the K-Mart Deli. Don't get me wrong; I know college isn't for everyone. But for those who wish to follow the road to college life, there is a third option: prepare.

At this time, there are numerous ways in which you can prepare for the turmoil of being a senior. Room 101, right outside the cafeteria, contains a virtual goldmine of information. This is the resource room. If you're like me, you thought it was useless as a freshman, sophomore, or junior. It is not useless; it is helpful. Mr. Rensberger is at the helm of Room 101, and I'm sure he'll be at your disposal if you have questions.

Although there is no way to actually complete all the applications and forms that need to be completed, you can lose that ignorance about "senioritis" that creates panic when you discover the senior experience. A moral is involved here: use some of the leisure time you've got now to check out Room 101 and get a handle on your future. It will be worth the effort.

## A letter to a graduating senior

Dear Graduating Senior,

Well, uh, allow me to introduce myself. My name, no-let me tell you a little bit about myself before I begin. I give advice. No, the name's not Rensberger. I'm the Advisor. Like Rensberger, I tell it like it is.

And it's about time you left. Ever since those warm days in February--but after that snow day in late March--there that killed you. You guys have wanted out of here bad--no, I mean real bad. And the administration, well, the feeling is mutual, I do believe.

There's a kind of unity, isn't there? Ya, can't see it--it's invisible--BUT it is there, right? Yeah, thought so. You guys have suffer-, er, uh, experienced, yeah I mean experienced four uh, years here. Experienced for years, huh? About 3/4 of a year too long.

The John Adams High School Experience--it's free except for \$13.45 once a semester and some blood, sweat, and a helluva lot of tears. Kleenex extra. You guys have been through a lot together. Like, remember when school started **after** eight O'clock?

What about the Hostage Crisis? Remember? Or the 1980 American Hockey Team at Lake Placid? Remember gas at a dollar a gallon?? Remember the day that President Reagan was shot, or the Pope. . .maybe John Lennon? How about the Space Shuttle's first mission or Walter Cronkite's last broadcast? The resignation of Dan Devine, Al Haig, and James Scamm--wait, hold on a second--that's for next year. Sorry!

Maybe a little closer to home. How about the frogs in Frosh Biology or the look in everybody'd eyes after Schutz's first test? The

Sectional finals--when we were sophomores, or the football game at School Field Junior year when we won our first game in fifteen attempts? What was that crusty junk on those goggles in Chem and why doe Moe have any reason to be cocky? Huh, what, WHY?

There ya' go. You got it now! WHY? What does it all mean? By now--it should all be jelled together into some kind of unindexable mass of data. You know: pi r<sup>2</sup>, existentialism, redox reactions, poetry, the wood project, that car that won't start--it's all part of the JA Experience. Who's gonna win tonight? Who cares? Give me an A--give me a P, give me another A--T--H--Y! What does it all spell?? APATHY!!!!

Apathy? Yeah, apathy! It's about time you all left. And you can smell the freedom. Twenty years from now, what will you remember? Rick Conklin (Class of '82) says all you'll remember is the best. The Gold!

How about those slow dances in the PE gym, the food fights in the cafeteria, your first date, the first time you imbibed a bit too much and became under the influence, the excellent Tennis and Volleyball programs, joking around with Goodman, Cwidak, or Rensberger, and receiving that letter of acceptance to the school of your choice?--The list is endless.

And What of the Experience? Only here at JA can you be yelled at for taking notes in geometry one minute and breathe into Mr. CPR the next. Only here can you view a caffeine reaction in math class one minute and sit in Study Hall coached by Hadaway the

next. No wonder you're all going schizo. No wonder you wanted out in February. Can't say I blame you.

But now the unity is gone. You've reached the top rung of the ladder--there is no turning back. You're on your own. It's almost too late to say those last few thank you's, there's no time to say all the good bye's that so desperately need to be uttered, your last prom was two weeks ago, and preparations for the Class of '87 are almost complete.

It's time you left. You've almost overstayed your welcome. You'll be remembered for two, maybe three years. Why more? You've done nothing extraordinary. And even if you had done something extraordinary--who would remember it was the Class of '83--because all the years come together anyway, right??

