## SENIORS EXCEL OUTSIDE ADAMS

Members of the Senior Class achieved a number of honors this year for outstanding achievement in contests and tests outside of Adams. This year, there was a record number of National Merit Finalists and Commended Scholars at Adams. Seniors also did well in the Indiana Achievement Contest sponsored by Indiana University.

Seniors who attained finalist recognition by the National Merit Scholarship Corporation were **Verna Adams**, **Charles Clarke**, **Claire Cook**, **Charles Divine**, **John**

## SOON-TO-BE-GRADUATES COUNT DAYS AMID A LAST MAD FLURRY OF ACTIVITIES

### Moon River

On May 10, the Senior Class of 1963 presented its Senior Prom in tones of blue and silver at the Indiana Club. Bobby Wear's band played from 9 till 12 among modernistic motifs created by Carol Lemontree, Katie Humphreys, and Vikkie Furlong. General chairman Don DeGroff was assisted by Bob Tirman and Walter Reed, arrangements; Barb Foley and Charlie Hamilton, refreshments; Paula Dosmann and Judy Jones, programs; and Carol Cseh and Greg Beckwith, tickets.

### Senior Finals

The last two days, and finals only 55 minutes long!

### Senior Assembly

For some, the most important part of graduation . . . accepting all their awards. The assembly began at 1:45, and Seniors marched to the stage to receive scholastic and extracurricular recognition amid the wild cheers of students and parents who crowded the auditorium.

### Senior Punch

After jamming into the TOWER Office to pick up their Senior Issues, seniors join their parents on the school lawn at the Senior Punch, where they will recover from the rigors of the Senior Assembly.

### Senior Picnic

On Friday, May 31, after attending the Sports Awards Assembly, ambitious seniors will gather at Potawatomi Park for the gala class picnic.

### Baccalaureate

On Sunday, June 2, seniors from five of the city's high schools will meet at the Adams Auditorium for the annual All-City Baccalaureate. The Reverend Stanley Dodgson of the First Baptist Church will give the Sermon and the Prayer, while the Reverend H. T. Tetzlaff, pastor of the St. Peter's United Church of Christ, will deliver the Invocation and the Benediction.

### Commencement

At 8:00 p.m. on June 8, seniors will start the last long walk across the stage to receive those magic little pieces of paper which represent four long years of toil and torment in high school. An old, familiar world ends abruptly, and a new one begins.

## Class of '63 Aids School with Gifts

Seven Hundred Dollars has been donated to John Adams by the Senior Class as its traditional gift. This money will be applied to three different areas where the money is greatly needed.

### Books for Library

The bulk of the gift will be applied to books for the Adams library. These books will be designated as senior books, in that they will be gauged to the senior level. Besides novels and non-fiction works, reference material will be added to the library for general use. The books will bear inscriptions designating them as a gift of the class of 1963. The amount set aside for the library is approximately four hundred dollars.

The class is also donating two

hundred dollars to the Adams band, which will go into the uniform fund. The band uniforms which are presently being used are about twenty years old, so new uniforms are greatly needed. The band already has money in this fund, which was collected at their car wash and concession booth.

### Donated to TOWER

The final amount of one hundred dollars is being noted to the TOWER. The senior class traditionally contributes this amount to the TOWER in order to help defray the cost of the Senior Issue. The extra cost is accounted for amount donated is determined by the amount remaining after all expenditures for such things as the Senior Prom have been cleared.

Money for the donations was accrued through the years from dances and class functions. The Welber were presented with book awards. Charles Clarke won a gold medal and second place in the state in Comprehensive B mathematics. Eric Hanson received a bronze medal in the same field. Verna Adams placed second in the state and received a silver medal in the Vergil division of the Latin contest. Marjorie Johnson was the recipient of a bronze medal in the Spanish III competition.

## Hayes Recounts Student Council Successes

The success of this year's Student Council can be measured by the number of successfully completed projects and activities as well as by the ease and effectiveness with which they were carried out. One of the reasons for success is the outstanding performance of this year's board members and home room representatives. Another reason is the tireless effort put forth by Mr. Stephen Kosana, the faculty sponsor, in the form of constructive advice and diligent supervision. Last but not least, success has depended upon the smooth coordination of student and administration view points. Whenever we approached the latter group, we received prompt cooperation and consideration of our problems.

