AUDIO-VISUAL AIDS DEMONSTRATED

Mrs. McClure's fifth hour English class is preparing an audio-visual program to be given during the regular class period on October 17. This program will be presented before visiting school personnel whom Mr. Garrett Weathers, head of the audio-visual aid department of the South Bend schools, is entertaining.

The class will demonstrate how a tape recorder is used for class purposes. Adams radio broadcasting techniques from the workroom to the classroom will also be shown as well as the recording of voices on records for study.

During the sixth hour these guests will visit a band rehearsal to see how Mr. Deardorf utilizes electronics equipment in his music instruction.

Life Gets Awful "Teejus," Don't It?

When I walked home from school
one day,
And staggered through the door,
My arms were loaded to the hilt
With pens and books galore.

Then I sat down before my desk,
And opened up my books.
My eyes surveyed the world outside
With tender longing looks.

I drew my eyes to (x+y)
With very good intentions,
And next moved on to Latin III
And all its long declensions.

Then with scowling, dark demeanor,
Mom called me to the door—
To remind me of the Drama Club,
Whose meeting was at four.

I dashed out to the car so fast
I thought my feet would burn!
When I arrived I heard the move
That Drama club adjourn.

Then to the "Nat" I quickly drove
To practice on my dives—
Forgetting what the doctor said,
For chlorine gives me hives.

At seven I jumped into my clothes,
And combed my dripping locks.
For next I went to Glee Club
To sing of glens and rocks.

When Glee Club ended late at night,
I still was on the go.
I went to a rehearsal
Of Player's current show.

By twelve I was home at last,
With vision very muddy.
At one I opened up my "Health",
And then began to study.

I wondered, as I sat and read,
Why life is full of struggles,
If clubs are mine, grades must be
made.

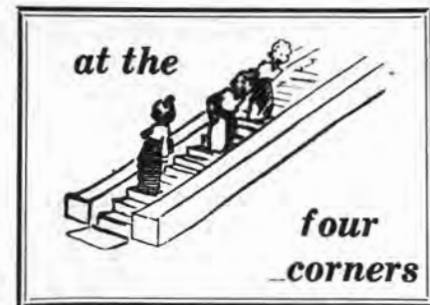

How can I solve such muddles?

THE ONLY SOLUTION — THE LAY-AWAY PLAN

A favorite sport of many girls is putting clothes, usually sweaters, on Lay-A-Way. This is a fancy name for "I'm broke now, but I'll give you a dollar and pay the rest later." The whole situation would be just 'george' if the stores didn't ask for a little security—the unpaid for garment. Sometimes one becomes obsessed with the Lay-A-Way plan and finds that the balance has reached the horrible total of \$50! But she might just happen upon some hard cash, now and then. She soon finds the unpaid balance diminishes quite rapidly. She may even get the sweater out of Lay-A-Way in time to wear it once that season. This process of avoiding the fact that she is broke is very troublesome. Why go through the Lay-A-Way plan when there are much easier ways to acquire that beautiful cashmere sweater?

One should explain to her parents that she **must** have a new sweater, and she just happened to see **THE ONE**. She is careful not to mention the price. After that plan fails she may try to take a collection at school. Unfortunately, no one considers it a worthy cause. The only solution is to save the money bit by bit.

Above all, one shouldn't ignore the penny laying on the sidewalk. Soon she has enough money to buy knitting needles. Oh well! There's still the Lay-A-Way plan.

More things happen in 3rd hour Civics, i. e. those notes that have been going back and forth between **Jo Swingendorf** and **Bill Bickel**.

Tales have gotten around that the Seniors aren't as smart as they think. Right, 6th hour English?

Attention to all who are in debt: Your problem is solved. Just ask delegate **Coverdale** from Oklahoma. His oil wells have made him rich.

A new steady pair—**Bob Shula** and **Marilyn Moffet** (Riley).

We now have an added enjoyment in our Chorus classes: dancing lessons. The instructor is the one and only **Mrs. Pate**.

Seen on a recent hayride: **Sharon Smith, Chuck LaPierre, Marty Kline, Roger Jurgovan, Paul Linscott, Nancy Kenady, Jim Kissell, Diana Palm**.

A word of comfort to the freshmen: Your'e not the only ones that get mixed up about the time of your classes. **Dale Gibson** and **Joan Moore** have trouble once in a while, too.

Where were **Bill Bickel, Bob Crofts**, and **Jim Worley** during Public Speaking last week? We only know that they were conspicuously absent.

It seems that somebody didn't pull his hand away quite fast enough from a lighted burner in 2nd hour Chemistry. What happened, **Joe Rich**?

We hear that **Mr. Nelson** ended up teaching the Ten Commandments to his Geometry I classes one day.

The temperatures may be high, but the second hour shorthand class is well prepared for the coming of winter. **Madelyn Dorn** has brought long underwear to the attention of everyone, even **Marcia Kruck**.

Wonder who's going to be on the "dummy" list this week? Better wear scarlet and blue next Friday.

