JOHN ADAMS HIGH SCHOOL, SOUTH BEND, INDIANA

Friday, November 3, 1967

Dean Abbot indulges in his favorite pastime as Diane Watt gives a smile of approval.

## High School Rec. Board Begins Work

The High School Recreation Board, which this year is being held at Newman Center, is an effort on the part of the high school student councils and the South Bend Department of Public Recreation to stimulate and provide wholesome recreational activities for area high school students. Each high school in the city has one or more representatives on the board and from Adams are Cindy Anstead, Jim Smith, Sue Sommer, and Pegge Wilkinson. The role of the Recreation Department is to act primarily in a supporting role and offer adult leadership, provide facilities for recreation, and serve as a central agency for all high school students to act together. A sample of their various activities are bridge lessons, chess lessons, sledding party and dance, style show, Boys Novice Swim Meet, Spring Talent Festival, and Car Rallies.

It was felt, by the Recreation Department, that this organization could be the "Eyes and Ears" reflecting the needs of high school students. This is a direct reflection of the Recreation Department's attitude of providing a program with and not for high school students.

## Letters to the Editor

Dear Editor;

"Mary, are you going to the mixer tonight?" "John, get me a taffy apple, too." "Say, did you know about Kathy and Pat?" Do these phrases sound familiar as halftime conversations at football games? Do you realize the marching band with the name of your school attached to it, works many hours a week to put on a good performance at the games? The band attempts to make you have a pride in your school. A common remark is, "You look terrible-you're sloppy!"

Every morning from 7:30 to 9:30, the band members decipher a three or four page paper with symbols such as; FM8, TTR, RP8, ST, FM 64, SD. Do you understand them? Many students don't, and many band members in other schools in Northern Indiana don't understand them.

John Adams is fortunate enough to have a band performing routines on the level of Notre Dame and Michigan State bands. The only reason another band may look a little better is because they do the simple box formations of junior high bands. Any high school band ought to be able to do these formations. Too often the band gets more enthusiasm and applause from the opposing stands. This shows Adams up more than we realize.

If you have had pride in the band this year - congratulations - you belong to John Adams. If not, next year, when your band comes out on the field, instead of finding as many other things to do as possible, why don't you, the student of John Adams, support your band, as you support your team. Cheer and let them know you'll talk to Mary later, and you'll get your taffy apple after the crowds gone.

**Fed Up**

Dear Editor,

I think that the person who wrote the article about school spirit in the October 13 issue of the Tower, is half right and half wrong.

Many of the students here at Adams are wearing their voices

out at the pep assemblies and football games. The students at Adams do have school spirit.

The lettermen cheer even though they are out for another sport. I'll tell you where our school spirit is! In our student body!

### A disagreeable booster

Dear Editor,

It seems to me that Adams lacks school spirit this year. Not only in athletics but in academic areas, too. Each homeroom has to pick three representatives, a Tower representative, a Student Council representative, and an Album representative; but I wonder if these people are really doing their job. All the Tower representatives are good for is getting the paper on Friday morning and some may even forget this. Then there is the Album representative. He collects money and that's all. I doubt if many kids know why they're paying an extra dollar this year. Last of all, there is the Student Council representative. Does he keep his class fully informed? In most cases, probably not. What can we do about this? We can show an interest in our school and our representatives and let them know we are behind them. Then maybe we'll see some changes that will help John Adams.

### An Interested Student

Dear Editor,

"Unhappy" has had his say about the food we get at the cafeteria. Now I'd like mine. It's too bad he doesn't like it. Some days I don't like it either, I don't like the line, the noise, and the overcrowding, but let's be fair. I think the food is darn good (and a lot of it) for 40¢. In fact, sometimes I wonder how they do it for this amount. The pizza is out of this world. There isn't anyplace in town or out of town that can beat it. Thanks for letting me get this off my chest.

**Fair - nuff**

## "PRAVDA" RUMORS SPREADS

The following editorial appeared some time ago in "PRAVDA," the official newspaper of communist Russia. Although the word "pravda" means "truth," this article does not seem to reflect the entire truth about our clubs of Boy Scouts. It does, however, reflect the kind of propaganda that the Russian officials feed Russian citizens who have no way of finding out the real truth.