### Sho-Ya-Round

We started off the school year with the Freshman Sho-Ya-Round, under the direction of John Blair and Sandy Wilson. Later in the same week, the entire student body was welcomed back to school at the Back-to-School Assembly.

In October, the annual Leadership Clinic was held. Carol Cseh and Darlene Daniel, co-chairmen of the event, arranged to have Mr. Kevin Hart, Notre Dame Student Body president, speak to the club and council leaders present.

Before Christmas Vacation, we made a donation to the Christmas Bureau. The Bureau later informed us that our gift greatly bene-

fitted many of the area's needy families.

### Share-Their-Fare

After vacation, we began what was the most important project of this year's Council, the Share Their Fare Drive, which was intended to raise money for next year's foreign exchange student. Under the able leadership of Jill DeShon and Elaine Tomber, the goal of \$800 was surpassed.

The Student Council assisted in the drive to raise funds for the Lincoln Memorial early this spring. Phil Robison, student chairman of the drive, supervised the system of fund collection.

### Council Organizations

Throughout the course of the year, the Student Council has participated in activities with other Student Councils and with Student Council organizations. We have maintained full membership in the State and National Association

of Student Councils. Two examples of our work with other Student Councils were the All-City Student Council Exchange Day and the halftime ceremonies at the Adams-Riley basketball game, an affair planned jointly with Riley Student Council.

This spring, the Council carried out extensive constitutional revisions designed to accomplish changes ranging from delineating ambiguous wording to a very important broadening of the Council's stated purpose. Most of the proposals were enacted and are now part of the constitution.

### Little 500

The final project of the year was the Little 500, headed by chairman Tom Foley.

Some of the multitude of miscellaneous projects and activities of the Student Council included the following: Selling Adams book (Continued on Page 3, Column 2)

## Class President Speaks

Through the past year, the Senior Class has sponsored numerous projects which have given members of the class and community many memorable—and enjoyable—experiences.

Early in the year, much of our time was spent preparing for the Senior Carnival and producing the Student Directories. These projects were followed by a series of Adams Hours projects, such as working at the local hospitals, taking part in the Mother and Teen March of Dimes, and helping to recondition Camp Millhouse. Finally, the Senior Prom, Soci Trips, and Senior Awards Day busied us.

Don DeGroff

Through these activities, we learned to work together with fellow students and faculty. We learned also to be more independent as individuals. We learned to take disappointments with the idea that we could have done better and learned to take success with humility.

On behalf of the entire Senior Class, I would like to thank Mr. Rothermel, Mrs. Weir, Mr. Laurita, the senior home room teachers, and the entire faculty and administration for their help and guidance when it was needed most.

My personal thanks go not only to my fellow officers and members of the Senior Cabinet, but also to members of the Senior Class who helped us successfully complete all projects undertaken.

—Don DeGroff,  
Senior Class President.

## Seniors' Teachers Have Their Say

### AVE ATQUE VALE— SENIORS Hail to You

—who have successfully endured the rigors and hardships of achieving a high school education—namely, the impossible burdensome homework, the demands of

unreasonable teachers who just do not understand, and the boredom of classes which prevented you from achieving the heights of success which otherwise you knew you could have reached.

—who have suffered dire distress under the unfair and unjust rules of the school — namely, no running in the halls (why should one have to walk), no chiseling in lunch time (why should one have to wait if he has enough strength to push), no tardiness nor truancy (why be in school anyway and on time), and all the other nasty inhibitions.

—who have enjoyed such a wretched existence and have had no fun at all in music, dramatics, athletics, and all the other activities.

—who have fulfilled the necessary requirement to step across the stage and pick up an engraved piece of paper which insures you the distinction of being a high school graduate, which should stand you in good stead.

### Farewell to You

—who are going forth from these halls to reform the world—namely, to make it safe for youth, recreation, sports, and drag racing.