It's too late to stop the wheel. You don't want to anyway. You've outgrown the place. It's time to move on. You've grown and matured from (if not the good experiences) the bad. At any rate, it's time for you all to fly.

I do hope you enjoyed your stay! And bits and pieces from The Class of 1983 will forever remain in the heart of this high school--somewhere, down deep. Just remember, if you leave with more than you came with (if only a little bit more)--your stay was worthwhile. Good luck, give 'em hell, fight hard, stay well and most important: have a good one.

Most sincerely yours,

The Advisor

# Higher Plateaus to Conquer

by Alan Engel

With the arrival of graduation, comes the startling realization that we have reached a new, higher plateau which again must be conquered, alone, at least initially. Through our experiences, both in and out of the classroom, we have grown, matured, and developed into young men and women; the leaders of tomorrow. We have not only survived the last four years, we have prospered.

It is time, however, to turn another page in the book of our lives. Graduation is the end of a beginning and the beginning of new frontiers. We will all go our own separate ways; in pursuit of higher education, to the world of job seeking, to different parts of the country, to starting families.

Now is the time to think and reflect about the barriers that we, collectively and singly, have overcome and to examine the hills and mountains that lie ahead. We cannot forget the hurdles that were too large, the ones we could not clear, for they are as important, if not more so, than the accomplishments.

The accomplishments instilled an idealistic feeling, one that allowed us to dream. The

setbacks, however, forced us to ponder about the world in which we live and regain a realistic approach. The balance of the two is becoming most important in our unstable world.

As old memories flash in and out of the mind, we ask ourselves, "Was it worth it all? Did we really make a difference? Were we successful?" Of course, these questions must be answered individually. But as President of the Class of 1983, I'd like to think we were a successful class.

No one thought we would be able to afford an honors assembly or a prom. We helped pay for two. Some said our class lacked spirit. How many classes have ever won Spirit Week three times? We did. The list continues. . .

During the past four years we have shared each other's triumphs and consoled each other in loss, disappointment, and defeat. Soon, though, we will no longer be a unified class. We will go out into the real world by ourselves, alone. We will, however, draw the deep, personal memories of Adams and friends from the obscure corners and crevices of our minds and hearts to be used in times of need.

I wish I could bubble with confidence, enthusiasm, and optimism. But in today's world with a lagging economy, one can never be too sure.

We can be sure of one fact though. We attended the best high school in Northern Indiana. For whatever reason, Adams has the best reputation as IT IS the best high school in the area. The potential education that could be attained is mind-boggling. From AP classes to foreign language, from auto shop to band, from second year chem. to OEA classes--this is the best area high school.

If we have applied ourselves and have done fairly well here, then the hurdle known more commonly as the outside world will not be too large. It will take some time, but soon we will all find out if we have the ability to clear that hurdle.

For now, allow me to add that it has been a growing and stimulating experience serving as your President the past two years. You have taught me much, as we shared both victories and defeats.

For now, I offer my congratulations! In the future, I hope you all stay well, remember to fight hard, and have the best of luck.

## A Word From Our Principal

### To The Class of 1983

It is again the time of the year to bid our farewells to the graduates. One wonders where the time goes. I'm sure the Class of 1983 looks back and also realizes how quickly their four years passed.

As is true of previous Senior classes, and of those in the future, the Class of 1983 showed their poise, maturity, and leadership. What a joy to see the Seniors, leading the way in pep assemblies, clubs, athletics, drama, and music. It is so important to a school that Seniors show maturity and pride. They set the mold for the school. Class of 1983, you have

been exceptional in all phases of the leadership expected of you. I appreciate your support, help, and pride more than you will ever realize. You make the task of administering a school, in rather difficult times, so much easier.

Not only have you led the way in extra-curricular activities, but have done extremely well in the academic area. Co-op recognition on the state level, (3) National Merit Finalists, Science Research grants, and numerous scholarships already awarded and many more yet to come. My congratulations to each of you, and the fondest wishes for continued success from the John Adams Staff.

## Tennis

by Alan Engel

The 1982 Adams Tennis team had two goals this season. One was fulfilled; one was not. One was to advance to the state Finals; one was to win the State championship.

The Netters, under the direction of Coach Allen, advanced to the Finals of the State Tournament, but lost to North Central, 3-2.