"A Pravda survey reveals that an organization called the Boy Scouts is turning American youngsters into hostile, war-mongering imperialists.

Every boy who is forced to join the Boy Scouts, is trained to be a master of all forms of espionage, violence, and germ-warfare. He quickly becomes a very dangerous tool of the ruthless United States Government.

At the age of eight or nine, innocent American boys are forcibly headed into an organization known as the Cub Scouts which prepares them for future foul deeds. The Cub Scout dictators force the youth to worship the wolf, one of the most vicious and uncivilized of predatory animals.

After three years of servitude in the Cub Scouts, the boys, now hooligan adolescents are forced to join the older, more corrupt, Boy Scouts.

The most deceitful ritual is the shameful "Court of Honor" where the young warmongers are decorated with so-called "Merit Badges." It is here they receive awards for their work in such insidious fields as "swimming," (underwater demolition and sabotage); "chemistry," (germ and poison gas warfare); "pathfinding," (counter-espionage); "pioneering," (exploitation of under developed nations).

In their efforts to completely control American youth, the Scouts czars have also set up a sister organization called the "Girl Scouts."

This ill conceived group turns girls into unpaid door to door cookie vendors. The proceeds of these sales of course, go directly to the Wall Street master minds of the entire plot."

Editor's note: Thanks to Miss Fiterling for this astonishing article.

Neva Rae Powers

Neva Rae Powers, this week's Eagle of the week, is probably one of the most talented and versatile students at John Adams.

Neva Rae was born in Oakland City, Indiana. She moved to South Bend when she was in seventh grade. After graduating from Edison junior high, Neva came to John Adams.

Neva Rae is a very active member of numerous Adams organizations. She is vice-president and featured twirler with the band and first flutist in both the band and orchestra. In addition, she is a member of the Thespians.

Besides these honors, Neva is also an active member of the concert choir and mixed chorus, National Honor Society, Quill and Scroll, and Eagle Ethics. Much of her time this year has been spent working as advertising manager for the Tower.

Neva Rae's most outstanding achievements are in the field of music. Since the end of her freshman year, Neva has appeared in sixteen musicals and dramatic productions. She has had leading roles in such shows as "The Sound of Music," "Bye Bye Birdie," "Good Morning Miss Dove," "The Boyfriend," "Gypsy," and "Oklahoma!" She is currently working on a leading role in the Adams production of "Ernest in Love".

In addition to shows, Neva Rae was selected last year as a member of the All-State Band. She also won the outstanding junior bandsman award and has received several first division ratings in flute, voice, and baton twirling at the annual NISBOVA and state contests.

Neva's plans for the future include attending the Cincinnati Conservatory of Music, where she will major in musical comedy.

## CLUB NEWS & ACTIVITY

### Red Cross Youth

Red Cross Youth, the high school division of the Red Cross, got off to a quick start this year. At the first meeting, a get-acquainted session for new members, a clothing collection was taken up for a destitute family in Puerto Rico. Candy Striping and other volunteer projects for the South Bend Red Cross are among the service rendered by Red Cross Youth.

Though this is a small club of only fifteen members, a full schedule is being made up for the coming year. A party at the Children's Hospital has been planned for November.

Miss Giannuzzi, the club's new sponsor, expects to reach her expectations through the assistance of Debbie Mathis, president, Karen McClure, vice-president, Sharon Fox, secretary treasurer, and Sue Gregor, program chairman.

### F.T.A.

Most people around school know what the F.T.A. is. For those who think it is the Foundation for Ticklish Ardvarks, let us set you straight. It is also known as the Future Teachers Association, and

it has helped many students who have wished to become teachers someday.

The F.T.A. has many programs including the Christmas Faculty Tea, a donut sale, and they sponsor the Neighborhood Study Help Program here at Adams. One big one they have going now though, is the idea of students helping out teachers.

Any teacher who would like some extra help from a student, is asked to sign a list in the office and you will be supplied with a reliable and eager student.

This will be a wonderful chance for a student to get some practical experience in teaching or being affiliated with a teacher, and thus learning how things are planned and run.