—who will enter ivy-covered walls to astound the professors, insure an adequate alumni of fraternity and sorority members, and lead campus riots and water fights.

—who will begin careers in business and soon be efficient enough to unseat the president of any corporation or replace the office manager in any institution and run things as they should be run.

—who will come to visit us during Christmas vacations, inflated with the philosophy of Plato, Socrates, and Aristotle, steeped in the classics and ready to revise the high school curriculum. You will be welcomed with open arms.

### TO THE SENIORS, CLASS OF 1963

For four years John Adams High

School has been an important part of your life. It has been my pleasure to work with you as your faculty sponsor. You, the members of this class, have been most cooperative as you have gone through the stages of your development. Once you had freshman and sophomore parties; then you were ready for the Junior Dance. Finally came the big night of the Senior Prom, which is now a pleasant memory. All of these events we have enjoyed together, as you were striving to complete the important academic part of your school days. As you go out into the world, I hope that you keep the pleasant spirit of cooperation that you have shown to me here in your student days. Remember that we who remain at John Adams will think of you as ambassadors going out from your school. May each of you take with you an earnest desire to represent your school well.

—Ruth Weir,  
English Department  
Senior Class Sponsor.

### THE RETURN OF THE NATIVE (With Apologies to Thomas Hardy)

Soon the brave, bold senior will be thrust into the wide, wide world. In another year, after acquiring great wisdom, he is likely to return to the old Alma Mater to offer some sophistries to the disillusioned Adams faculty. What will the native say upon his returned? Here are a few old refrains:

**Barnacle Bill:** "Why didn't you make me take more math? The Navy does require it!"

(Fact: In home room, Junior always managed to have his father persuade the teacher that math wasn't important. His choices? Ball Point Pen Repair I and II and An Introduction to Shoe Shining.)

**Joe College:** "Give them longer assignments. Make them read in (Cont'd page 4, cols. 3, 4, 5)

## A Last Dying Croak . . .

A TOWER editor's farewell column, if it runs true to form, is his-her-its last dying croak in which he-she-it always profusely and often maudlinly thanks everybody for his wonderful spirit of cooperation which helped to make this year's TOWER the best ever, thanks especially to the loyal staff, whose never-failing punctuality and editorial accuracy practically assured a good paper just on principle alone. You can consider the above already said.

Instead of discarding the editorial we, I hope to speak for the entire staff in sharing with you a few of our collective suggestions for a better TOWER and a better Adams High.

The TOWER staff needs, first of all, to know what their supporters

think of it. We are rarely allowed this privilege. We would like to know what's wrong—either with the paper or with the student body—to make 97.5% of you avoid the question, "What'd you think of the TOWER today?" as you would a case of bubonic plague.

Our plea to you is that you tell us, not the kid down the aisle, what you don't—or (possibly) do—like about the TOWER, why you don't—or do—subscribe. We often feel like the steady who's always the last to know, for your frequent complaints and occasional praises seem always to bypass us or, at best, reach us second-hand.

Secondly, the staff likes a little variety in their hum-drum lives, and they have an inkling that they speak for the entire student body

in asking for a little of life's much-touted spice. There seems to be precious little of it at Adams. When planning our news coverage for each of this year's issues, all we really needed to do was to consult the appropriate issue of last year's TOWER to find page one completely set up for us. The quality of sameness on the Adams calendar is at a high unparalleled. Or so we feel. How about a little change? What's wrong with a Senior Carnival in the winter? Or a fall Little 500? Or a couple of really different assemblies—like the snake one—every year? Or an entirely new Student Council project? Or a soc-hop in the teacher's parking lot instead of in the Little Theater? There are possibilities unlimited for new and different activities within AHS's hallowed halls . . . isn't it about time they were explored—just so that the TOWER could print something different, if for no other reason?

We don't think that this year's TOWER was such a bad one (our rating service didn't either, for they gave us a first) and we hope that your enjoyment of the TOWER matched our pleasure in producing it for you. Our blessings to Janice and her crew, our highest encomium to Miss Walsh, whose judicious red pencil often saved us from grief, and our hopes that you will at least consider a few of the above suggestions. And so long—for a while, anyway.

