## Twenty-one Ushers Receive Awards

Each time a member of the Ushers Club participates in an ushers club activity he is given one merit. When a member has accumulated twenty merits he is awarded the first chevron. For forty merits he receives the second chevron and when he has a total of seventy merits he will be awarded the ushers club gold pin. One hundred merits entitles an usher to receive a second gold pin and after one hundred forty merits he is eligible to receive the ushers club gold pin set with jewels at the time of graduation.

Twenty-one members of the John Adams High School Ushers Club received awards last semester. Jack Venderly, Michael LeBurkin, Larry Barton, Richard Bast, Eddie Edwards, and Richard Bare received their first chevrons at the close of the first semester. Robert Harbin was awarded the second chevron. Gold pin awards went to Donald Eberly, Michael Grundy, Thomas Hauguel, Jack Inks, Thomas Smith, Bruce Stickley, Charles Wintz, and William Waechter. A second gold pin was presented to R. David Stouffer, Michael Wood, and David Eberly. Three members of the class of 1953 are eligible to receive the jeweled pin when they graduate next June. These ushers are Robert Beale, Joseph Vargo, and Richard Wallace.

## RECORDING MADE

A tape recording of an incident in the life of William Makepeace Thackeray was prepared by students of Mrs. McClure's Public Speaking class for use over station WHOT.

Nancy Hertel, Marilyn Hoffmann, Edward Struck, Larry Spradlin, Floyd Troub, Barbara Koto, and Janice Schrier were participants in preparing the recording.

Miss Becky Anton, student teacher for Mrs. McClure, directed the group. Mr. Galon Miller of the School City Visual Education Department was responsible for making the recording.

## STUDENTS LEAVING

Seven students from the 12A class have qualified for graduation and will not be back with us next semester. Those leaving are Lewis Asire, William Buckles, Hans Ditsch, Joan Evelt, Helen Garner, Douglas King, and Shirley Lee.

## SENIORS

State Scholarship Exams are to be taken January 30 in the Little Theatre from 8:30 to 11:30.

## Adams Students to Appear on WSBT-TV; Glee Club Sells Tickets for Concert

On Sunday, January 25, seventeen members of the John Adams Glee Club will sing in a sixty-eight voice choir made up of small groups from the South Bend high school Glee Clubs. The choir will meet at the Notre Dame Drill Hall where the concert will be televised over the new WSBT-TV station.

The St. Olaf Choir from St. Olaf's College of Northfield, Minnesota, will appear in South Bend on Tuesday, February 3 at 8:00 p.m. The choir, on a nationwide tour, will be directed by Olaf Christiansen, the son of Dr. Melius Christiansen, founder and former director of the well-known St. Olaf choir. Olaf Christiansen has been

in South Bend in previous years to direct the combined high school choir which has sung for the North Central Teachers' Association. He will direct this group in South Bend again next fall.

Three hundred twenty-five student tickets at 65 cents apiece and seventy-five adult tickets for the February 3 concert at \$1.35 have been distributed among members of the Glee Club and may now be purchased from them. As an incentive for selling tickets, a contest has been organized with the Glee Club divided into two selling teams, one led by Jean Woolverton and Tom McNulty and the other by Pat Holland and Robert Bock.

## CLARK PLACES IN SPEECH CONTESTS

The St. Joseph Valley Forensic League held a Symposium (round table discussion) at Central High School on January 14. The schools represented at this meeting were Adams, Mishawaka, Central, Riley, LaPorte, Howe Military Academy, and Nappanee. Students from each of these schools discussed the question, "What form of international organization should the United States support?" Coaches from the St. Joseph Valley Forensic League chose the students whom they thought to be the best discussants. Adams' William Clark won the Blue Ribbon for first place. Dale Lewis from LaPorte took second place.

The Extemporaneous Speech Contest was held at Mishawaka High School on December 18. William Clark won second place for John Adams in that event.

