Vol. XIV No. 16

JOHN ADAMS HIGH SCHOOL — SOUTH BEND, INDIANA

January 30, 1953

Annual Poster Contest Announced

On January 14, the Junior T. B. League Board held its regular monthly meeting. Mary Agnes Gingrich and Robert Walcott, representing John Adams, were present at the meeting. The program consisted of an informal discussion with Meline and Chant Manoukian of Cairo, Egypt, who now attend Central High School.

Announcement was made about the 16th Annual Health Poster Contest, which is open to all high school students. The subject for the posters is "How to Fight Tuberculosis." The poster size must be 16 x 22 inches, made at school or at home, using any media, either pen or brush. The name, school, grade, and post office address of the student must appear on the back of the poster in the lower right corner. All posters must be in the Tuberculosis League Office no later than Monday, March 9, 1953.

First prize is \$30; second prize, \$10; and third prize, \$5. All posters made by students other than seniors will compete for a scholarship of one semester of lessons at the South Bend Art Association.

This contest precedes the State contest, and posters entered by a high school senior who will be a member of the 1953 graduating class will be sent to Indianapolis to compete in the State Contest for a full year's scholarship to John Herron Art School.

For further information consult Mr. Seely or the Tuberculosis League, 319 South Main Street, South Bend, Indiana.

Student Play Recorded

On Friday, January 22, at the Audio-Visual Center, Mrs. McClure's English V class made a tape recording of a play which was written by Janet Burke, Myrna Corditz, Marylee Crofts, Paul Butler, and Paul Elliot. The play, directed by Mrs. McClure, told of the escape of an American family from Communist occupied Germany to the American sector of Berlin.

Members of the cast are: William Blue, Mary Lou Baker, Paul Elliot, John MacNamara, Rosemary Cox, Joan Gersey, Robert Lent, James Alward, Charles Taylor, Eileen Powers, and Joe Grazyc.

This recording will be played over radio station WHOT, Sunday, February 1, at 1:30 p. m.

NEW TEACHERS

Pictured above, left to right: Mr. Ernest Kaeppler, Mr. Harry C. Davis, and Mr. Lawrence Martin.

THREE ADDED TO TEACHING STAFF

Mr. Ernest Kaeppler, our new freshman English and Math teacher, has been a teacher at Nuner school for twenty-six years. He attended the University of Wisconsin where he developed an interest in all kinds of sports. He has coached basketball at Nuner.

Mr. Kaeppler's son Kent attends Thomas Jefferson school.

Mr. Harry C. Davis, who has been employed to assist Mr. Dickey in the shop, attended Indiana State Teachers College, Columbia University, and the University of Chicago. He has taught Industrial Arts for thirty-five years, first in Franklin County, in southern Indiana and then in St. Joseph County at New Carlisle and at Washington-Clay. He has also been a basketball and baseball coach, and his favorite sport is wrestling.

Our new Biology teacher, Mr. Lawrence Martin, comes to us from Nuner school where he taught for the past twenty-one years. He has also taught at Central High School for four years and at Clinton, Indiana, for two years. He received his training at Indiana State Teachers College, Terre Haute, Indiana, and at Indiana University. Two of Mr. Martin's three daughters are graduates of John Adams.

HOSPITAL TO HOLD MONTHLY OPEN HOUSE

To give interested high school students an opportunity to learn more about Memorial Hospital and its School of Nursing, an Open House will be held in the Navarre Residence, 133 West Navarre Street, from three until five o'clock in the afternoon on the last Friday of each month, January through May.

Any senior high school student will be welcome. The programs will be so planned that a student will be able to talk with the student nurses and faculty members and have a conducted tour of the Hospital and Nursing School. There will also be a movie, "Keepers of the Lamps," shown during the Open House.

As part of the sophomore and senior guidance activities, students from these groups will be asked to register the date they prefer to visit the Hospital.

ARE YOU READY TO BECOME A SENIOR?

Are you worthy of being a junior? This is a question we juniors should all ask ourselves. Are you preparing for your last three semesters accordingly? Are you arranging your extra-curricular activities so that you have time for studying? Are you taking on more activities than you can manage? Are you taking advantage of the courses offered to you at John Adams which will best prepare you for your future life after high school? Are you spending your time wisely this year in your studies so that when you are a Senior, you will be able to enjoy the social activities which you have looked forward to for four years? Can the Junior of 1953 feel that he has made the most of his three years in all ways (spiritual, scholastic, athletic, and social) so that when he marches out of Adams and onto the road of life after commencement, he will be prepared for a richer and fuller life? Are your philosophy and spiritual values sufficient to comfort you when life gets hectic?