—Claire Cook.

(Continued from Page 2, Column 3) laneous projects and activities of the Student Council included the following: selling Adams book covers and folders, purchasing a tarp for Rex's cage, making a donation to the Help the Children Foundation, policing the one-way stairs, presenting a Notre Dame student from Southern Rhodesia

# Ed And Farida Say Farewell

"Goodbye . . . GOODBYE . . ." I cannot believe it. It seems as if I came to South Bend just a few months ago. Still I have been here for nine months. That this year has passed so fast must mean that I have had a nice time here. And I have had a nice time.

Going to the United States for a whole year and seeing all the things "over there" that I had heard and read about? I did not believe that something like that could happen to me; it sounded too much like a reverie. Still, in the middle of August last summer, there I was on Idlewild in New York City.

### Many Memories

Now that my time here is almost out, there are many things that I have experienced and gotten to know that I can look back to.

I have been up in the Empire State Building in New York, and I have found that I could walk quite safe on the streets of Chicago without wearing a gun in my pocket. I have seen the assembly line in the Ford plant at Dearborn, signifying one of the two things that makes America great, that helps the free world to defend itself against communism.

I have also become acquainted with the other fact that makes this country great, namely, its people: "regular fellows" as well as people higher up, all of whom I have found nice, interesting, and friendly. And also the teenagers, knowing how to enjoy themselves and have a nice time, but also ambitious and hardworking.

### Special Feeling

And of course everything else that is connected with America and gives it its special feeling: football games, convertible cars, hamburgers, and drive-ins.

I think I have gained a good understanding of this people. I have come to understand how alike peoples are—all waiting to live happily and peacefully together. Why then wars? One of the causes for these is misunderstanding. Peoples do not realize how similar they are.

It is here the value of the AFS program comes in. Organizations like this are an important factor in conserving the peace and decreasing the tensions in the world.

—Edward Broms.

Sadness is the only emotion I now feel, for the end, the end is near.

This year I saw what a joy it was just being with a people of a different country, people who showed me kindness, understanding, and love.

These three words have meant a great deal to me.

### Life Has Meaning

Not only did I find that life was fun during weekends, but I found that life had real meaning: for when one lives amongst people that are wonderful there is a joy to living.

Not only did I find happiness by taking the happiness people gave me by being nice to me, but I also found it by being able to accept invitations to talk to different groups and trying in a little way to spread understanding. I found that people were interested in hearing about my country and most of them also had a personal concern for my happiness during this year.

### Basically Alike

I have fully realized that all human beings are basically alike, no matter in which land they live or how poor or rich they may be. Thus I feel that since human beings are basically alike there should be a better understanding amongst them, yet one does not find this world a peaceful and a united world. I now feel that everyone of us who knows what real understanding can mean has a duty toward mankind; and this duty is that not only should we believe that there can be understanding, but those of us who can spread understanding should try to do so.

I am sure most of us exchange students feel sad to leave this wonderful land, yet all we can really do is control our hearts and minds with the idea that even though these wonderful experiences don't last forever, we still can cherish the beautiful image and the wonderful memories in our hearts long after they are over.

—Farida Agha.

Although many seniors have been seen carrying calendars to keep an accurate check of the remaining days of school for them, there have been many other things happening of interest to everyone. Here is a brief run-down of these dates for the past month:

MAY: National Foot Health Month, Good Car-Keeping Month, Ice Cream and Sour Cream Month.

MAY 10—Senior Prom; Fall of Ticonderoga, 1775; Gold Spike Joins Rails, Utah, 1869.

MAY 28 and 29—Senior Finals; Constantinople Fell, 1453; John F. Kennedy born, 1917.

JUNE 5—Commencement; Uncle Tom's Cabin first printed, 1851; Marshall Plan proposed.