If any teacher is interested in this idea, they are asked to either sign the list in the office, or talk to one of the officers of the Future Teachers Association. They are: Chris Larson, president; Delores Moody, vice president; Joanne Karn, secretary; and Pat Vance, treasurer.

Miss Brambel is the sponsor of F.T.A. and Judy Denslow is the senior board member.

## TOWER Thanks Homeroom 115

In response to a recent request from the TOWER for homerooms to write articles and submit them, thirteen students in Mr. Swartz's homeroom formed a group to do this very thing. The group was formed by the homeroom TOWER representative, Ric Colbert, and they decided to call themselves The 13 Towerites.

This lively group in room 115 holds its meetings on Monday morning at 7:30 and on Wednesday's and Thursday's during homeroom period.

Members of this group are; Ric Colbert, Claudia Bottorff, Terry Collins, Bonnie Brutsfield, Ernest Carter, Sherry Coleman, Denis Burns, Cynthia Bowie, Carol Caron, Linda Coleman, Peggy Brown, Andrea Brown, and Dave Combron.

I know that it's just like mother's; THAT'S WHY I DON'T LIKE IT!!

Published on Friday from September to June except during holiday season by the students of John Adams High School, 808 South Twyckenham Drive, South Bend, Indiana 46615. Telephone: 288-4655.

In discussing various popularity poles taken by the UPI and by private organizations, a question was asked about who participates in these poles. Mr. Schutz replied, "Actually it was three poles and one Hungarian."

Mr. Haynes was directing the Elkhart Symphony of which several students here at Adams are members. He told them all to start at M as in Methuselah. When the horn section began playing all wrong notes, he stopped and asked them if they had begun in the right place. Mr. Ralston, the former band director here at Adams then replied that they had spelled Methuselah wrong.

Why did Debbie Conley have an awfully red and swollen neck after she got out of the back seat of Darla Groth's car after the Marine Band concert? Why? For a logical reason, of course. A yellow bumble bee bit her on the neck. Sure, Deb.

Mr. Koellner was thinking up a ratio problem for his fourth hour chemistry class. He began, "There were four window washers, who washed 72 windows, in three hours." To give the class the other half of the problem he said, "Later there were only three window washers. One window washer is going to quit. His job is a big pane."

Renee Bendit remarked to Rick Cohn during a daily fight in debate class, "Shut up or I'll kick you in the blank!" She then proceeded to clobber him in the leg. Seven years bad luck? No, just a new blackboard for Mr. Aronson. In the second hour geometry class, while students were quietly studying, a loud noise woke them up. When they looked up, their favorite blackboard was lying in pieces on the floor!

The sixth hour English class was studying the poem, "The Shield of Achilles," when Dave Eastman asked Mrs. Larrimer, "Poet or truthful, did you really like this poem?" To this, Mrs. Larrimer cuttingly replied, "Yes I did. It causes the reader to think..."

Mr. Stavros changed from being a government teacher to being a card shark as he demonstrated his one handed cut of Rick Cohn's cards.

## Folk Trio Makes Big Hit

by Laurie Levatin

Dean Darsee, C.R. Heckaman, and Dave Bray are caught blocking the entrance to the GIRLS restroom.

At the back to school assembly the student body and faculty were entertained by three very talented sophomore boys. The boys; C.R. Heckaman, Dave Bray and Dean Darsee agreed to let me interview them for the Tower. As I look back on the whole experience of that half-hour it seemed to be somewhat like going to a Beatle movie and trying very unsuccessfully to figure out the plot. The boys are all very witty and charming. When they first came in Dean asked me to marry him and be a "good Jewish wife". I somehow don't really believe he was serious. I must admit that it was often hard to tell when the boys were joking and when they were serious.

After a couple of minutes in

which I proceeded to clear off a table for us and throw out all the autograph seekers, I suggested that we get down to business. We really never did get down to business, but I was able to get a few questions answered. The boys all said that their first love was music. Dean told me that really they hate each other but they were kept together by their children. I am still trying to figure out that remark!