Although losing the State Finals, the tennis team had an incredible season. Their 9-0 conference record led a 19-1 season which included an NIC Championship and Sectional, Regional, and Semi-State Crowns.

The Netters had six out of seven returning starters from their 1981 squad. With this experience and superb play, the team helped in the building of a Tennis Dynasty at Adams High School (their 3 year cumulative record now stands at 61-5).

Led by Singles State Champion Paul Koscielski who compiled an unmarred 29-0 record, the Netters placed five players on the ALL-NIC squad. Paul was named to the first team NIC squad while sophomore Kurt Roemer and junior Chris Foley also were named to the number one doubles first team ALL-NIC.

Although only playing together for the first half of the season, senior Phil Grayson and sophomore John Rohan were also named to the ALL-NIC squad. They were named to the number two doubles second team.

Senior Chris Toal (21-4), junior Benson Yang (2)-5), and alternate Mike Morris also had excellent seasons. In the years to come--many tennis teams will be written up. But this one was special.

Take an Allen, a Grayson, Toal, Koscielski, Yang, Rohan, Foley, a Morris, and a Roemer. Add some tennis balls and a few rackets. You not only get the 1982 second-ranked team in the state.....you get Class.

Not a gold trophy--just Class. But Class, well, it can't be tarnished.

by Cathy Gergesha

For the past five years the John Adams girl's tennis team has dominated high school tennis, and this year's netters carried on the tradition of achieving a fantastic season. With two victories over Michigan City Elston and South Bend Riley, the Eagles got off to a tremendous start. Even a disappointing loss to a previously ranked #2 and undefeated Bishop Luers (3-2) was not too big a blow as the girls continued their season.

Seniors on the team included Amie Tyler, who after improving her game last season, filled the #1 singles slot; and co-captains Karen Burdeen, #2 singles, and Connie Lee who shared the #4 singles and #2 doubles positions with first-year varsity Jennifer Dunfee. As seniors, these players provided experience and leadership for the rest of their well-rounded team.

For their second year in a row, Kelly Mitchell and Carol Skelton proved to be an aggressive and fast paced #1 doubles team. Sophomore Julie Bowers filled the #3 singles slot and Sara Miller, Kim Mitchell, and Fria Hansen shared the #2 doubles and #4 and #5 singles positions.

If tradition continues as expected, John Adams should have another top team to succeed the fine 1983 netters.

## Football

by Kevin G. Baer

A resurrection occurred this year in the football program. After struggling through the three previous years under the direction of Andy Mihail, first year coach Bill Farrell finally brought respect to Adams football. Although the Eagles went only 4-6, they downed Elkhart Memorial, Clay and M.C. Elston on consecutive weekends, prompting WSBT-TV to name Adams "Team of the Week." The Eagles were led by Co-Captains Kevin Williams and Brian Biggs, Brian also was named the MVP, won Kiwanis Award and honored by the Edward W. Krause Chapter of the National Football Foundation and Hall of Fame at the club's annual student-athlete dinner. Senior Brian Biggs commented, "very big things will happen in the future of Adams football. The Frosh went 7-2 and Coach Farrell has gained the respect of all the players."

The trenches were controlled this season by seniors Hank Coussens, Sean Lennon and

Joe Pask. Leading the offensive attack were halfbacks Kevin Williams and Cecil Gilbert, alone with quarterback Brian Biggs and wide receivers Mike Holmes and Ken Hardy. On defense, Seniors Frank Suski, Steve Poland, Dan Tarwacki and Vince Bowens made their opponents fight for every yard. Without these talented seniors and the enthusiasm of Coach Farrell, the Eagles could not have generated a successful season.

## Wrestling

by Anthony Walton

In terms of a won and lost record, the 1983 wrestling season was a great disappointment for both coaches and athletes. First year head coach Brent Lea's team struggled through a 4 and 12 season with no one on the team qualifying for post sectional competition. Of the team's 3 seniors, not one finished the entire season due to injuries. Previously

untested 9th and 10th graders competed in their places and although they gained valuable mat experience, the matches usually only added to an already disappointing season.