# What's This? Teletype Machine Invades TOWER Office;

October 15, 1963—

The TOWER office is darkened, with only a small electric light glowing in the darkness. Four figures are intently bent over a rather large box which is making rapid clicking noises. Taking a closer look, the faces of the TOWER editors returned from college take shape in the gloomy shadows. There are **Claire Cook** from Wellesley College and **Mike Welber** from Tufts University in Boston, Massachusetts; **Pat Le-Kashman** from Oberlin College in Ohio, and **Judy Dix** back from Albion College in Michigan. The editors are witnessing the first trials of a new teletype machine which has been installed in the TOWER office for the new staff. The machine begins to type out news messages from all over the United States. . .

(Continued from Page 2, Column 5) subjects they aren't interested in. They'll have to do this plenty in college. And boy, my high school literature background was really poor!"

(Fact: His favorite comments once were, "Do we have to read this?" and "Do I have to read this old fashioned stuff?" His book reports came from **Masterplots**; **Mad Magazine**, **Classic Comics**, and **Hot Rod** were his accomplishments.)

**Messy Musa**: "Oh, have them write more themes!"

(Fact: She wrote an essay on cats. It was the only one she turned in on time. Excuses—babysitting, ping pong, band, chorus, GAA, social schedule, and "I didn't know what to write about." The classic question: "How many words?" )

## Seniors' Teachers Have Their Say

**Intellectual Ivan**: "Change all the courses of study immediately. In English, study Plato and Aristotle in the ninth, the Bible and Darwin in the 10th, **Splendor in the Grass**, **Peyton Place**, and **Lady Chatterly's Lover** in the 11th, and memorize **The Iliad**, **The Odyssey**, and Einstein's Theory of Relativity in the 12th.

(Fact: They said it couldn't be done. One year at college + Ivan = Answers to all the curriculum problems.)

Are these people the exception or the rule? You be the judge?

## TO THE CLASS OF 1963

As a teacher of mathematics I have a feeling of sadness as I say farewell to the graduates of this class of 1963. There are a number of students in this class who have shown outstanding ability in mathematics, and a number of them have done excellent work in the contests that we enter each year. We shall miss them come contest time next year. May we teachers in the mathematics department wish for you the greatest success in college if you should plan to take mathematics after you leave John Adams.

—**Volney C. Weir**,  
Head of Mathematics  
Department.

## Swimmers 2nd In State

**THE ADAMS SWIMMING TEAM**, which placed second in the State Swimming Meet, are, left to right, first row: Al Callum, Dan Jones, Chuck Busse, and John Reuter; second row: Joe Condon, Joe Scheer, Tom Poulin, Tom Condon, Gert Walter, and Coach Don Coar; third row, Bert Guentert, manager, Chuck Swinsick, Bob Nelson, Dick Wachs, and Lee Wise.

## Seagle Squad Best in School History

At the current rate of improvement, all signs point hopefully to a 1963-64 state swimming championship for Coach Don Coar's Seagles. In this year's state finals, the swimmers were runnerup for the second year in succession. South Bend Riley was the nemesis in the 1962, Columbus in 1963. Perhaps next year there won't be one.

Only three seniors from the squad are graduating this spring, but all three will be sorely missed. Al Callum, Pete Hayes, and Tom Condon were all members of the state champion relay squads, as well as outstanding individual performers in the breaststroke and freestyle respectively. In addition, Hayes and Callum were named co-captains for the '62-'63 season, and Hays won the Kiwanis award.

Thirteen new school records were established during the season. The only marks not erased were the 200-yard freestyle relay and the diving records.

During most of the season, it appeared as if the Seagles were able to best everyone but Central. A dual meet record of 11-1 was marred only by a narrow setback at the hands of the Bears, a loss which cost Adams the ENHSC dual meet crown. The Seagles were second in the South Bend City Meet, with 86½ points to Central's 93½. The Bears and Riley edged Adams in the NIHSC finals, scoring 60 and 56 points respectively to the Seagles' 52. The Adams swimmers also added a second place finish in the Kokomo Invitational to their laurels.

In the first sectional swim meet ever held, Coach Coar's squad surprised many people by capturing the title and qualifying the most swimmers for the State meet, held on February 22-23 at Indiana University in Bloomington. The Seagles tallied 82 points in the sectional to Central's 67.