## Name Cards and Announcements Ordered

Following a senior cabinet meeting recently, committees have been at work selling name cards and graduation announcements in the senior home rooms.

The committee responsible for the sale of name cards are: Dick Sander-son, chairman; 101, Mary Allen; 102, Dale Gibson; 107, Dave Jones; 210, Jill Jacobson; 207, James Van Horne.

Students taking orders for graduation announcements in the home rooms are: 107, Joe Kreitzman, chairman; 101, Shirley Bull, 207, James Worley; 102, Pat Grant; 210, Jill Jacobson.

## New Students to be Welcomed in Assembly

This morning at 9:30 a.m. in the Auditorium there will be a welcoming assembly for the new students coming to Adams from the feeder schools, sponsored by the Student Council and the TOWER.

Dick Shaw, president of the Student Council, will preside and after welcoming greetings will introduce Luce Williams, editor of the TOWER, who will explain extra-curricular opportunities at Adams.

Following the assembly the members of the Student Council will take groups of ten new students on a tour of the building to meet the faculty and to acquaint them with the layout of the building.

## Hi-Y Sponsors Dance

The Snow-Shuffle, a sport dance, sponsored by the Hi-Y will be held tonight in the Little Theatre immediately following the LaPorte game. The dance is open to all students who attend the game. Tickets will be sold at the door.

James Dincolo is general chairman. He is being assisted by Gordon Smith, who is in charge of music; Mike LeBurkin, chairman of the decorations committee, is being assisted by Dennis Britton and Lloyd Gearhart. The advertising committee is composed of Tom Haugel, chairman, Lloyd Gearhart and David and Donald Eberly. Refreshments are being arranged for by Mike LeBurkin and David Jester, and Richard Wallace; and tickets will be sold by David Jester and Dennis Britton.

## Room Changes Begin With New Semester

During the change between semesters, a plan will be executed in which each department, in most cases, will be given its own section of the building.

The English department will use the following rooms: 101, 102, 103, 105, 107, 108, and 201. The rooms will be assigned so that the freshman English, junior, and senior will be together respectively. Miss Farner, Mr. Hunter, Mrs. Tash, and a new teacher, Mr. Kaepler, will have different rooms.

The mathematics department will be housed in the new addition using rooms 112, 113, and 114. Mr. Wier, Mr. Nelson, and Mr. Seaborg will occupy them. The rooms are adapted especially for mathematics.

Social studies will be taught in 109, 111, and 210. Mr. Neff will move to 111 and Miss Bauer to 210.

Foreign language classes will be located in the new addition. Miss Law will occupy 213, Miss Kaczmarek 215, and Mrs. Knebel 214.

Biology rooms will be 208 and 212 with Mr. Martin, a new teacher, in 212, Mr. Litweiler in 208.

In the shop department, industrial arts has been divided into two groups. Machine shop, printing, and general metals are in 104. Woodworking, and arts and crafts are in 104A, the old drafting room which has been remodeled for its specific use.

## WABASH OFFERS SCHOLARSHIPS

Twenty Honor Scholarships, valued at \$40,000, will be offered by Wabash College to high school senior men in competitive examinations April 7 and 8.

Wabash, a liberal arts school for men, will give five scholarships providing \$1,000 a year for four years, five providing \$500 a year, and ten providing \$250 a year.

These scholarships will be awarded on the basis of two days of written examinations and personal interviews.

All candidates will be examined in English, elementary algebra and plane geometry, laboratory science, and history. Contestants may choose the branch of science (chemistry, biology, physics) and history (ancient, world, or United States) in which they wish to be examined.

## ARE WE WORTHY OF OUR STANDING?

Today we seniors are beginning our last semester of high school. At the end of this term we will join the ranks of alumni. Adams will then be a memory; no longer will it present a daily routine or an obligation to fulfill. At this time it is only natural that we review the experiences of the past three years.