The future, however, looks a little brighter for the John Adams wrestling program. The season injuries were restricted mostly to seniors Sean Lennon and Todd Lentz, the team MUD. There are 10 healthy, returning lettermen for the 1984 season, five of whom have at least 2 more years of eligibility. The experience these underclassmen gained from wrestling better, more experienced opponents is certain to pay off in the future. There are only 2 weight classes unoccupied for next season, and that is a good sign. Also, underclassmen Michael Rouse and Tim Wiese had records second only to Lentz (12), who missed half the season due to a hip injury.

Some say that the best thing about the 1983 wrestling season is that it ended quick. But there is no disputing that the performance of underclassmen indicates a future powerhouse in seasons to come.

# Track

by John Vittori

Coming off a 1-9 season and losing all but 3 of nearly 15 lettermen, the 1983 boys track faces what is commonly known as a "rebuilding year." The likes of Parker, Randazzo, Syphiewski, Simon and Forbes are gone while only co-captains Dave Albright and Mike Holmes and junior Kevin Otolowski return. And in addition to losing their standout athletes, the team also lost its head coach, Doug Snyder, due to the teacher layoff.

New head coach Pete Smith, a Bethel graduate, should be able to avoid a spot in the cellar of the NIC, though, after doing a fine early season recruiting job of many talented athletes. Ronald Turner, Rodney Hetterson, Anthony Ree, and Cecil Gilbert should eventually prove to be the toughest sprinting foursome in the city, and the first two should be able to earn a berth to the Gary regional in the 100 or 200 meter dashes. Todd Moore and Raymond Hunt, both complete newcomers to track, have also shown ability in the 200 and 400.

In the field events, notoriously Adams weak spot, junior Andy Engeman has been steadily improving in the shot and discus. Senior Chris Toal, another first year track member, has also shown some kind of promise in the pole vault. He has a relentless drive to kill himself which has led him to vaulting into ocean-size puddles and rampaging through and onto.

rather than over, defenseless hurdles.

The distance contingent is easily the deepest part of the team. Kevin Otolowski, the city's top returning half miler is chopping away at a sub-2:00 800 and is a favorite to win that race in the sectionals. John Vittori, specializing in the two-mile, also hope to share a finish at the sectional earning him a trip to the Gary regional. Carl Stopper in the 800 and Mark Orlando in the 2-mile have been running well and the "Kindergarten Kids," freshmen Jason Yazel and Neil Lannuier, have proven themselves as two of the top frosh distance runners in the the conference.

In the hurdles, one name stands out and that is Mike Holmes. He is the lone model of perseverance and leadership for the team. He has already earned recognition as a state-class hurdler with his strong second-place finish at the prestigious Boiler-maker relays. A groin injury has temporarily side-lined Holmes, but his presenson base should carry him through it, hopefully, all the way to the Indy state finals.

Dave Albright, the other returning quarter miler has also been held back by an injury. Yet, at the Goshen Relays, he showed some signs of coming around with limited practice.

With some development in the field events and healthy returns by Holmes and Albright should be able to pull a 4 and 5 record knocking off LaSalle, Clay and Mishawaka at the end of the year. A third place finish at sectionals is equally possible.

by Kristl Sivak

The 1983 Girls Track team, coached by Mr. Reed, has stumbled, but are still making their way across the finish line. After having two consecutive undefeated seasons, the Eagles find themselves with a 3-2 record. But the girls continue to run hard and are looking forward to taking control during the tournaments.

Adams has many outstanding seniors this year. Captains Michelle Davis, who runs the 800, and Julie Davis, who runs the 400, relays, and long jumps, keep the other girls motivated. Coming out of a two-year retirement is Romnee Clark, an excellent runner in the 100, 200, and relays. Jana Kolar, who runs hurdles and holds the school record for high jumping, will be missed when she returns to Yugoslavia. The final four seniors are Amy Ball, who throws shotput and discus, Kate Manley in the 200 and relays, Debbie Woodhurst who long jumps and throws shotput, and Norine Ivy who runs relays and the 400 and 800.

Together the girls have the spirit and dedication that makes them all winners. Ask any member what the A on their sweats stands for, and they'll tell you it stands for AWESOME!

# Basketball

by Alan Engel

The 1982-83 Basketball team left questions within the minds of many fans and area basketball observers this year. Why did such an abundantly talented group wind up only 8-12 without a Holiday Tourney or Sectional Trophy?