Then in the state finals, the Adams' swimmers put forth a tremendous effort by scoring 56 points, only 12 behind champion Columbus, who was winning its fourth title in five years.

State champions for Adams included Chuck Busse in the 50-yard freestyle, Joe Scheer in the one-meter diving, and both the 200-yard medley and freestyle relay teams. The former was made up of Dan Jones, Al Callum, Lee Wise, and Pete Hayes, while the latter included Tom Condon, Dick Wachs, Hayes, and Chuck Busse.

Wise was awarded the MVP trophy, and he and Dan Jones were named captains for next year.

## O'Neal, Bradley Graduating Cagers

Led by two outstanding senior rebounders, the 1962-63 Adams basketball team surprised many experts by posting a winning record of 11-10 for the season. Seniors Mike O'Neal and Ken Bradley were recipients of the most valuable player and rebound awards at the campaign's end.

Coach Warren Seaborg's squad was involved in a fifth place tie in the ENHSC race, winning four and losing five.

In undoubtedly the most disappointing moment of the season, the Eagles were beaten by Riley 57-50 in the first game of the sectional tourney. Adams had dumped the Wildcats during the regular season, 68-56.

With only two lettermen returning from 1961-62's outstanding team, the prospects for a winning campaign this year seemed very slight. But the Eagles started quickly with victories over Gary Wallace, Sheridan, and Washington-Clay. After three straight one-sided defeats, Seaborg's squad ran wild in a 92-44 romp over Wabash.

A win over St. Joseph's was followed by one of the best Adams' performances of the year, a 74-63 triumph over Mishawaka. After a loss to Central and a win over Hobart, the Eagles lost a pair of close games to LaPorte and highly-ranked Gary Roosevelt.

Next came the victory over Riley, but it was followed by two more losses. The Eagles closed the regular season impressively by trouncing Elkhart and Fort Wayne North. Hopes were high for the state tournament, but Riley immediately destroyed them.

Juniors Bob Gilbert and Bill Fischer led the squad in scoring with averages of 15.5 and 10.1 respectively. Fischer also received the captain's star.

## Wrestlers Post 7-4-1 Dual Record

The 1962-63 season for the Adams' wrestling team turned out to be a highly successful one. The grapplers, coached by Morris Aronson, compiled a dual meet record of 7-4-1.

The matmen had seven returning lettermen, six of whom were seniors. They were Don Smothers, Steve Nelson, Denny Rose, Mike Teeter, Norval Williams, and Don Martens. Seniors John Hostrawser and John Gordon also saw a lot of action during the season.

Norval Williams led the Eagle wrestlers by gaining his way down to the state finals where he placed third in the 180-pound weight division. Williams was also undefeated in dual meet competition. His second and final defeat came in the NIHSC trials, although he ended up winning the conference finals.

Don Smothers also had a fine year, losing only three times. John Hostrawser also represented Adams well as he copped the heavyweight crown of the South Bend sectional.

The highest team accomplishment was a fine second-place finish in the conference finals. In this meet the Eagles scored 43 points to finish 10 points behind state champ Hammond, a team which Adams defeated in dual meet competition during the campaign.

Other dual meet victories came over South Bend Washington, 33-19, East Chicago Washington, 37-11, Elkhart, 32-14, Washington-Clay, 22-20, LaPorte, and Penn.

In addition to this, the Eagle grapplers placed third in the conference trials, the city meet, and the sectional.

Norval Williams won the MVP, while John Hostrawser was awarded the Kiwanis trophy. Williams was also '62-'63 captain. Junior Mike Slabaugh was named captain for the 1963-64 season.

## Divoters Led By Three Seniors

The John Adams golf team, coached by Ernie Kaeppler, completed a relatively successful 1963 season two weeks ago, missing a trip to the state golf finals by only six strokes. In the sectional, which was held at the Elcona Country Club near Elkhart on May 17, the Eagle duffers finished fourth, one place lower than it takes to qualify for state competition.

The Eagles were led in most of their matches by three fine seniors, Buddy Bushman, Linn Derickson, and Jim Naus. All three boys played consistent golf throughout the season with each capable of coming up with a good game to lead the team on a given day.