The boys have written forty-seven songs. Dave said that he writes mostly lyrics and C.R. writes the music. Although most of the music falls into the folk song category, they have written some pop music. They then rattled off a rather impressive list of instruments they play. C.R. plays the guitar, the harmonica, the kazoo and the recorder. Dave plays the guitar, the piano, the recorder and the kazoo. Dean plays the double bass, the banjo, the piano and the guitar. All three of the boys are in Concert Choir. Dave and Dean are basses and C.R. is a tenor. Dean and Dave are active in drama club and they are both in the play "Ernest in Love".

Randy Sayers proved he is a freshman at heart when he accidentally (?) fell off his chair in the cafeteria last week.

Tim Bath brought a laugh to Mr. Schultz's second hour World History class when he informed us that the only way for 300 Spartans to hold off 5000 Persians was to stand on top of a cliff and throw stones at them.

## Cooperative Education Program Broadened

This year the Cooperative Office Education program has been broadened to give the participants a whole year's opportunity in the field of work experience. Cooperative Office Education (C.O.E.) is designed for students who need and can benefit from this on-the-job training combined with their related class in school.

Participants in this year's program are Carol Clemans at the St. Joseph Bank and Trust Company; Michele Dowling, Marlene Mesaros, and Rose Sullivan at the University of Notre Dame; Linda Fore and Carol Zimmer at the First Bank and Trust Company; Diane Helfman at Bob Frame Heating & Plumbing; Kathy Hemig at Edgerton Travel Bureau; and Gail Kronewitter at the Teachers' Credit Union. Also working at Gilbert's is Jan Mishler; at Connecticut Mutual Life Insurance Company is Donna Reed; at Clyde Williams & Associates is Martha Roe; at State Farm Insurance Company is Nancy Smith; at Associates Investment Company is Carolyn Svatos, and at Bendix is Peggy Taylor.

Student who plan to participate in the program must take such courses as typing and introduc-

tion to business during their sophomore year. In the junior year the students must be enrolled in Office Training I and a subject related to the line of work they wish to follow such as shorthand or bookkeeping. In the senior year the students goes to school half a day only and the other half he spends working in an office where he receives a variety of experiences. During the half day in school, the student must take a related office training class and an advanced course in shorthand or bookkeeping. The employer sets his hours for the other half of the day.

Some girls on the program, who are not working, are enrolled in the key punch training class at Cline School. After this training period, they will also be placed on jobs using this skill. Participating in this program are Harriet Bunnell, Rebecca Case, Chris Kubisiak, Georgia McFarland, Vickie Poorman, Rose Szymkowiak, and Karen Williams.

The Cooperative Office Education program seems to be going quite well this year as many of the employers are making plans to continue employing these girls after they have graduated. The Adams coordinator for C.O.E. is Miss Walsh.

# ADAMS CLOSES SEASON AGAINST GOSHEN

## Eagles Hope to Finish with Winning Season

Coach Buczkowski instructs kick-off team.

Tonight at School Field, the John Adams Eagles will close the 1967 football season against the Goshen Redskins. Goshen currently is last in the conference, winless in 6 games with 1 tie. Last year at Goshen, Adams routed the Redskins by a score of 52-28 to wrap up the NIC Championship. With a win tonight, Adams has a chance to finish in the middle of the NIC.

### Washington Roms

On October 20 in what was billed as one of the top games of the year, the John Adams Eagles were crushed by the Washington Panthers, 41-0. The Panthers, who have been known for their tough defense all year, held the Adams offense to a minus 18 yards rushing.

Adams recovered a Washington fumble on their first play from scrimmage following an Adams punt. But after holding the Eagles, the Panthers marched 51 yards with Lucious Turner going over for the score.

Again Adams was stopped after Rick Sayers took the kickoff and raced 43 yards. Washington scored their second touchdown by driving for 80 yards in 11 plays, with Bruce Peterson going over from the three. In the second quarter, Alonzo Lo cry made it 20-0 on a 5 yard run.

Following a second half kickoff, Washington scored again with its explosive offense. Al Watts made it 34-0 on a 5 yard run. Willie Dickinson scored the final Panther tall on a 24 yard run.

### Adams Threat Stopped

Adams' best threat came late in the first half. The Eagles managed to get down to the Washington 4 but a good alert Panther defense held off the attack.