It's fun to take both French and Spanish, but those "Si's" and "Oui's" are certainly being interchanged.

Seen enjoying the music of Ralph Flanagan were: **Sonny Stone** and **Barbara Goddard; Pat Holland** and **Hilton Swain** (C. C.); **Joyce Balko** and **Tom McNulty**.

It must be **Gingie's** magnetic personality that keeps drawing **Ralph Jensen** (Central grad) back to South Bend. Even the Air Corps can't keep him away.

Ah, the prudent juniors who do such a swell job of correcting senior papers. Now they're trying to tell us that the present progressive form of "write" is spelled "writting." Wariner's **Handbook of English** is \$1.65 in the bookstore.

Kathleen Trethewey and **Jack Longley** do a good job of combining smiles and typewriting fifth hour. What cooks?

Favorite remark of **Dennis Orr** and **Mr. Litweiler**: "Toto, there's a town."

WITH MY COMPLIMENTS

This week, October 5-12, is Fire Prevention Week. During the week there will be an organized effort to make the Nation realize that most fires are preventable.

In South Bend the community-wide observance will be under the direction of the fire prevention section, Safety Council of the South Bend Chamber of Commerce, in cooperation with the South Bend fire department and fire inspection bureau.

Sound rules of fire safety will be stressed in the campaign which will reach industry, business, the professions, the home-maker, and the schools.

Students in public and parochial schools will help with the campaign to eliminate fire hazards in the home. School building inspections and safety education will be encouraged in all the city's school buildings.

Adams observed Fire Prevention Week with posters displayed in the library and a fire drill. The purpose of this fire drill was to check on student conduct and the mechanics of a drill. We should put into practice the rules we have been taught about conduct, the closing of doors, getting fifty feet away from the building, etc., in order that we will know how to act and what to do in case we should have a genuine fire.

Afterthoughts: Be sure to see the Central production, "Under the Gaslight." . . . Follow our team to Mishawaka tonight; they need our support. . . . Thanks to the twenty-two sophomore girls and the four freshmen cheerleaders who decorated the goal posts for the Central game.

COLLEGE ANNIE WRITES HOME TO SIS RELATING DETAILS ABOUT FIRST DAY

Dear Sis,

I know you don't like being called "Sis," but I hate to disillusion Mr. Goldsberry by letting him know that we have a Katrina in the family.

I finally made it to college. I thought the mortgage on the house never would be approved so the folks could pay my tuition, but it finally came thru.

Upon arriving at Podunk U., I went immediately to the dorm. I opened the door, took a last look at the outside world, and stepped inside. I set my bags down and waited for the butler or someone to pick them up and carry them for me. No one seemed to notice me, so I cleared my throat loudly to attract attention. I couldn't have gotten any results if I had driven a 500-ton truck into the lobby.

Everyone else seemed to be going some place in a hurry so I decided to follow them. I don't know how it happened, but I found myself outside again, so I ran around to the front door, took a last look at the outside world, and pretended that I had just arrived. A girl walked up to me and told me she would show me to my room. I thought she was an upperclass student because she acted as though she knew a great deal, but when we ended up in the power plant, I became suspicious. Finally, she told me she was a freshman who had arrived the day before.

For the third time I entered the dorm, not forgetting to take a last look at the outside world. I approached a girl who looked slightly intelligent and asked her if she would help me find my room. She said she would be happy to, but she didn't act like it. In fact, she looked rather bored.

At long last we reached the hall and a woman came up and introduced herself. Later I asked the girl who the woman was and she said it was the housemother. I didn't want to appear stupid so I didn't ask what a housemother was, but I assumed she was the one who cleans our rooms and makes our beds.

I walked into our room and by this time I was dead tired so I sat down on something long and hard. I asked my friend what it was and she said it was a bed. I took her word for it. I turned on my radio-television set and it was going full blast when the housemother walked in. I smiled and asked her

COMING ATTRACTIONS

A variety of entertainment is to be presented during the month of October, 1952.

Making its second appearance at the Palace Theater, Wednesday, October 15, will be the stage show "Oklahoma". A cast of seventy five will participate in one of the best musical comedies of our time.

This year the Presbyterian Players are planning to give five performances, the first being "Streets of New York". It will be presented October 13-18 in the Lippencott Room of the Presbyterian Church.

if she wanted to clean my room then. She said no, but asked if I would please turn down my radio. I asked her to stay a while, but she seemed to be in a hurry, so she thanked me and smiled to herself as she left.

Well, that takes care of the highlights of my first day here. If anything new or interesting (such as tall, dark, and handsome) develops, I'll let you know. College . . . it's great!

With love,

College Annie.

Clothes Make the Woman

Now is the time when a girl's fancy turns to clothes.

The most important thing in the fashion world is the length of skirts and dresses. The length this year is the same as last year, the one which looks best on you.

The new color is Moss Green. Why not splash this color through your wardrobe? Remember, to splash is not to pour. Use the new color in accessories and see that your main wardrobe remains classic.