The final record compiled by the divoters was 9-5. However, four of the five losses were administered by Riley and LaPorte, two teams who are strong contenders for the state title. The fifth loss came at the hands of the Michigan City Red Devils, a team Adams had defeated earlier in the season.

Other victories for the Eagle golfers were scored over Central, Mishawaka, Elkhart, and Goshen. Adams defeated each of these teams twice during the course of the season. The divoters only other competition was in the LaPorte Invitational, in which they finished 11th in a field of 26.

Jim Naus led the Eagle linksmen in four meets with his best score coming on Mishawaka's Eberhart-Petro course, where he shot a fine 71. Bushman and Derickson were both low men for Adams on one occasion. Bushman's best score was a 75 while Derickson's low was a 78.

## Gridders Improve To 3-5-1 Mark

With one full year of coaching already tucked away, Jerry Planutis coached the 1962 Adams football teams to a 3-5-1 season, two victories better than the previous year. The Eagles' 2-3-1 record was good for a seventh place finish in the ENIHSC.

For the Eagles the season was one of ups and down, with most of the downs coming in the latter half of the season. This year's squad, however, was a great improvement over the 1961 team, which suffered through a 1-6-1 season.

The Eagles opened the season play at School Field on September 8, when they were tipped by the Riley Wildcats, the team that eventually represented the ENIHSC in the conference playoff, 13-6. The first win of the season came on the turf of Goshen's Foreman Field, where Adams slipped by the Redskins by a 19-12 count.

On the following Friday the Eagles managed to keep a hold on the conference lead, as they up-ended Fort Wayne North, 20-7, in a game played at Fort Wayne. Adams continued its winning ways the next week-end by dropping the visiting Cadets from the Culver Military Academy by a margin of 25-12. This left Adams tied with Washington for the conference lead with a 2-0 record.

This position was short lived, however, as the highly touted Mishawaka Cavemen came to School Field where they outlasted Adams in a hard fought game, 18-6.

For the second week in a row the Eagles faced a highly regard team as the LaPorte Slicers, ranked fourth in the state, visited School Field. Planutis' inspired team definitely outplayed the Slicers in the best Eagle performance of the year, but couldn't find the goal line when it counted, and had to settle for a 7-7 tie.

It continued to get more difficult for the Eagles to reach pay-dirt, as they were shut out in their next two games. The first loss came at the hands of city-foe Washington, 20-0. On the following Saturday Elkhart came to School Field and jolted Adams by a 26-0 count.

The final game of the season for Adams was a conference tilt with arch-rival Central, who, on the strength of a second-half scoring splurge, defeated the Eagles 26-6.

In conference play, Adams was outscored 96-58, while overall the Eagles tallied 89 points to their opponents' 141.

Honors went to seniors Bob Johnson and Don Martens. Johnson was named captain for the season, and he also copped the Kiwanis award. Martens was named the most valuable player.

## Rowe's Last Team Successful Again

In a season which has seen several all-time Indiana high school track and field records broken, the Adams track team, under the direction of Duane Rowe again established itself as one of the best squads in the area.

Jim Nidiffer, Adams half-miler, participated in the state finals at Indianapolis Tech last Saturday. He is one of nine seniors who led the squad to a 9-1 dual meet record for the 1963 campaign. The others are dashmen John Blair and Denny Rose, quarter-milers Mike O'Neal and Gary Dominy, milers Denny Drake, and Bill Spink, high jumper Mickey Neal, and broad jumper Jack Robinson. Nidiffer and Blair served as co-captains.

Dual meet victories came over Washington-Clay, LaPorte, Goshen, Mich. City, Riley, Mishawaka, St. Joseph's, Central, and Washington. The lone defeat was at the hands of Elkhart. Also the Eagles were third at the Goshen Relays with 38 points, fifth in the ENIHSC trials with 27 points, eleventh in the NIHSC finals with 8 points, second in the sectional with 27½ points, seventh in the regional with nine points, and city champs for the third straight year with 73½ points.