Are you participating in extra-curricular activities? If at all possible, everyone of you should take part in at least one outside organization. These activities help you to have a better understanding of human nature by working with others. One of the most important perceptions of life is the knowledge of human nature.

Are you taking on more activities than you can manage? It is all well and good to take on these activities, but if you can only manage one or two, then only participate in one or two. Don't overload yourself to the extent that your studies become of second importance.

Are you one of those people who try to find a million and one excuses not to study when you have the opportunity (sponsor period, study hall)? Do you think that you know everything? Do you believe that you have learned all there is to learn? Do you believe that you are always right and that nobody can inform you of anything because you already know everything? If you are one of these persons, tell me something, why did you get four poor work notices?

If we, as Juniors, will use our time profitably this semester, we will indeed be ready to take our place as seniors next year with a mature mind, sound body, and a deeper appreciation for the faculty who are helping us in every way they can.

Jewel Reitz

THE WEEK'S EAGLES

William Gerald Reinecke was born on July 21, 1935. Since that fateful day he has grown to a height of five feet and eight inches, and now has approximately 135 pounds of natural traveling companion. A long look in the mirror convinced him that his eyes are mostly blue, but he isn't sure. Although he is busy at school with the presidency of the Screen Club, managership of the football and track teams, service on Mr. Reber's stage crew, and his majors in science and mathematics (an honor student all the way), he finds time to participate in the Potawottomie Park Rifle Club, of which he is president. Bill, who is also a member of the Monogram Club, has not made a definite decision concerning his future work. He is planning to attend Purdue University, where he will study engineering. He has given some thought to a career in physics research, depending on the time he will spend in the employ of Uncle Sam.

In his spare time Bill diddles a bit with photography, and enjoys reading historical fiction and books concerning oceanography and nautical engineering. Before coming to Adams, he attended St. Matthew's School and Nuner. He is now a member of St. Anthony's parish.

Bill likes people who are frank and committal, and he does not enjoy the company of those who are smug and self-righteous. He dislikes the person who has an "I don't care" attitude. Also on his list of likes are girls in party dresses, boys in anything that's comfortable, and sirloin steak with no adornments. Math has been his favorite subject because it is an exact science and very logical. He claims he is "frenzied over felines", and has no other world-shaking statement to make.

Charles Norman Apeltgreen, seventeen-year-old senior, hails from 101. Born in South Bend on November 13, 1935, he attended Nuner Grade School before coming to Adams. He weighs 145 lbs. and stands 5' 11 3/4" has blond hair and blue-green eyes. Chuck, president of the Hy-Y, is now majoring in English and Shop. Because he is "interested in anything that runs", he hopes to obtain a Studebaker apprenticeship in either machinery or electricity after graduation.

Outside of school Chuck attends the Church of Christ and belongs to the youth group. During his free time he can be found working on one of three cars, playing his "uke", or taking part in any one of a dozen sports. He enjoys western movies and listening to records. In the field of popular music his favorite record is "Oh, Happy Day" and his favorite performers are Patti Page, Don Cornell, Les Paul and Mary Ford, and Guy Lombardo.

Chuck likes to see a boy wearing brown flannels, a beige sweater, white T. shirt and brown suede shoes. He likes to see a girl in a strapless formal and thinks she looks best with shoulder-length hair. In the pet peeve department he particularly dislikes the expression, "--you don't know, do you?" and a "duck-tail"

TOWER CHANGES THROUGH YEARS

Surely Miss Roell, "Antique" as she calls herself, is the only constant feature about the Tower. We've changed staffs thirteen times, principals once, and the type of paper once. The other changes made here since our beginning are really quite startling.

The first issue, printed on January 29, 1951, contained news of our dedication ceremonies, which had taken place on October 2 of the previous year. We had already become the scene of public entertainment, for Kate Smith broadcast one of her regular Friday evening programs from our auditorium.

If you're wondering where the name for our paper came from, point the finger of praise at Willard Harris. He and his wife collaborated on the name and received a year's free subscription as their reward.