This year sweaters have a new twist—shades of pastels are running through them.

Alpaca coats are the newest things in practicability. They are especially warm for football games and are dressy enough for dances.

The date dresses this fall are either corduroy or wool jersey. Cotton dresses trimmed in velvet are also being shown.

For informal dances, separates are the thing. They can be mixed and matched or dressed up or down. Velvet and taffeta are very smart for those who want the sophisticated look. Like Alpaca coats, three piece suits and knit dresses are very practical because they can be worn anywhere.

This year formals are very elaborate and come in the newest, brightest shades. Here is a fine place to feature the new color of the season, moss green. Too many little drops make a puddle; a lonely formal in a new shade makes a sparkling entrance, one which will be long remembered.

Cosmetics are useful when you know how to use them. To know how is to use the light touch. To keep your natural look is most im-

portant. Lipstick and a little powder are the only necessary cosmetics for school.

For evenings out, a medicated powder base is the basis for a fresh look. A light film of powder and a bright lipstick will prevent any trails of a faded out look. Many girls prefer the pressed powder, which is very convenient. It neither spills from its compact nor gives a "made-up" look.

For your biggest, most gala dates, perfume is a must. Stay away from the too-heavy fragrances, then you will be able to renew the strength of your perfume without being recognized a mile away. Eye make-up when skillfully applied, makes a fine finishing touch to a lovely picture.

Bears Show Power; Claw Eagles 41-14

Central's Bears went over, through, and around the Adams Eagles to win a walk-away victory 41-14. Central scored on three passes, a plunge, and two end runs.

Central scored with just 3:53 gone of the first quarter on a one yard plunge by Jim Dulcet. Bob Scannell kicked his first of five extra points to put the Bears ahead 7-0.

Early in the second quarter the Bears moved to the Adams four yard line where Chet Bussert recovered a Central fumble. After the Eagles gained one yard in three plays DeLong's punt rolled dead on Central's 42. Three plays later Dave Kindt broke loose for 43 yards and a touchdown. Scannell kicked the point.

Central's third touchdown came on a pass from Dulcet to Molnar. The placement was missed by Scannell to make the score 20-0.

Central scored again with just two seconds to go in the first half, Dulcet going around end for 18 yards. Scannell kicked the point to put Central ahead 27-0 at the end of the first half.

After an exchange of fumbles midway in the third quarter Central moved 46 yards for their fifth touchdown. In the drive Dulcet passed to Kindt for 25 yards and then he tossed 19 yards to Scannell for the touchdown. Scannell made the placement.

In the fourth quarter Bussert recovered his third Central fumble on the Adams 20 to halt a Central touchdown drive. Adams proceeded to move 80 yards for their first score of the game. In the drive Dick Shaw gained 38 yards to the Central 11, then Ray Loar went over for the touchdown. Goldsberry kicked the extra point.

The Eagles went 59 yards for their final touchdown. Dick Wedel was the big gun in this drive going 38 yards on a reverse, and taking a 36 yard pass from Goldsberry for the score. Goldsberry made the placement, his sixth out of seven this season.

With just 35 seconds left Central scored again to make the final score 41-14.

EAGLES vs. CAVEMEN

The spirited Eagles will go into tonight's game against Mishawaka with a series record of two wins and seven setbacks. The series dates back to 1942.

Maroons Defeat Eagle "B's"

A powerful Maroon B-squad overwhelmed the Eagle B team by a score of 14-0, on Monday, September 29.

The Eagles held the Maroons in the first quarter but late in the second quarter a series of running plays and a pass clicked for the initial score in the game, a successful extra point put the Maroons ahead at half time 7-0.

In the third quarter the Cavemen scored their final tally and went ahead at the end of the quarter 14-0. Adams final touchdown attempt was smothered on the Mishawaka 20 as their downs ran out.

"Frosh" Defeated By Washington Panthers

The John Adams Freshman football team was downed on a wet Washington field, 19-6 Thursday, October 2.

In today's Scholastic Roto is a free offer which I believe many of you might want to look into.

"Pictorial Guide to Better Football" by Charlie Caldwell, head football coach at Princeton University, is being offered free of charge to Scholastic Roto Readers. The clearly illustrated guide features step-by-step instructions on how leading college players block, tackle, punt, pass, etc.

You can get a copy of this guide for the asking at the Thom McAn shoe store uptown.

Apologies to Ral Loar for the incorrect information given in the Tower on October 3. A misprint stated that Ray gained 0 yards in an Adams touchdown drive of 45 yards. It should have read that he gained 10 yards.

CROSS COUNTRY DROPS MEET

In a cross country meet at Michigan City with Goshen, North Side, and Michigan City, Adams came in last as Goshen forfeited. Bad weather and wet grounds were main factors in the tilt.

For Adams Jones placed 4th, Kreitzman 14th, Good 15th, and Jurgovan and Worley 19th and 20th, respectively.