Two school records were set during the season. Nidiffer, who several times bested two minutes in the half-mile, recorded his peak effort in the NIHSC finals when he ran the 880 in 1:57.1. Jim also posted winning times of 1:58.1 in the conference trials, and 1:58.7 in the sectional. His winning regional performance was 2:00.9.

The mile relay squad twice posted times of 3:32.0 for new school marks. On April 6 a team composed of Gary Dominy, Mike O'Neal, freshman Emerson Carr, and Nidiffer set the record, and on May 2 a foursome of Nidiffer, Carr, sophomore Maurice Miller, and O'Neal equaled the time.

Other outstanding performances included clockings of :10.2 and :22.2 by John Blair in the 100- and 220-yard dashes, respectively, and :51.4 by Mike O'Neal in the 440.

This season marks the last year as head track coach for Rowe.

**GRADUATING SENIORS** who captained various sports this year are, left to right, Jim Nidiffer, track; Peter Hayes, swimming; Bob Johnson, football; Sandy Wilson, tennis; John Blair, track; and Allen Callum, swimming.

## Netters Gain Twin City Championship

The 1962 Adams tennis team had a fine year, posting a nifty 5-3 record in one of the most difficult tennis conferences in the state. The squad, under the direction of Coach Ernie Kaeppler, earned a fourth-place finish in the ENIHSC and also copped the twin-city title for the first time since 1958.

There were three seniors on this year's squad. Don Woodward was second-man on the team, although he was the leading point producer for the season. Sandy Wilson was the third-man and Tom Hull was a doubles specialist. Woodward and Wilson also joined together to form a doubles team. Woodward was awarded the most valuable player honor, while Wilson was voted one of the captain's stars.

Eagle victories included wins against Michigan City, 3-2, Mishawaka, 4-1; LaPorte, 5-0; and Central, 5-0. An earlier win over Mishawaka was the team's fifth victory.

## City Title Won By Cross-Country Team

Coach Dale Gibson's 1962 cross-country team compiled an 8-9 record in dual meet competition, but highlighted the season by capturing the city title on October 16. In that meet the Eagle harriers scored 47 points and senior Jim Nidiffer took first place.

At the LaPorte regional, held on October 27, the team finished twelfth and Nidiffer managed to come in third and qualify for the state meet in Indianapolis on November 3. Jim turned in a tremendous performance there as he placed sixth among all of Indiana's best runners.

The 1963 squad will be missing seven graduating seniors. Included among them are captain Denny Drake, Jim Nidiffer, Clarence Patterson, Bill Spink, Dave Kress, Tom Calder, and Max Arens. Nidiffer was awarded the MVP in cross-country for the '62 campaign.

## Baseball Squad Loses Six Seniors

Coach Don Truex's fifth season as head baseball coach at Adams proved to be a rather disappointing one as his Eagles won five while losing ten. Although Adams was expected to be a contender for the ENIHSC title, the squad posted only a 2-5 conference mark to place well down the league ladder. Injuries to a pair of key performing seniors, third baseman Bob Johnson and catcher John Hostrowser, hurt the club's chances for a more successful campaign. Johnson missed several games with a dislocated shoulder, while Hostrowser sat out two contests with a dislocated finger.

Four other seniors join Johnson and Hostrowser to form the rank of departing graduates. They are shortstop Ron Dorland, leftfielder Mike Teeter, rightfielder Steve Schock, and pitcher Carrol Jordan. Hostrowser led the team in five batting departments, including a .444 average and 12 runs batted in. Schock posted the second highest mark by hitting .313. Teeter, who led the team during the second half of the season, hit .282, while Johnson had a .286 mark, and Dorland a .167 figure. Jordan had a 2-4 mound record, although he posted a fine 1.66 earned run average while striking out 45 in 56 innings.

As a team, Adams batted .228, while fielding at a .915 pace. Probably the highlight of the season was sophomore Vic Butsch's 1-0 no-hitter over St. Joseph's on April 26. The Eagles were eliminated by Washington-Clay in the first round of the annual city baseball tournament on May 18 by a score of 2-1.

Congratulations to Seniors