The second issue provided us with "Tower Talk," something akin to the modern "Four Corners." From this short column we learn that there was a luxury for those who lived "way over on the eastern boundaries—a Logan Street bus.

The first mention of our glee club appeared in the issue of April 23, when the Triple Trio, the Boys' Quartet, and the entire group were preparing for the Spring Festival. We had a swimming club for girls, the Splashers, and the Minute Men spent their time trying to improve the traffic situation around the school. Life must have been hazardous without those stoplights at the corner. One sadly familiar note: Twyckenham was also used as a speedway. We all wanted to know who would be the first fatality in crossing the street to what was then called "The Huddle."

The latest thing in the music world was a new style, known as "boogie-woogie." Everyone was looking forward to the day when he could listen to a "boogie-woogie" symphony. Others of us were trying to organize a bowling team, and to get some "real school spirit." The big questions on our minds were these: "Will we ever get a swimming pool?" (The Splashers used the Natatorium facilities). "Will we ever get used to Mr. Krider's dramatics?" What's that saying about old dogs and new tricks?

The very thing to wear to the junior prom was a dress of starched chiffon, with ruffles on the skirt and on the puffed sleeves. Although it's hard to believe, the store that sold this concoction for \$10.95 is still in business on Michigan Street.

We must have been quite young then, for an interview with Mr. Rothermel, who then taught math, book-keeping and commercial geography, we learned that his son, Terry, was just three years old.

hair cut on a girl. He likes a friendly person with a good sense of humor.

About leaving Adams in June, Charles says, "I've enjoyed myself at Adams and I've been proud to be able to back the school's athletic teams

Miss Betty Farner, who teaches sophomore English, was born in Garret, Indiana, and has also lived in Fort Wayne and Hammond. Her family moved to South Bend when she was nine years old. Miss Farner attended the Franklin, Jefferson and Central schools in South Bend and received her Bachelor of Science degree at Indiana University. The enjoyment of being with young people influenced Miss Farner to become a teacher. She was especially interested in teaching high school students.

Miss Farner lives with her parents in South Bend. In her leisure time she enjoys reading. Basketball, golf, and tennis are her favorite sports. Her hobbies are sewing, art, and golf. She especially likes to listen to the Symphony on the radio. Steak, shrimp, and fried potatoes are her favorite foods.

Miss Farner has taught here for almost two years. She thinks Adams is a fine school and enjoys being a member of the faculty.

D. A. R. WINNERS

Among the new students coming to John Adams are the D. A. R. Citizenship Award winners from Nuner, Jefferson and Lincoln schools. These winners announced at 9A day activities at the respective schools are: Wayne Benner and Janette Locke from Nuner; Jon Roethele and Linda Rogers from Jefferson; and Joan Struck from Lincoln.

MR. T. TOCK IS WATCHING YOU!

Have you ever felt your eyes being drawn to that beaming countenance of a very dear friend, Mr. Tick Tock?

Mr. T. Tock is the son of Granddaddy Tock, that jolly fellow in the hall outside the office. All of Granddaddy Tock's sons are grown so that he has plenty of time to relax and enjoy himself. Although father and son are quite different in figure and in age, heredity has declared that their temperaments and personalities be alike.

In case you haven't been introduced to Mr. T. Tock yet, why don't you look up there on the wall now, smile, and say hello. I'm sure you will like him when you get to know him. Everyone who knows him, likes him for his charming but very often unpredictable personality. Of course, we can't blame Mr. Tock too much for his unpredictable personality, for we students aren't exactly the most even-tempered beings on this earth. Put yourself in Mr. Tock's place at 8:20 in the morning and just think how you would feel. There he stands against the wall, smiling a cheerful welcome to the glum students as they stagger through the door. In spite of all Mr. Tock does to cheer his little friends, they glower and make faces at him. But then at 3:30—my how things have changed! Everyone smiles happily at poor bewildered Mr. Tock.

Although Mr. Tock finds teen-agers somewhat baffling, he loves them all, and although Mr. Tock does love all teen-agers, he has two pet peeves. Understandably his first is a person who is not prompt or kills time. The second is a clock-watcher. Mr. Tock dislikes a clock-watcher in the first place because it's just not polite to stare and in the second place because it makes him self-conscious. When he is self-conscious he blushes; his little heart goes hippity hop; his main spring goes twong and all his little wheels start going through strange contortions. If you are a clock-watcher, you can see how it would be to your advantage not to watch Mr. Tock. For if you do, it makes him so self-conscious that he gets internal convulsions, and of course, his hands can't move while his insides are in such a comotion.