The answer, unfortunate as it may be, is not cut and dry. It was a mixture of factors, most notably, inconsistent play. The Eagles had many spans of up to half a quarter when they were held to less than a couple of baskets.

But there exists another, less publicized, side of their season. For instance, their extraordinary potential shone bright in their first game of the year against highly respected Gary Mann when they exploded for a 79-61 romp.

Their team unity and closeness sparkled at times during their three-and-a-half month season. John Ritter's and Eric Moore's nonscoring contributions enabled the Eagles to defeat both Elkhart Central and St. Joe.

Few will soon forget Don Scheel's twenty rebound, twenty point night before we ultimately succumbed 68-67 to Memorial in O.T. and Ron Verduin's and Steve Poland's tenacious defense throughout the entire season will be greatly missed in the years to come.

8-12. Nothing to smile about.

But think about a cold, snowy Friday night. Hundreds of kids are lined up in bleachers. A type of unity and togetherness is produced. A victory brought satisfaction, a defeat...disappointment. Afterwards, whether at a dance or McD's, or a party--we all knew that Moore Ritter, Verduin, Poland, Scheel, and Co. gave 100%.

There, that brought a smile to our lips.

by Mary Siefkosky

The Adams Eagles girls' basketball team finished another strong season under the leadership of new head coach Tim Nemeth. The team was led by seniors Jennifer Wajsjahn, Diane Farmer, Julie Yazel, and Dana Gary. These four seniors showed sportsmanship, leadership and set a fine example for the underclassmen to follow.

Sectionals proved to be a heartbreaking experience for the team. The girls drew Mishawaka for the first round and psychologically got themselves ready to play. The game was toughly played and the girls kept their dream of beating the Cavemen alive. Unfortunately before halftime, the team lost Gina Nowicki to a knee injury and slowly things started going sour for the Eagles. Excellent offensive and defensive playing were put in by Julie Yazel, Judy Molnar, and freshman Meg Sweeney. Still, the girls lost and thus ended an impressive season.

Coach Tim Nemeth and his team are to be congratulated on an exciting and winning season and on their tremendous attitudes. The four seniors will be graduating and will move onto different things, but the examples they set, and the moments of fine play, and sportsmanship they showed will remain in the hearts and minds of the student body.

# X-Country

by Duane Kline

After beginning the year in a cloud of uncertainty, the John Adams cross-country team rapidly dissipated that cloud and became competitive both in conference and non-conference meets.

Not finding out who their coach would be until just weeks prior to their first meet, the X-men offered few surprises early in the season. Front runners Kevin Otolski and John Vittori returned, offering strong support for the largely underclass team. Junior K. "Fly" Miller and senior Doug Henkel provided two other strong performances season long.

The highlight of the regular season would have to include, of course, the annual clash with perennial archrival and power house Penn, which saw the Eagles fall by only one point, even though Penn was heavily favored.

As the past season opened with sectional, the Eagles ran to a somewhat stunning second place finish, only five points behind favorite Mishawaka. Just earlier that week, the Adam's junior varsity swept the top six places in the city meet, making Adams look strong for future state tourneys.

The varsity with the addition of some key runners, entered the regional, again with Mishawaka heavily favored. The Eagles again ran a close race with Mishawaka, but again came up second beating city-rival Riley, and NIC rival Penn. The Eagles finally bowed out with an eighth place finish in the semi-state.

With only three seniors leaving, Vittori to Purdue, Henkel to Ball State and Dave Albright to Notre Dame and with Otolski, Miller, Chuck Powell, and Mark Orlando returning to lead a talented group of underclassmen that includes the likes of Jason Yazel, Carl Stopper, Eric Knipple and Neil Lannuier, the eagles should be able to look forward to many more successful seasons.

## Volleyball

by Mary Slatkosky

Ever heard of the John Adams girl's varsity volleyball team? Many teams around the state of Indiana have. This year's girls went down to Indianapolis and were finalists in the state tournament.

The Eagles were led by Senior captains Julie Yazel, Karen Gillis, and team players Diane Farmer, and Debbie Woodhurst. Julie Yazel was once again voted onto the all-state team and received the MVP award. Karen Gillis, Diane Farmer, and Julie Yazel were voted onto the NIC 1st team along with Gillis and Yazel being named athletes of the week.