In what ways have we changed since the fall of 1950? What have we gained that will be of value to us throughout life? Have we given ourselves a good start on the way to social and intellectual maturity? What have we sacrificed in order to do so? What has taken the place of immature judgments and evaluations?

Are we worthy of the admiration and respect paid to seniors? Do we stand ready to help, guide, and advise the underclassmen when they consult us? Do we make a concentrated effort to eliminate the teasing that goes with the first year in high school? Do we give freely of our time and effort to improve our school for the seniors to come? Do we maintain high standards of sportsmanship in all our endeavors? Are we the kind of school citizens that succeeding ones will be proud to emulate?

We must answer, yes, to these questions before we can consider ourselves worthy of senior standing. To me, the senior personality is the culmination of four years' development and preparation for life. I feel that a senior is one who has created for himself a foundation of wholesome appreciation, useful skills, and warm understanding. On this foundation he will build a strong future, one rich in appreciation of his own personal dignity and that of his fellows.

—Margaret Jamison.

## ADVICE TO NEW FRESHMEN

I am only a freshman and I have lots to learn, but I also have learned a few things. There are no swimming pools, nor elevators, nor a third floor. But there is a basketball team at Adams and a very good one.

Freshmen are the dirt under the dirt. They are the gullible and juvenile ones. They are the ones who get the worst seats during assemblies and home games, but I still think it's fun to be a freshman. If we do something wrong, we are only freshmen and that is expected of us. I feel so sorry for the seniors. They have to run the school and set the examples for us to follow.

Even though freshmen are the best bait for jokes, I think everyone likes to see them come. The teachers do everything they can to make us feel at home. Everybody has a lot of fun and we even learn a little in our spare time.

If you ever want any excitement, just go to the Four Corners. That is where all the gossip begins and sometimes ends. There also is a warning bell three minutes before home room and fourth hour classes to make it convenient for the "guys" who are walking their girls to class—it is timed so that they can run to their own class just in time for the bell. If your locker gets stuck, which it probably will, don't kick it and scream, just call someone over to help you.

I'm sure all the incoming freshmen will like Adams. The first few days may be a little rough, but before the week is up it will really be home. Have loads of fun and do your homework and you'll get along fine. We're glad to have you.

—Gwen Garwood, 9A.

## BEAUTY SEEN IN SNOW AND ICE

Far above the dim horizon  
Through the gathering haze  
There rise gray wisps from chimney  
tops  
To meet the sun's last golden rays.

The fireside beckons me to come  
And bask in its cheery light,  
So I leave my work to come and rest  
And watch its upward flight.

For hours I sit and read the tales  
Of knighthood's glorious day,  
But my eyes are drawn from the page  
Though I try my best to make them  
stay.

At last I'm led up to the window  
By a silver-flecked moonbeam;  
The Sun long since has left the sky  
And crowned the moon to rein  
supreme.

When I reach the gloss, I find it  
covered  
By a glistening paradise  
Jack Frost has in the bitter cold  
Drawn a masterpiece in ice!

At first the glass seems painted with  
stars  
Winking shamelessly at me;  
They leap and dance upon the pane  
It's a gay performance for all to see.

The highlights on the window pane  
Glow bright enough to blind.  
I shut my eyes, then stealthily peek  
To see what wonders I shall find.

A shimmering garden now lies  
revealed,  
With flowers dressed in pearl  
Whose dew-kissed heads bow low  
with grace  
While dainty, shining leaves uncurl.

Then another transformation made  
The flowers have left again,  
But in their place a lofty castle  
Stands guard amidst the plane.

The stately place rises high  
Above the trees so tall,  
To guard their regal diamonds  
Within the sturdy treasure hall.

Yet in the castle's other wing  
Bright elves all garbed in white  
Prance smartly in their crystal living  
And then fade out of sight.

And with these tiny elves again  
Our fairy world now fades;  
'Twill come again, when nature paints  
A silver masterpiece in praise.