### Eagles End Streak

Adams finally got off on the

right foot again when they defeated the Clay Colonials on a cold October 25th evening. Adams defeated Clay by a score of 26-0, thus ending a four game losing streak.

### Score First Four Times

Adams scored the first four times they had possession of the football. After Clay getting the opening kickoff and failed to advance the ball, Rick Sayers hit Pat Jackson on a 14 yard pass play for the score. This was the only pass attempted by Sayers. The extra point was no good and the score was 6-0. Touchdown No. 2 came in the second period. Ken Ivory advanced the ball to the 1 and then Sayers made the plunge. Sayers also scored the extra point.

For their third score, Mike McGann raced 44 yards down the sidelines for the tally. Paul Shapiro kicked the extra point and Adams led 20-0 going into the half.

Clay kicked off to start the second half, and Sayers returned the ball 23 yards. The Eagles then marched 60 yards in 10 plays with Jackson again scoring, the fourth and final score of the evening.

(continued in column 3)

Good luck to Coach Planutis tonight and the Eagles who will be trying for another winning season.

Congratulations to Coach Ara Parseghian and the Fighting Irish of Notre Dame in defeating arch rivals Michigan State. There was no doubt this year in who has the better team.

Now that the fall sports have almost concluded, the winter sport teams of John Adams have been busy preparing for their openers. We are hoping for another successful year.

Congratulations are in order for first-year coaches, Coach Dan Poe and Coach Bob Saunders, whose teams have finished their 1967 campaigns.

Coach Planutis played the second string in the last half of the third quarter and almost all of the fourth period. The closest Clay got in scoring was to the Adams' 13 yard line before giving the ball up on downs.

Ken Ivory was the workhorse of the team, carrying the ball 12 times. Mike McGann carried the ball 11 times and picked up an even 100 yards rushing.

## Harriers Second in Sectional; Ninth in Regional

### Beagles Beat Riley; Tie LaPorte

On October 17, Coach Buczkowski's B-team played the LaPorte Slicers' reserves to a 6-6 deadlock on a rain soaked field. The game was strictly a defensive battle.

### Fragomeni Tallies

After a scoreless first half, Vince Fragomeni recovered a blocked Slicer punt in the end zone and the Beagles held a 6-0 lead. In the fourth quarter, LaPorte made it 6-6 on a 20 yard pass play. When the game ended, the Slicers were on the Adams' 3 yard line.

### Defeat Riley

The following Monday, the Beagles bounced back with an 18-6 victory over Riley.

Bill Jacks led the Beagle attack with two scores. He scored on runs of 6 and 32 yards. Quarterback Rick Burke was on the 1 foot line when the game ended. The Beagles record now stands at 5-1-2.

### GSC Elects Officers

The Girls Sports Club (GSC) has just elected their new officers for the coming year. They are: President--Daryl Hardy Secretary--Jean Kendall Treasurer--Vernetta Green Social Chairman--Mary Benish Awards-Chairman--Lin Denham Publicity Chairman--Jackie Shieman, Sandy Rees, and Valerie Pascuzzi. Membership Chairman--Vernetta Green.

The John Adams Cross-Country team has been busy in the past couple of weeks. On October 17, the harriers won the South Bend City Meet. Our top five boys finished in the top fifteen.

On October 20, the boys participated in the Sectional. They placed second and qualified their whole team for the Regional. Central's Bob Seals was first with a time of 9:53.

On Saturday, October 28, the harriers finished ninth in the regional. Again, Seals led the individual runners with an excellent time of 9:38. Crown Point won the Regional and Gary Roosevelt came in second.

## Frosh Win; Lose

The John Adams freshmen football team ran into the same trouble as the varsity when they faced the Washington Panthers. The score was 20-0 as the frosh suffered their first loss of the season. The offense just could not seem to get anything started. The Panthers remained undefeated.

The following Thursday, the frosh trounced the LaSalle Lions. Coaches Kraft and Laurita saw their boys win, 31-12. Karl Hardy, the hard driving back, scored three times, all running. Rick Newbill and Dick Madison scored the other 2 as the team won a decisive victory.