SLICERS TIP EAGLES, SET GYM RECORD

Last week the Adams Eagles and the LaPorte Slicers engaged in a high scoring basketball duel with the Eagles coming out on the short end of a 77-75 score. The total points, 152, were the most ever scored in a high school game at Adams.

Adams held a slim 19-17 lead at the end of the first quarter and 34-31 lead at the half. Both teams got red-hot in the second half, the Slicers hitting 46 points while the Eagles got 41.

In the third period the teams fought back and forth with neither outfit able to grab a commanding lead.

The fourth quarter was even more exciting than the third as both teams stayed neck and neck down to the wire. With five and one-half minutes left the Eagles held a 64-59 advantage, but the Slicers fought back to grab a 73-72 lead with less than a minute to go. After Jerry Thompson tied it up with a free throw LaPorte moved ahead 77-73 on a basket and two free throws. The Eagles tried to get back in the game, but all they could get was a pair of free throws.

LaPorte used six men and all of them scored at least eight points, with five of them getting more than ten apiece. The Eagles used eight men and while their scoring wasn't as evenly divided, every man scored in the contest. Jerry Thompson was high for the Eagles scoring twenty-eight points while Joe Kretzman added nineteen. With this outburst Thompson moved into first place in the league and twin city scoring races. He has one hundred and four points and in five league games for almost a twenty and eight tenths average, while he is averaging eighteen and six tenths overall with two hundred and forty-two points in thirteen games.

SWIMMING NEWS

The Eagle tankers put their second win in the record books on January 13 by defeating Riley in a swimming meet at the Y.M.C.A. A victory by the Adams swimmers in the final relay broke a tie and won the meet by a score of 32-25.

The Eagles now have a record of two wins as opposed to three losses and Riley is even at two wins and two losses. The Adams summary is as follows: forty-yard freestyle: first, Jurgovan, second, Blue; one-hundred yard breaststroke: first, Grimshaw; two-hundred yard freestyle: second Wiseman; one-hundred yard backstroke: third, Jennings; one-hundred yard freestyle: first, Heiland, second, Johnson; one-hundred sixty yard freestyle relay: Jurgovan, Blue, Wiseman, Heiland.

Wrestling

The John Adams wrestling team in their first year of competition lost to the Central "B" wrestlers 31-15 in their first meet.

Winners for Adams in their divisions were as follows: Don Smith pinned his foe in 3:55 in the 110 pound class; Don Ball pinned his foe in 1:50 in the 145 pound class; and Ray Loar decisioned his opponent in the 163 pound class.

B-TEAM WINS; TO LOSE WINSHIP

Tom Winship, playing his last game for Adams before moving to Columbus, Ohio, on January 24, guided the Eagle "Bees" to victory with his stellar ball handling. He went scoreless in the first quarter, but his ball control and his teammates nine points put Adams ahead at the close of the first quarter, 9 to 5.

During the second quarter, Troeger controlled both backboards by himself, while Winship and Green led the scoring to give us a comfortable 25 to 9 lead going into the second half of play. LaPorte started gaining ground during the third period, and by the end of the stanza, had closed the gap to 28 to 18.

Troeger began to "steal the show" during the early part of the fourth quarter as he pumped in four straight, then Winship found the range and scored two. With only 1:34 to go, Coach Rollo Neff pulled out his starters in favor of the reserves and with this move the Adams student body saw Tom Winship make his final bow in the Adams gym. A few seconds later the game ended and we were on the long end of a 44 to 29 count.

INTRAMURAL

In the first intramural game Monday night, January 26, Berta continued on a rampage, having beaten Halterman last week, they downed Dyszkiewicz this week in a very close contest, 24 to 23. Pearson led the winners with 8 points. Hawblitzel was victorious over Quinn, 28 to 21. Paul paced his team, scoring half the points himself. This brings them up to a .500 rating and ties them with Finch for fourth place. Finch having also been successful in their conquest of McCallister, 42 to 29. Flanagan led the losers and was high for the game with 14, while Finch and Wedel scored 12 and 11, respectively, for the victors.

Halterman bounced back from last week's defeat to trounce Jones 39 to 24 and remain in a tie position for first place. After next week's games everyone will have played each other.

The modern lost chord is accord.