Now heed my words, you students  
bright;  
Your teachers heed them too,  
For someday when you're old and  
gray  
They'll drive despair and grief from  
you.

Seek not in far-off lands for treasure  
Nor paintings for true art  
For here close by, if you'll just look,  
Are better things from Nature's  
heart.

—Nancy MacIvor.

**Question of the Week:** How did  
Toby Priebe acquire that beautiful  
black eye? She says, "End man on  
the whip."

New friendships seem to have developed at **Bob Croft's** surprise birthday party. We mean **Sue Angus** and **Dick Sanderson**; **Jackie DeLeury** and **Dale Gibson**, **Nancy Hertel** and **Hans Bohlmann**.

It seems **Dick Sanderson** will make a bet about anything, especially when it involves sitting with a cute girl on a train.

We're really concerned about members of our faculty who are not able to be on time to catch trains, especially when they are accompanying a group as a chaperone. We all have car troubles, don't we, **Mrs. Pate**??? or alarm clock troubles.

You get your taxi service free when going steady. Ask **Fred Laas** for details.

We send orchids, envious little green ones, to **Nancy Leighty**. Her belated Christmas present is a swell means of transportation.

Greetings and a welcome to **Barbara Roheff**, 206, who attended Louisville Collegiate in Louisville, Kentucky.

Our deepest sympathies go with **Dick Sanderson** on the death of **Hank Williams**.

The girls are advised to beware of **Sam Rice**. He pops into gym classes with the excuse "Just Checkin'."

Our congratulations to **Tom McNulty**. After many moons he finally go together with **Judy Mellow (Central)**. We hear that he "feels just wonderful" about it.

We noticed almost everyone at the prom — **Pat Goddard** and **Tom Vermande** ('52), **Patt Pask** and **Bill Inks** ('52), **Chuck Apeltgreen** and **Sharon Rogalski** (Riley), **Delores Mueller** and **Dick Nidiffer** (Kalamazoo), **Bob Crofts** and **Rosalee Tarr** (S.M.A.), **Shirley Bull** and **Jim Hlaven** (N.D.), **Joyce Balko** and **Duane Rowe** (Valparaiso), **Carol Gross** and **Roger Stouffer**, **John Maurer** and **Lynn Whitman**, **Shirley Nelund** and **Gary Sells** (Mish.), **Pat Grundy** and **Bill Haefele** ('51), **Carol Neiter** and **Howard Baird** (ex-Central), **Mary Lou Hibner** and **Joe Cline** (N.D.), **Eleanor Earl** and **Bob Richard**, **Pat Holland** and **Joe McMahon** (C.C.), **Loretta Ortman** and **Louie Doer** (N.D.), **Dick Northrop** and **Nancy Conrad** (Riley), **Mark Leliart** and **Nancy Weintraub**, **Pat Nietch** (Riley) and **Bill Buckles**, **Marilyn Cole** (Riley) and **John Blair**, **Pat Caraton** and **Trent Hilborn**, **Joan Eveld** and **Tom Pozzi** ('51), **Jane Williamson** and **Paul Kocsis** (Mish. ## EAGLES OF THE WEEK

**Roger Jacob Jurgovan**, president of the senior class, was born on September 15, 1935. He attended Jefferson and Nuner before coming to Adams. Roger has been a member of the Student Council since his sophomore year and has served on the council's committee for choosing the queen of the Riley-Adams basketball game. Roger, who is 5' 11" and weighs 145 pounds, tells that his hair is auburn brown, with a streak of chestnut. He is also captain of the swimming team, a participant in intramural basketball, and a member of the monogram club. He received his letters in cross-country and track.

While at Adams, Roger has majored in the fields of English, Spanish and Math, the last is his favorite because he is interested in figures. He plans to attend Purdue University to work for a degree in Engineering. In his spare time Roger finds time to usher at his church, Redeemer Lutheran, and to fish, to hunt, and to listen to popular music. He likes to hear the music of Tony Bennett and Ralph Martierre, and especially enjoys "September Song."