This was the fourth trip downstate for veteran coach Sue Ganser. Assisting her this year was Wilma Aitcheson who provided the necessary guidance and kept things cool on the bench.

The girls won sectionals after a very hard fought game against St. Joe. Regionals proved to be a very much sought after revenge date with the Mishawaka Cavemen. The girls played extremely well and dominated play all along. This year's first semi-state proved to be tough in the beginning of the day, but excellent playing by the four seniors once again brought another victory. Unfortunately that was to be the last win of the season. The team faced a very tough McCutcheon team in the first round and lost. Losing came as a big disappointment; to the girls, but as Coach Ganser said, "We've got nothing to be ashamed of."

Congratulations on a good season and for the excellent leadership and sportsmanship provided by the four seniors. Eagle fans will be enjoying memories of the "SWEET AS ICE" team for many years to come.

## Golf

by Beth Krege

The 1983 golf team had a season that golfers won't forget.

This year juniors dominate the team with only two seniors, Charlie Miller and Mark North. Both showed great capabilities.

Coach Coffey commented that they showed great leadership and were the most consistent players on the team.

He also commented that they took things humorously as well as seriously. They made sure that they had fun on and off the course, and took things seriously when things were bad.

## Soccer

by Patrick Woodard

The John Adams Soccer Team has breezed through their first four games, thanks to the performances of the senior participants. John Croy has provided most of the firepower with nine goals and three assists for a total of twenty-one points. John's best performance came in the most recent game against Fort Wayne Homestead, which he set a school record, scoring four goals. Senior Steve Collier, who the coach calls his utility man, also provides efficient scoring when needed; he is the third leading scorer on the team, behind Croy and sophomore Kurt Roemer, with three goals and three assists, for a total of nine points. The starting defense for the Eagles is composed of all seniors with freshman, Anthony Johnson, backing them up.

The wing fullbacks, Chip Cunningham and Kevin Baer, play vital roles for the defense; Cunningham's best performance coming against Washington, where he booted a forty yard assist to junior, Andy Beyers.

Stopper, Nick Muzzer, has played consistent soccer in all four games, and sweeper, James Pyles, who provides the leadership for the defense, has also played well in all four games. This defense has made the way easier for senior goalie, Kevin Hughes, who has only allowed two goals in four games, one coming off a penalty kick. The team defense hasn't permitted too many shots to be taken on their goalie, but Hughes has managed to record over twenty saves. With the leadership and ability of the seniors, the Eagles are hoping for their first sectional title.

# Swimming

by Mandy Mills

This year's Seagals team finished with a most impressive 8-3 record, and placed third in the Blue Wave Invitational behind the aquatic powerhouses of Elkhart Central and Penn. The Seagals, under the direction of first-year coach Jeanne Proteau, a former Clay star, were significantly improved from last year. Coach Proteau did such a commendable job, that she was named Sectional Coach of the Year. The 1983 Seagals were led by senior co-captains Jennifer Parker and Kate Manley, and senior teammates Kathleen Kusbach, Joann Hanlon, and Debbie Borowski.

The team earned a second-place finish in the sectionals, defeating six teams in the process. Adams was represented well in the state finals by the tremendous efforts of Beanie Tenny, Jennifer Parker, Jennifer Ready, Kim Beckman, Denise Lamborn, and Joann Hanlon. This year's team can be proud of the winning season, all its hard work and dedication brought them. Next year's team should be just as successful, with three members of the recordbreaking relay team returning—Beanie Tenney (one of Northern Indiana's finest swimmers), Kim Beckman, and freshman standout Jennifer Ready. Congratulations to the 1983 John Adams Seagals on a terrific season.

by Curt Clarisey

Having such small teams year after year, the swim team still did very well. Every year, Adams sent at least one swimmer down to State. Also, Adams had a lot of swimmers in Sectional Finals.

In 1980, Adams finished third out of seven teams in Sectionals. Freshman John Amico completed an excellent season by finishing third in the 100 yard breaststroke and first on a relay team. At State, Adams did well and tied for second in the NIC.

1981 was probably Adams poorest of all four years. Sophomore Amico competed in half the season and was out after that due to illness. Sophomore Curt Clarisey did well, but didn't have the experience as Amico. Adams finished fourth in Sectionals.