Roger admires people who are sincere, honest, agreeable, and sociable, and doesn't care for those who are shy. Like most of the male contingent, he enjoys seeing a girl in a bathing suit; however, he will settle for and edition in a navy skirt and pale blue sweater, and with a short, close hair style. He thinks the ideal male should wear grey flannels, navy sweater, cordovans, and argyles. Those who want to stay on Roger's good side will avoid saying "yup" for that is the one word he does not like at all. However, he can be appeased by food, so long as it's digestible. Roger regrets leaving Adams, the friends he's made here, and the general friendliness of the place.

### IDEAL FINAL EXAM

1. Who discovered America?
2. With what sport do you associate a tennis ball?

**Richard Shaw**, president of the Student Council, was born on October 25, 1935. A former student of Jefferson, Dick has hazel eyes, light brown hair, is 5' 11" tall, and weighs 165 pounds. In his first two years at Adams he was a member of the glee club, and Junior Red Cross. Besides being president of the Student Council, Dick is a member of the Monogram club. He has participated in track and won a monogram in football. Dick received the Kiwanis award for football in the fall of 1952.

Dick has followed a pre-college course at Adams, with majors in English, Mathematics, Social Studies, and Science. At this time he feels that his favorite class is English VII. Typing I brings back memories of a different sort than those one usually cherishes. Dick is planning to attend Wabash College after graduation. He has tentatively decided to do graduate work in theology and may choose the ministry as his life work.

Dick likes to keep his friends pre-occupied by talking. He is a member of the Youth Fellowship at Sunnyside Presbyterian church, and enjoys all sports, especially tennis. He enjoys people who are quietly brilliant and able to keep up an intelligent conversation. He doesn't care for persons who base their self-evaluation on being "rods." Dick didn't disclose the length of his list of dislikes, but he places gossips and slack-clad girls at the top. He likes to see girls dressed in sweaters and skirts and fellows in sport shirts and slacks.

Junior Class President—**Bill Blue**—"I can't put my finger on it, but I sure do like it!"

Captain of Football Team—**Chet Bussert**—"I can't think of anything."

President of Monogram Club—**Joe Kreitzman**—"Meeting a lot of people."

President of Library Club—**Thelma Demler**—"The company I keep."

President of Glee Club—**Tom McNulty**—"I'm grateful for the training in how to present and deal with problems."

Album Editor—**Mary Agnes Gingrich**—"I've enjoyed having everyone ask me when the underclass pictures would come in."

President of Jr. Red Cross—**Jo Swingendorf**—"Golly!!!!"

President of Y-Teens—**Rosie Brooks**—"I am in a position to help and watch Y-Teens grow."

Tower Editor—**Luce Williams**—"Not having to write editorials."

President of Jr. Waltons—**Jim Dincolo**—"The work is interesting, educational, and it's all a lot of fun."

Senior (to photographer): "I don't like these photographs. They don't do me justice."

Photographer: "Justice? You don't want justice, you want mercy."

## PERFECT INDIVIDUAL

People have always been of interest to me. I sometimes find myself thinking of what the ideal character of a person might be.

I would like to know a person who is proud but not too proud; jealous, but not insanely so; ambitious and capable of true love for his fellow-man without the veneer of false pretense.

I know that searching for a perfect individual would be foolish because man is not made in this way. But just think of the Utopia the earth could be if it were filled with people who would consider their God, their society, and their country before acting.

## EAGLES DROP TILT TO BEARS

The Adams Eagles dropped a 57-52 decision to the Central Bears as their desperate last half rally fell short.

Midway in the third period, with the Bears leading 37-23, Adams started a rally which was to tie the score at 48 all late in the fourth quarter. Jerry Thompson, Larry Kedsie, Jim Van Horne, Tom Goldsberry, and Larry Van Dusen combined to lead the Eagle assault on the Bear edge which dwindled until the above mentioned tie.

Central grabbed its first lead midway in the first period mainly on the efforts of Paul Harvey, who sparked the Bears in the first half. The Bears lead at end of the quarter by a score of 17-12.

The Eagles settled down a little bit in the second frame as they cut the Bear lead one point to 26-22. Larry Kedzie swished a long set shot as the half ended to give the Eagles their twenty-second point.

Early in the third period Central moved to their 14 point lead behind the red-hot shooting of Tom Schafer, but the never say die Adams "quint" took off in hot pursuit. The Eagles started moving and had pulled to within five points of the Bears at 44-39 when the quarter ended.

In the fourth quarter Adams continued to pull closer as Central had trouble finding the range. The Eagles finally tied the score at 48 all, but a basket and four free throws moved the Bears into the lead to stay at 54-48 with less than a minute to go. Adams fought back again with a lay-in and a push shot, but this last rally fell short as the Eagles failed to get the ball again. The Bears got a basket and a free throw in the final margin.

Larry Kedzie led the Eagle scoring with 19 points while Jerry helped him out with 16.

## "B" Team Wins Two Words with Wallace

### Central

In the Adams-Mishawaka "B" game, both teams started very slow, with the Eagles picking up steam toward the end of the first quarter to lead 7 to 4. The Eagle "Bees" started with a terrific bang to grab a 12 to 6 lead, and kept up the pace throughout the quarter to lead 19 to 9 at intermission.

The third quarter practically sewed up the game for us when the Eagles again picked up two more than Central as they led 27 to 15 at the end of the  $\frac{3}{4}$  mark. Adams increased their lead to 36 to 16 before Central came to life, and in the remaining two minutes, they pumped in seven points while we were securing only two. The final score was 38 to 23. Dick Green led the Adams attack with 11 points.

### Mishawaka

In a fast moving game the Adams B-team gained revenge against the Mishawaka "B's" for a previous loss with a 59-47 win over the Maroons. The game started fast and continued the same way. Tom Winship led the Eagles with 14 points, but three other Adams players also scored more than 10. They were: Dick Green with 13, Tom Troeger with 11, and Bob Klowetter with 10.

### "Frosh" Basketball

The freshmen "B" team won their third game at the expense of the LaPorte "frosh" 39-27. LaPorte led at the half, but the Eagles came back strong to win easily. The high point men for the Adams "frosh" were Paul Edgerton and John Robbins with 12 points each.

Thanks are in order to Don Pearson, Sonny Stone, Hubert Goodin, John Steinmetz, Larry Mooren, Jim Kemble, Tom Olschewsky, Phil DeLong, and the other members of the B-team for the tremendous backing they gave the Varsity during the game at Warsaw. They gave the Warsaw cheering section of some 250 students some real competition. Too bad some of the Adams students feel it is beneath their dignity to yell.

**Do you know what** the fastest engineless sport is? Here's a clue: You can reach a speed of 142 miles per hour in this sport without motors. Look for the answer on page 2 of the Scholastic Roto included in today's TOWER.

**When you go to the LaPorte game** tonight take a good look at our B-team because they're going to make up a good share of the Adams Varsity next year. Only four members of this year's varsity, Thompson, Goldsberry, Rice, and VanDusen will be back next year so at least six members of the B-team will be on next year's varsity.

**The biggest feather** in this year's B-team cap is of course their defeat of the highly regarded Indianapolis Howe B-team. Howe, unbeaten as freshmen and sophomores going into the Adams game, met defeat by the lop-sided score of 44 to 31.

**Going into tonight's game** with LaPorte the Eagles will boast a 63 point offensive average and a 51.9 defensive average in twelve games. Thus far the Varsity has run 9 laps while Coach Seaborg has been on the running end 142 times.