The highlight of the four years was in 1982. Adams finished a surprising third in Sectionals. Junior Clarisey finished an excellent fifth in the 100 yard backstroke in finals.

Our latest year, 1983, Adams finished an average fifth out of ten teams. Senior Clarisey hauled off a excellent season and finished fourth in the finals. Senior Amico recovered from his long term illness and came back to become Sectional Champion. At State, Amico finished seventh and got a lifetime best time. Adams finished twelfth in the State.

# Baseball

by George Vittori

The 1983 season for the John Adams baseball team is one of great expectations. As of this writing the team's record was an impressive 6-1 in conference which earned them the first place position in NIC standings, and 9-2 overall. The only two setbacks were against a tough Marian and Penn, a top 10 team in the state runnings. Among these victories was a stunning defeat of then No. 1 ranked Washington by the score of 2-1.

The team is comprised mostly of seniors who all play a vital role in the surprising success of the team. The Eagles pitching staff is made up of five quality pitchers, but for the most part they have used the three-man rotation of Dan Manier, Alan Nutting, and Dave Skidmore, all of whom are seniors and who have been performing to their upmost

potential. The play in the field has been top rate with co-captains Doug Henkel (catcher) and Brian Biggs (outfield) providing the team with experience and leadership. The rest of the seniors in the starting nine are Dan Tarwacki, Dan Manier sharing the duties at 1st, Ray Szajko at shortstop, Kevin Weesner at 3rd, and Scott Reed and Kevin Williams platooning in right field. The underclassmen who see action are Barry Kosek (1st), Mike Kolo and Rich Harman (2nd), Dan Demich (catcher) and Sonny Oakley (leftfield).

Offensively, the team has the ability to explode at anytime. The firepower is mainly supplied by seniors Manier, Williams, Weesner and by a junior Oakley.

The team is off to a torrid start and if it remains this way their dream of a sectional or even a regional championship may become a reality.

The John Adams Girl's Softball team, as of this writing made a tremendous start by compiling a 3-0 record by defeating Niles, Penn, and demolishing Marian 13-2.

Under the direction of Coach Flora and two senior, Val Lane, catcher; and Jennifer Wiesjahn, third baseman; who provide the valuable leadership, the Eagles have accumulated a perfect record thus far. Mary Rhoutsong and Peggy Duesterburg are the leading pitchers and short stops. Rachelle Hetterson, left-fielder; Kelly McMahon, second baseman; Megan Moriarty, first baseman; Mary Slafkosky, right-fielder; and Ann Woodhurst, center-fielder; are the leading starters who have displayed fine performances by maintaining high batting averages and RBI's contributing to the success of the team.

Because the team has always been one of the best, there is no doubt that it will do equally well as the season progresses this year. "We all feel that if we play to our potential we will make a good showing in the NIC and the city tournament," professed Jennifer Wiesjahn.

The 1982-83 Adams-LaSalle-Marian-Washington hockey team could only improve on their dismal 2-20 record of the previous year and improve is exactly what they did. The Pat McMahon coached team finished the season with a record.

The team this year had two new schools added to its roster to help improve and strengthen the program. These schools were LaSalle and Marian, but the team was still mostly full of Adams.

The team got off to a very slow start, but they quickly turned that around and by mid-season they were in the midst of a 5 out of 6 winning streak including a shocking victory over local hockey power St. Joe. But after this the team went into a horrid losing skid which lasted all the way to the beginning of the M.H. S.H.L. (Michiana High School Hockey

League) play offs.

The leader and the captain team all-league and the 4th leading scorer overall. Other players who contributed heavily were seniors Steve Collier and Nick Muzzer of Adams, Skip Wright of Marian, and Mike Callas of LaSalle who provided the leadership and the experience that this young team needed.

Underclassmen also had a contributing role to the improvement of this hockey team. These such players were sophomores Steve Gruenig, John Rohan, Brian Bartlett, and junior Andy Beyers. Another key underclassman was Scott Hutchings who minded the Adams net for most of the season and was a very important part of the tough defense.

The outlook for the Adams-LaSalle-Marian-Washington hockey team is one of great promise. This team will pray that all their hard work and effort will not go to waste.
